- REPORT WITHOUT BASIS**  
Governor Gives No Thought to Rumors of Clash.
- SALEM, Or., June 8.—(Special.)—Reports that have gone out from Salem that it would not be surprising if Governor Otcott requested the resignation of Robert A. Booth or Simon Benson, or possibly both, in interest of harmony among the members of the state highway commission, are without foundation. This was made plain today by Governor Otcott, who said he had not given the minor personal differences of Mr. Benson and Mr. Booth any thought. Since it was rumored that the two men had clashed and that the removal of one of the men would not be a surprise to him, he said he would accept applications for the office as they came.
