

# VOTE FOR— HIRAM W. JOHNSON A MAN OF THE WEST

### TO THE REPUBLICAN VOTERS OF OREGON:

You are called upon tomorrow (Friday) to vote upon your preference for the Republican nominee for President of the United States.

Your ballot carries the name of SENATOR HIRAM W. JOHNSON, against which name you are urged to mark the cross which will indicate your choice.

HIRAM W. JOHNSON is before you essentially as the candidate who represents above all others the true Americanism which means the protection of the nation from all foreign entanglements and alliances.

HIRAM W. JOHNSON represents the spirit of America exemplified in the broad reaches of the great west, where he was born, and with which every voter of this great State is inspired.

Republicans of Oregon, HIRAM W. JOHNSON stands today, as you well know, the man above all who understands and appreciates the great problems of this western country.

To him, as the Chief Executive of the Nation, you may look with full confidence for the wise, just, able and firm solution of the western problems.

He stands for the development of the west. He stands a bulwark against the aggression of the Asiatic. He stands for the development of natural resources. He stands indorsed by a western man of your own State as a western man, filled with the deepest sympathy and understanding of your problems.

Read what your own UNITED STATES SENATOR CHARLES L. McNARY says of HIRAM W. JOHNSON:

"One Western candidate stands out conspicuously prominent with ripe chances for the nomination.

"Rooted to the West by birth and knowledge of its destiny, I feel justified in stating my preference for a far Western man who by environment and sympathy is of the West and devoted to its development.

"SENATOR HIRAM JOHNSON of California, in my judgment fulfills the measure of our hopes. His personal views on foreign affairs, whether we agree or differ, must yield to the overpowering force of public opinion. I entertain no fear of his boldness. I have an abiding faith in his innate desire to serve the public.

"Under the conditions that prevail I should like to see Oregon join with California and Montana and other Western states in giving SENATOR JOHNSON its support, as that result will demonstrate to the country that the West stands for a man who knows her possibilities of achievement and who will give assistance to her ambitions."

Read what THEODORE ROOSEVELT has said of HIRAM JOHNSON:

In Governor Johnson we have a man whose every word is made good by the deeds he has done.

"A MAN FIT AT THE MOMENT TO BE PRESIDENT OF THE UNITED STATES."

And on the menace that threatens the whole Pacific Coast—the menace of influx of hordes of Asiatics—remember, voters of Oregon, that it was HIRAM W. JOHNSON as Governor of California who enacted the anti-alien land laws of that State,

in the face of the secret threats of the present Democratic administration at Washington when William Jennings Bryan as Secretary of State was sent to California to stop Governor Johnson.

There is no need at this last hour to recite the record of humanitarian legislation which HIRAM W. JOHNSON enacted. It is world-wide in its fame and a part of the most constructive legislation ever put on the statute books of any state.

And in domestic affairs, HIRAM W. JOHNSON has shown a statesmanship unequalled, a vision unlimited, a breadth of sympathy for the common people that stands out a beacon in the progress of human civilization.

To that may be added his stand on the present League of Nations. Make no mistake. Be not misled nor misguided. Here is the truth in HIRAM W. JOHNSON'S OWN WORDS:

You have asked what I said on the league of nations, indicating that my opposition is confined to the present pact. I have made it very plain, in many, many speeches, that I would not yield to the most tender-hearted mother in the land in the desire to prevent war; that I would go any length to try any experiment, short of an experiment which patently meant tying us up with all future wars instead of preventing them. I would welcome an international forum, meeting openly and publicly, not secretly, as this league would meet in Geneva, and where, openly and publicly, the world's affairs could be discussed, and the world's public opinion offered; I would be glad to see our arbitration treaties supplemented and amplified, and The Hague tribunal strengthened.

### ASIATIC SENTIMENT ASKED

### HOOD RIVER LEAGUE REPORTS STAND OF CANDIDATES.

### Opposition to Japanese Ownership of Lands Pronounced by Good Majority.

HOOD RIVER, Or., May 19.—(Special.)—R. E. Scott, secretary of the Anti-Asiatic league, says that letters from candidates in reply to questionnaires seeking their sentiments on the objects of the organization are still coming in at the rate of 15 a day.

"We declare our opposition to ownership of lands by aliens," says Mr. Scott. "Children of parents incapable of naturalization, we believe, should not become citizens by birth here. At present Japanese are not eligible to citizenship, and yet their children automatically become citizens when born on American soil.

"In all of our responses we have received not a single unqualified opposition to our programme. Wallace McCannan of Portland, who is asking to be named delegate at large for the republican party at the Chicago convention, says: 'I have become convinced that there is necessity for a statute denying to aliens ineligible to citizenship the right to own land in Oregon.' Mr. McCannan's answer we have placed in the favorable column."

### DUCK SWALLOWS GOLD

Nuggets Taken From Craw of Fowl Believed to Come From River. ALBANY, Or., May 19.—(Special.)—Three gold nuggets were found in the craw of a duck yesterday by Mrs. J. Q. Rodgers of this city. The duck was a tame one which was raised at the Rodgers home at 1150 Salem road in this city, and must have picked up the gold in that vicinity.

Streets in that part of the city have been gravelled recently with gravel taken from the bed of the Willamette river here and it is probable that is the source of the gold. It is estimated that the nuggets are worth about \$2.

the board of control and left this morning by auto for Spokane to inspect the state highways. He was accompanied by James Allen, state highway commissioner. Governor Hart, speaking before the commercial club, Tuesday bitterly scored the present system, which he said is "making criminals out of boys sent to training schools."

### WORK CLOSES HIGHWAY

While Cut Is Being Made Near Castle Rock, Road Is Closed. KELSO, Wash., May 19.—(Special.)—While a cut is being made north of Castle Rock, it has been found necessary to close the Pacific highway route eight hours each day. The hours when the road is closed to travel are 7:30 to 11:30 A. M. and 12:30 to 4:30 P. M.

Tourists making the Pacific highway trip through Cowlitz county should detour to the west side of the Cowlitz river between Castle Rock and Olney during these hours to avoid delay. In case of heavy rains this cut also will be all but impassable.

### Electricians to Visit City.

On Monday, May 31, Portland is to have as guests for the day a special train of electrical engineers and experts from eastern states, returning homeward from attendance at the meeting of the National Electric Light Association, which was held at Pasadena. There will be 150 in the party, traveling by special train over the Southern Pacific and proceeding eastward via the Northern Pacific.

### OREGON CO-EDS VICTORS

### UNIVERSITY OF WASHINGTON DEFEATED IN DEBATE.

### Eugene Team Upholds Affirmative of Question That American Labor Should Enter Politics.

UNIVERSITY OF OREGON, Eugene, May 19. (Special.)—University of Oregon debaters last night won a 2 to 1 victory over the women's debating team of the University of Washington in a contest in Villard hall on the question, "Resolved, That American labor should support a political party of its own."

The Oregon affirmative team, which debated here, was composed of Elaine Cooper of Portland and Edna Sparling of Victoria, B. C., the same team which defeated the women of Oregon Agricultural college here last Thursday evening on the same subject. The Washington team was made up of Adyness Joy and Florabelle Ludington.

Judges of the contest were B. F. Mulkey, Frank E. Hinton and M. M. Matthiesen, all of Portland.

### Two Men Confused in Rumor.

Because of a similarity in names and occupation, George J. Rose, vice-president of the Oregon Scenic Trips

company, has been confused in current rumor with Emmet W. Rossman, president of the United States Auto Bus company, who committed suicide at his home Monday night. Mr. Rose on this account desires to make public the fact that a confusion in identities led to unfounded rumors of his demise.

### Why Be Skinny?

It's Easy to Be Plump, Popular and Attractive.

It's easy to be plump, popular and attractive instead of being thin, angular and scrawny. Almost invariably the trouble is due to weak nerves and consequent failure to assimilate your food. You may eat heartily, but owing to the lack of nervous energy and impoverished blood you don't get the benefit from the food you eat. All of this can be remedied very quickly by taking with each meal a five-grain tablet of Blood-Iron Phosphate. This quickly strengthens the nervous system, enriches the blood and increases its oxygen carrying power, and in a remarkably short time the average thin, weak, nervous man or woman begins not only to put on flesh, but also begins to look and feel better. Sleep, appetite, strength and endurance are improved, dull eyes become bright and, unless afflicted with some organic complaint, there is no reason why, if you take Blood-Iron Phosphate regularly, you should not soon look and feel much better and many years younger. Deposit \$1.50 today with the Owl Drug Co. or any other druggist for enough Blood-Iron Phosphate for a three weeks' treatment. Use as directed and if at the end of three weeks you aren't delighted go back and get your money. Your druggist, a man you know, is authorized to give it to you.—Adv.
