

W. O. SHEPARD IS NEW BISHOP FOR OREGON

Assignment to Portland Made at Conference.

EDITOR IS RE-ELECTED

Examination of Vote Shows Failure of Majority in Publication Position; New Ballot Follows.

DES MOINES, Ia., May 23.—Re-election of the editor of the Methodist Review, one of the publications of the Methodist Episcopal church, was necessary at the general conference today. Dr. George Elliott of Detroit was announced elected several days ago. An examination of the vote was said to disclose he did not have a majority, and another ballot was taken today. Dr. Elliott was elected.

Few changes were made in the residences of bishops of the church in the assignments of those officials read today. Among changes were: F. D. Leitch, from Atlanta to Indianapolis; W. O. Shepard, from Wichita, Kan., to Portland, Or.; P. J. McConnell, from Denver to Pittsburgh, and W. F. Thirkield, from New Orleans to Mexico City, Mexico.

The list of assignments of bishops includes: Denver, C. M. East; Chicago, Mont. C. W. Burns; San Francisco, A. W. Leonard.

Residences in foreign lands include: Foochow, China, P. T. Keeney; Peking, China, W. S. Lewis; Shanghai, China, L. J. Birney; Seoul, Korea, Herbert Welch; Manila, P. I., E. Locke; Mexico City, Mexico, W. F. Thirkield.

BISHOP'S CAREER IS VARIED

Climb From First Pastorate in 1886 Is Steady.

Bishop Shepard, who has been assigned to Portland, began his ministerial career in 1886, when he was ordained. Since that time he has climbed steadily in the Methodist church as pastor, district superintendent and bishop. He was made bishop of the Kansas area in 1912.

He succeeds in the Portland area, embracing the conferences of Oregon, Puget Sound and the Columbia river, the late Bishop Matt. S. Hughes. Roughly, his territory includes western Oregon, western Washington and eastern Washington.

He is not an entire stranger to Methodism in Portland, as he presided at the state conference in Portland in 1918. He is expected to reach Oregon in a month to six weeks.

Bishop Shepard is 58 years of age and has passed 34 years in the Methodist ministry. He was born in Whiteside county, Illinois, in 1862. He was educated at Jennings seminary and at DePauw university, attaining his bachelor's degree there in 1885. Other degrees he attained were: Bachelor of sacred theology, DePauw school of theology, 1887; doctor of divinity in 1896 and doctor of laws in 1912, both at DePauw.

His pastorates include 25 years in the Rock river conference, Elgin, Ill.; Rockford, Ill.; Oakland, Ill. He became district superintendent of Chicago conference in 1908, from which he succeeded to the bishopric.

1296 Quarts of Champagne Go Into Sewer.

Liquor in Custody of Sheriff Harbut Is Destroyed by Order of Court.

A 10-pound salmon makes a vicious attack on some fishermen at the Oregon City falls, and if some were trout viciously charges a launch with intent to destroy it.

And if Astoria fishermen get perilously happy breathing in the ozone at the mouth of the Columbia, and if smelt go crazy and crabs act crabber than ever, well, there's a reason.

Fifty-four cases—1296 quarts of the prisoned laughter of the peasant girls of France, of amber fluid, of golden memories of other days; in short, of champagne, made a bubbling exit into the Willamette river yesterday, via the sewer from the Multnomah court house. Hence the wicked trout, hence

the crabby crabs, the savage salmon and the silly smelt. Judge Bean on Monday ordered it. A crowd of mourners was present at the court house at 10 A. M. when the last sad rites were performed, when the cases were smashed and the bottles uncorked releasing their foaming contents.

AUTO THIEF NET DEvised

SECRETARY OF STATE TO KEEP STOLEN CAR RECORD.

Portland Police Officers Investigate Motor Vehicle Books and Formulate System.

SALEM, Or., May 25.—(Special.)—Investigation of the automobile records of the secretary of state's office was made here today by L. V. Jenkins, chief of police; H. A. Thatcher, lieutenant of police; Joe Keefe, investigator for the Pacific Coast Automobile Underwriters conference, and H. P. Coffin, in charge of the motor vehicle registration department, all of Portland, with a view of establishing a system whereby stolen cars may be traced more readily than under the methods of investigation now in effect in the state.

Under the plan proposed here today the police, upon receipt of information that an automobile has been stolen, immediately will send the number of the machine to the secretary of state. Soon or later, the officers say, the person responsible for the theft will sell the car with the result that the innocent purchaser will apply for a license. Upon the receipt of this application the secretary of state will notify the police regarding the ownership of the machine and his location. With this check on the movement of stolen cars the officers declare they will be able to recover them more quickly than under the present system.

It also is the purpose of the officers here today to send out letters to all chiefs of police and sheriffs in the state urging them to take more interest in running down persons responsible for auto thefts.

FARMERS OPENLY DEFIANT

Rebellion Against State Law in Oklahoma Reported.

OKLAHOMA CITY, Okla., May 25.—Governor Robertson today was asked by John A. Whitehurst, president of the state board of agriculture, to declare martial law in a district of Sequoyah county and send state troops there for the protection of state property.

Mr. Whitehurst, who returned today from Sequoyah county after investigating the destruction recently of several cattle dipping vats, declared the farmers in three townships of the county were in "open defiance of the law" relative to dipping cattle for the eradication of ticks.

Changes in Count Expected.

Owing to discrepancies in the figures of the second boards in some of the voting precincts and failure of some of them to report to the Multnomah county clerk, it is anticipated the count on some issues will be materially changed when the official election figures are compiled.

Work of checking them up was begun yesterday in the county clerk's office and efforts will be made to finish the job soon.

Calvin G. Brown Coming.

In connection with the activities of the United States chamber of commerce in promoting better business relationships among the different sec-

tions of the country, Calvin G. Brown, director of the organization department, will pass Friday in Portland. He will confer with officials of the Portland Chamber, which is a member of the national organization, and has given substantial support to the movement for a headquarters building in Washington, D. C. It is expected that Mr. Brown will spend some days in Oregon visiting the principal cities of the state.
