

ONLY THREE RACES EXPECTED IN LINN

Most of County Offices Settled at Primary.

DUAL NOMINATIONS WON

At Least Six Candidates Chosen by Both Parties—Three Contests Due in November.

ALBANY, Or., May 23.—(Special)—The results of Friday's primaries show that there will be few contests for county offices in Linn county in the general election in November. At least six candidates have been nominated on both the republican and democratic tickets, and it is probable that another has received both nominations. The six named by both parties are L. L. Lewelling, republican, for district attorney; C. M. Kendall, republican, running for re-election as sheriff; J. S. Van Winkle, republican, running for re-election as county assessor; Miss Lenora Powell, democrat, running for re-election as county treasurer; Charles H. Leonard, republican, running for re-election as county surveyor; and Everett C. Fisher, republican, running for re-election as coroner. It is probable that Charles C. Curry, republican nominee for county recorder, has received the democratic nomination also, but a number of names were written in and as some boards did not include these in their unofficial statements it will require the official canvass of the vote to determine definitely. It also is probable that one or more of the republican nominees for representatives has received the democratic nomination also. This only three races are in prospect now for county offices in Linn county in November. These will be as follows: For county clerk, between Ida M. Cummings, present clerk, republican, and Henry Nolan, democrat. For school superintendent, between Ida M. Cummings, present superintendent, republican, and L. L. Gooding, democrat. For county commissioner, between J. J. Burt, present commissioner, republican, and J. D. Isom, democrat. Practically all of the returns of Friday's primaries in Linn county were brought to the courthouse by automobile and this fact contributed in the promptness with which the vote was tabulated. Heretofore many boards, in returning their supplies and returns to the county clerk, have waited for trains and, as it often has been impossible to get satisfactory reports from outlying precincts by telephone complete returns have been delayed.

CHAS. CHILDS RENOMINATED

Dean of House of Representatives Likely to Be Returned Again.

ALBANY, Or., May 23.—(Special)—Charles Childs of Brownsville, dean of the house of representatives of the Oregon legislature in point of continuous service, was renominated in the republican primaries Friday and in all likelihood will represent Linn county at the 1921 session. Mr. Childs is from both the dean of the house in point of age, however, as he is one of the youngest members. He has represented Linn county continuously for four regular sessions. Though he had announced that because of ill health he could not accept a renomination, W. P. Elmore of Brownsville, who has represented Linn county in the state legislature the last three sessions, apparently has been named as one of the democratic nominees. It will take the official canvass of the votes to determine who the democratic nominees for representatives are, but according to the statements, however, Mr. Elmore received more votes for this nomination than any other person. Others who received several votes for the democratic nomination were representative and who may be nominated are W. C. Templeton of Halsey, Charles Childs of Brownsville, and Robert S. Acheson of Shedd. The three successful candidates for the republican nomination are W. C. Templeton of Halsey, D. S. Smith of Shedd, D. S. Smith of Albany, W. L. Jackson of Albany, C. Conley of Brownsville, Arch C. Miller of Albany, B. M. Payne of Lebanon, and George Laubner of Halsey.

DANDRUFF REMOVED BY KERSENE KREAM RELIEVES ECZEMA KERSENE KREAM

The ointment should be applied just before retiring, rubbing in well at the roots of the hair, but care should be taken not to injure the scalp by too brisk massaging. In the morning the KREAM should be removed, using a little soap as is necessary to clean the scalp. This procedure should be followed every other night for three or four treatments. After this a very small portion of the ointment may be applied to the scalp twice a week just to keep it moist and stimulate a natural hair growth. At all drug-gists. 25 and 50 cents.—Adv.

How Ladies Improve Looks!

"Many ladies, old and young, suffer a round of tortures with their nerves, and many are so frail, thin and bloodless that their splendid features are lost sight of, while a vain attempt to conceal the angularity of the figure deceives no one but themselves, and really excites the pity or ridicule of the world," said a well-known largely employed practicing physician, in a recent lecture at Young Men's college. "I do not mind exposing a little secret of mine to all such, as it can do no harm and may result in much happiness and health. It is simply this: Any thin, bloodless, nerve-tortured man or woman can become as fit as the fittest by taking regularly for several months an easily obtained pharmaceutical product known by the profession and pharmacists as three-grain hypo-nucleate tablets, put up in sealed packages with directions for home use."—Adv.
