Bond Sale Now Opposed.

Although satisfied that the irrigation of the present unproductive lands of Oregon will add millions of revenue annually to the state's resources, Mr. Cupper is of the opinion that the selling of securities in large amounts for the development of these districts should be stayed for the present, or at least until the bond market recovers sufficiently to insure better returns.

In this connection Mr. Cupper made it plain that he would not discourage the formation of irrigation districts, but would proceed with this preliminary work in order that the bonds would be ready to place on the market at any time when satisfactory bids are received. At present these irrigation bonds are bringing about 55 cents on a dollar, which Mr. Cupper considers far below their actual value.

DUFUR IS BEING BOOMED

Two Sawmills, Box Factory and Lumber Factory Added to Town.

THE DALLES, Or., May 27.—(Special.)—Two sawmills, a box factory and a big lumber yard are the industrial developments which are booming Dufur, 15 miles from this city. All these industries are being established, the Ward sawmill already being in operation. It has a capacity of 10,000 feet a day.

The second mill, which is to have a capacity of about 25,000 feet a day, will turn its saws about June 10. This mill will be located on the McCoy place. The box factory will begin business the latter part of June, according to present plans. The owners propose to make this factory a first-class modern plant.

The lumber yard will be operated in connection with the sawmills and the box factory. It will specialize in construction materials and later may add a ready-cut house department.

Rolls Testify to Migration.

THE DALLES, Or., May 27.—(Special.)—Migratory workers are coming into and leaving this city in squads as evidenced by the numerous blanket rolls at the local baggage room. There were 16 rolls there this morning, some little, some big, but all were wrapped in the well-known style which characterizes itinerant workers' bundles.

New Flight Record Made.

THE DALLES, Or., May 27.—(Special.)—By flying to this city last evening from Portland in 45 minutes, W. O. Butler and Lieutenant R. L. Brown of Yakima, established a new aerial time record between the two cities.

BALDNESS

Starts with the scaling of the scalp, sometimes slight, called dandruff; sometimes abundant, producing thick, grayish-white scales.

Both men and women become afflicted with this trouble, but particularly those between the ages of 20 and 30 years.

Unless careful attention and care are given during the early stage an increased fall of hair is noticed—and baldness is the final result.

FOR BURNING ECZEMA

Apply Zemo, the Clean, Antiseptic Liquid—Easy to Use—Does Not Stain

Greasy salves and ointments should not be applied if good clear skin is wanted. From any druggist for 35c. or \$1.00 for large size, get a bottle of Zemo.

When applied as directed it effectively removes eczema, quickly stops itching, and heals skin troubles, also sores, burns, wounds and chafing. It penetrates, cleanses and soothes. Zemo is a clean, dependable and inexpensive antiseptic liquid. Try it, as we believe nothing you have ever used is as effective and satisfying.
