BONUS ANTI ORGANIZE COMMITTEE FORMED TO START CAMPAIGN.

Aubrey R. Watzek of Portland Is Chosen to Conduct Information Work in Oregon.

Fear that the ex-service men's bonus bill, which is now being considered by congress, will interfere with measures which will benefit disabled ex-service men of the country, has caused a national committee, which will campaign against the passage of the bonus bill to be organized in the United States. Colonel Henry L. Stimson being the national chairman.

Aubrey R. Watzek of Portland, has been appointed chairman of the committee which will attempt to lead the fight against the bonus bill in Oregon.

According to the statement which outlines the aims of the national committee, the disabled men of the country are not greatly benefited by the provisions of the present bill. In the bill all ex-service men receive the same rating and the same bonus. The national committee urges that congress abandon for a time its consideration of this bill and turn its attention to the discovery of some method whereby the disabled men, about 41,000 in number, may be relieved by an adequate compensation.

Also the committee asks that the measure for vocational training of the disabled men be passed immediately. The bonus bill as now drafted would not begin payments until next year and the committee says that many ex-service men who are incapacitated are in straitened circumstances.

Work will be started at once in Oregon to influence citizens to notify their representatives in congress to urge consideration of a bill which will aid the disabled ex-service men of the nation without further delay.

Water Applied For.

SALEM, Or., May 25.—(Special.)—M. L. Kimmel and Clarence J. Green of Glide have filed application with the Oregon department of water for appropriation of water from several small creeks tributary to the North Umpqua river for domestic use in Douglas county.

Ida E. McConnell of Jordan Valley would appropriate water from Scotch creek for the irrigation of 100 acres of land in Malheur county.

and is not affected, but probably 85 per cent of the restaurants and eating places are untended more or less thoroughly. The owners assert that Portland is in no humor for a rise in wages, for they assert that thousands of patrons have been driven away by increased costs and prices.

The demands were originally presented to individual caterers, but these advised the union board that any action taken would be taken by the caterers' association as a body. The demands were then laid before F. E. Beach, secretary, last Saturday, were later considered by the executive board of the caterers, which Monday put the matter back into the hands of the unions.
