

SECRETARY DANIELS RAPS SENATE BOARD

Old Grudges of Officers Aired, Says Chief.

CHAIRMAN MAKES CHARGE

Letter From Admiral A. M. Knight Withheld From Committee, Virtual Accusation.

WASHINGTON, May 24.—Secretary Daniels accused the senate naval investigating committee today of "digging up ancient history" and "airing the grievances and grudges of disgruntled naval officers." The accusations came during a long series of questions from Chairman Hale regarding disappearance in 1914 from the files of the navy department of a letter from Rear-Admiral Bradley Fiske on naval preparedness.

Mr. Daniels said he had no objection to prolonging the hearings by going back as far as 1914, but said he did not see how the matters referred to had any bearing on the question of the naval conduct of the war. Chairman Hale replied that he was seeking to show that Secretary Daniels was warned by his chief technical adviser that the American navy was not prepared for war previous to the entry of the United States into the war.

Withholding Virtually Charged. The chairman virtually charged Mr. Daniels at another point with having withheld from the senate a letter from Rear Admiral Austin M. Knight, written in August, 1914, advising the immediate withdrawal of American battleships from Mexican waters and the preparation of the navy for possible contingencies resulting from the world war, then just beginning. To support his contention, Senator Hale read a senate resolution asking for communication from the navy general board regarding war preparation of the navy and a reply from Mr. Daniels declaring that he had no communication bearing on the subject.

Secretary Daniels in reply said he had not considered Admiral Knight's letter as an official communication from the general board, had not considered that it related to preparation of the navy but was rather an elaboration of Rear Admiral Fiske's insistence that the battleships in southern waters be brought home at once.

Old Controversy Renewed. Cross examination centered largely today around the old controversy between Secretary Daniels and Rear Admiral Fiske regarding recognition of the navy department and placing responsibility and authority for the entire direction of the navy in the hands of a naval officer.

Characterizing Admiral Fiske as a "monumental egotist," who "bored me to exhaustion," the secretary said the officer was actuated by a desire to "prussianize" the navy. Chairman Hale announced that in view of the gravity of the charges, Admiral Fiske would be given an opportunity to appear later and defend himself.

LOS ANGELES GIRL GAINED 18 POUNDS

Miss Sibyl Mitchell Praises Tanlac for Her Present Splendid Health.

The remarkable reconstructive powers of Tanlac are further like proved in the case of Miss Sibyl Mitchell, a popular young lady, residing with her mother at 2725 Fairmont street, Los Angeles, Cal.

"Before I began taking Tanlac," said Miss Mitchell, "I was in a dreadful state of health and my condition could not possibly have been much worse. I was awfully blue and despondent, and had just given up all hope of ever being well again. But now, after taking only four bottles of Tanlac, I feel as well as I ever did in my life, and have actually gained eighteen pounds in weight."

"Three years ago I suffered a nervous breakdown. Then, on top of this, about a year ago I had a severe attack of the flu, and was left in such a rundown, weakened condition, I was in bed for four months, unable to walk a step. My appetite left me entirely, and I was so weak I could hardly raise my hands, and it was even an effort for me to talk. I was so awful nervous that the least little noise or excitement caused me to tremble like a leaf, and it was utterly impossible for me to get a good night's sleep."

"I had tried many different medicines, but nothing seemed to do me a particle of good. At last a girl friend urged me to try Tanlac, which I did, and I commenced feeling better with the first bottle, as I continued taking it I continued to improve, until now I have a fine appetite, can eat anything I want, and everything agrees with me perfectly. My nerves are as steady as can be, and I sleep so soundly my mother says she can hardly wake me in the morning. I just feel so good and am so full of life my friends say I am like a different girl. It is a real pleasure for me to recommend Tanlac after the wonderful benefits I have received from it."

Tanlac is sold in Portland by the Owl Drug Co.—Adv.

FIRE MENACE DESCRIBED

Carelessness Causes Death of 23,000 Persons, Says Jay Stevens.

"More than 23,000 persons were killed last year through fires that originated because of carelessness," was the statement of Jay Stevens, former fire marshal of Portland, at the weekly luncheon of the Rotary club yesterday at the Benson hotel.

The American people suffer a loss of more than \$100,000,000 annually by fire, 99 per cent of which could be prevented," he added.

L. A. Nelson, representing the West Coast Manufacturers' association, spoke on "The Forest Product Industry" and he urged the club to get behind any agitation aiming at increasing the appropriations for the fighting of timber fires.

John E. Lee followed Mr. Nelson and delivered a tribute to the scenery of this state. Clayton Williams, Rotarians' district governor, explained the extreme difficulty of his job and was roundly sympathized with by the assembled "brothers."

Says Mrs. Staples of Lydia E. Pinkham's Vegetable Compound.

Taunton, Mass.—"I could not eat or sleep for six months, had fainting spells and could not walk without help for three months, caused by female trouble. My cousin, who was a doctor, told me to take Lydia E. Pinkham's Vegetable Compound and it helped me greatly."

Life I used the same remedy. I am seventy years old now and am able to do my own housework and walk one mile to church every Sunday morning, and evening. I am recommending the Vegetable Compound to my friends having the same troubles as I had.

"I am sorry I did not hear of Mayr's Wonderful Remedy a few years ago, as it would have saved me several hundred dollars. Five years ago I suffered from indigestion and severe bloating. I grew worse all the time. My doctor said an operation would be all that could save me. I took a course of Mayr's Wonderful Remedy instead and for the past year have been entirely well."

Here is a method for removing hair or fuzz that is unfeeling and is quite inexpensive: Mix a thick paste with some powdered delatone and water and spread on hairy surface. After 2 or 3 minutes rub it off, wash the skin and every trace of hair has vanished.

COCONUT OIL MAKES A SPLENDID SHAMPOO

If you want to keep hair in good condition be careful what you wash it with. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle and a very harmful Multifid coconut oil shampoo, which is pure and greaseless, is much better than anything else you can use for shampooing, as this can't possibly injure the hair.

You can get Multifid coconut oil shampoo at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.—Adv.
