MILL MADE
HOUSES AND GARAGES.

Section House No. 226-P.
The house pictured above is a portable garage converted into a house. We manufacture this model in three sizes of one, two and three rooms.
The price ranges from $125 to $375, according to size and kind of floor, doors, windows, etc.
A saving feature about our convertible garage homes is that they cannot outlive their usefulness. If you decide to build a more pretentious Ready-Cut home at a later date, you can easily convert, your garage home back into a garage by removing the two four-foot sections at one end and replacing them with a pair of garage doors. Made in several styles. We will erect this house here in Portland or ship it anywhere f. o. b. cars, with complete instructions and plans for erection.

A magnificent home for the most fastidious. One block from two car lines. We will be glad to show you this place by appointment.

RICHMOND.
No. 400. $3300. The owner of this place called us up by phone and said to sell it for $3300. We said that was the big idea, and he replied, "We need the money." So you are getting this for several hundred dollars less than originally asked. This is a snap and won't last.

HYDE PARK.
No. 401. $6500. For this wonderful 7-room up-to-the-minute bungalow, with its large living room 25 feet long, its beautiful sleeping room just off the living room with French windows, the diner and large kitchen with its many built-in cupboards and coolers; everything for convenience. It has hardwood floors and is perfectly finished. A splendid furnace and fireplace to keep you warm; a good cement garage, and one block to the car line. English language is a failure in trying to describe this modern home. Come in and arrange to see it.

PENINSULA.
No. 404. $5150, and only $500 down for this good 7-room house in the future industrial district of Portland; 1 block of car line, 2 blocks of school; lot 6dx109; garage on alley. If you care for the Peninsula district, see this place.

LINCOLN.
No. 410. This is a real home and a splendid buy on East Ninth and Lincoln; 5-room bungalow, nice, full front porch, living room, dining room, kitchen, reception hall, bathroom, sleeping room; full basement, concrete foundation; convenient to the car line and the Highland school. This is a very good buy; in fact, a real bargain. Price $4400, terms.

SUBURBAN HOME—SACRIFICED.
The owner instructs us to cut the price of this fine home $5000 in order to sell it before June 1, and he has legitimate reasons for sacrificing it for $5000 less than it should be built for today. These figures are based on the estimate of one of Portland's best architects. This bungalow is ideal; the bungalow was planned and built by a master; every convenience of the artistic mind and the mechanical hand has been woven into the arrangement of this superb home. The two acres of ground has been most beautifully laid out with drives, walks, shrubbery and flowers; 26 bearing fruit trees of great variety and berries of all kinds, which cannot be excelled. One block off the highway and one block from Lakewood station. We believe this is the most complete home anywhere today. The price, $15,000, is far below the value; with about $5000 for the first payment, liberal terms may be had on the balance. Words cannot describe this place. If you will come to our office we will be glad to go into details with you or take you out and drive you over to see this home. Come soon before it is too late.
