

GRAIN MARKET ENDS AT PRICE BREAKS

Grain Corporation Authority Ceases in Few Days.

ALL WHEAT DISPOSED OF

Much Flour Still Remains to Be Shipped to Europe—Notice of License Terminations Given.

The United States Grain corporation will close on June 1 as an agency for the maintaining of the guaranteed wheat price.

"We desire to inform all licensees that by proclamation of June 1, 1920, there is terminated all licenses affecting wheat and wheat products and cereals and cereal products."

"In accordance with the terms of the voluntary contracts entered into between the grain corporation and various traders, particularly millers, flour handlers and bakers, this is advice that under the provisions of the grain corporation act of August 10, 1917, the license authority for regular and special reports and other license regulations are terminated as of June 1."

M. H. Houser announced the price of wheat price level in the following bulletin: "In zone 10, for delivery at north Pacific coast ports, the wheat guarantee price, a price of straight flour of the grain corporation, with the usual differentials made to the grain corporation."

CROPS NEED WARMER WEATHER Grain Situation Otherwise is Favorable in Northwest.

The crop situation in the Pacific coast district is reported by the weather bureau as follows: "Arizona—Some replanting done in favorable localities. Alfalfa and barley harvest is progressing."

Small DEMAND FOR FEED GRAINS Corn Bids Reduced One Dollar on Local Board.

The wheat and coarse grain markets were quiet yesterday. Weather was fair, but not very favorable for crop growth. Grain, alfalfa and range growing nicely.
