

# OREGON DEMOCRATS LACK ONE DELEGATE

### John Schuylerman Contender for Position.

### HOLMAN MAY BE CHOICE

State Central Committee to Elect Member of Delegation and Four Alternates.

Death of George Baldwin, delegate-at-large to the democratic national convention, has caused a vacancy in the Oregon delegation which is causing some concern. Under the law there are no alternates elected for delegates. The republicans have circumvented this by offering to seat as alternates the candidates for delegate who ran next to the winners. Nothing like that is to be done by the democrats.

The democratic state central committee will hold a meeting in Portland about a week before the national convention and the committee will elect alternates for the delegates. Also the committee will make a selection to fill the vacancy caused by the death of Mr. Baldwin.

In the democratic primaries the four delegates-at-large elected were Crawford, Hadden, Purdy and Baldwin. The runner-up was candidate V. Holman and John Schuylerman. Mr. Holman has been a regular attendant at democratic conventions for years and years, and this is about the only recognition he has ever been willing to accept at the hands of the party.

Schuylerman is Wilson Manager. Mr. Schuylerman suddenly developed a few weeks ago as the manager of the Wilson League—other members not known—and spread broadcast thousands of leaflets arguing that the way to save the country from all ills and ailments is to elect Mr. Wilson for a third term. Mr. Schuylerman made his campaign as an advocate for the third term, and one of the surprises of the primary election was the size of the vote he received.

When Mr. Baldwin is leaving a vacancy, it was supposed that Mr. Holman was the runner-up and logical successor to the vacancy. Mr. Schuylerman, however, has been asleep at the switch, and he was taking just as keen an interest in that vacancy as anyone. Yesterday Mr. Schuylerman was of the opinion that as the vote now stands he is about 40 votes ahead of Mr. Holman, and as he views it, he is the successor to Mr. Baldwin.

Dr. J. W. Morrow Passes Buck. Someone suggested that Dr. J. W. Morrow, as national committeeman, fill the vacancy by appointment, but the doctor passed the buck to the state committee. It is almost a foregone conclusion that if the state committee has to make a choice between Mr. Holman and Mr. Schuylerman, the former will be elected and the latter will receive the cold shoulder. If the committee disregards the defeated candidates of the primaries who aspired to be delegates, and there were many such, there is no telling who the alternates may be.

National Committeeman Elder of Idaho Passed Through Portland on his way to San Francisco, where he is on the committee of arrangements. He says that Idaho will send a delegation of 15 instead of eight and will give each delegate a one-half vote. The idea is to spread the interest among the party people and to have a larger number to participate in the work of the convention. The Idaho contingent is unopposed, but the Oregon Governor Cox, on the theory that he can carry Ohio and New York and is therefore a very promising candidate.

# MOONSHINERS KILL INDIAN

### SHOTGUN DISCHARGED DURING ROW OVER WHISKY.

Companion Escapes, but Is Lost in Woods Several Hours Before Notifying Authorities.

OLYMPIA, Wash., June 8.—(Special.)—Silas Waterman, an Indian 23 years of age, died at St. Peter's hospital Sunday afternoon from gunshot wounds inflicted by an unidentified man. According to the story told the officers by Waterman's companion, George McCloud, also an Indian, the shooting occurred near Hogum bay late Friday night. McCloud escaped unhurt, but claims to have been able to get word to the sheriff's office late Saturday afternoon. Deputy Sheriff Roy Hoage was sent to investigate. He found the body of the spot described and brought him to the hospital, where he died a few hours later.

Waterman, McCloud and another Indian from the reservation, it appears, went to Hogum bay Wednesday to camp. The two men were found three five-gallon and one ten-gallon keg of moonshine. This they hid and went back to the reservation.

Waterman and McCloud returned Friday to Hogum bay. As they were leaving their buggy two men drove up in a car. The Indians hid until the men left.

Later in the night the Indians were sitting by the side of the road talking when the two men returned. McCloud says one carried a shotgun and the other an automatic revolver. The man with the shotgun covered the Indians and demanded the whereabouts of the whisky. In the argument that followed the shotgun was discharged, tearing away the right side of Waterman's head. McCloud leaped into the brush and made his escape. He says the two men ran away following the shooting.

### MILLS ARE GETTING CARS

Shortage Relieved and Work Once More Going Ahead.

MARSHFIELD, Or., June 8.—(Special.)—The C. A. Smith Bay City mill opened Monday with a full complement of men. One side of the mill had been idle for a number of days because the company's camps could not supply sufficient logs. The car shortage was relieved in Coos county in the past few days and the mill reported cars coming to them in reasonable numbers.

The Johnson mill, which had been closed down for two weeks, resumed at Coquille and several others are operating also. The several miles of log shortage, the North Bend mill and Lumber company received refrigerator cars from the Southern Pacific in which to ship lumber.

# EVERYWOMAN

Violet Heming, as she appears in a moment from the allegorical spectacle, "Everywoman," showing at the Columbia theater.

**TODAY'S FILM FEATURES.**  
Rivoli—Shackleton's Dash to the South Pole.  
Majestic—Clara Kimball Young, "For the Soul of Beasts."  
Peoples—Elsie Hammerstein, "The Woman Game."  
Liberty—Alfred Stewart, "The Fighting Shepherdess."  
Columbia—Violet Heming, "Everywoman."  
Star—Tom Mix, "The Feud."  
Circle—Elsie Hammerstein, "Greater than Fame."  
Globe—Bessie Love, "Cupid Forecloses."

"EVERYWOMAN," the Columbia theater attraction, is unusual in three respects: It is an allegory, its cast contains the names of more stars than probably any other motion picture, and it is a life-time purchase we are not going to jeopardize our investment for the sake of a few dollars. Especially if the difference between that watch at that price and this watch at this price will mean the difference between constant repair bills, uncertain time-keeping and a watch that is faithful in its day-in and year-out dependable service.

So, when we buy a watch, let us remember that it is not always what we see on the outside but the unseen things in the "works" that really count. And common sense tells us that if a watch good enough to challenge the world in the quality of its mechanism and the hidden superiorities of its exclusive inventions, costs more than a watch of so-called similar grade, we should not hesitate which watch is the one for us to own.

THE Waltham Watch is the only watch in the world that has taken the mystery out of the "works" of a watch. But the Waltham Watch has done infinitely more than that, it has proved beyond argument that this American built timepiece excels in advantages to every owner because of the advances in watch-making embraced in its construction.

Some of these inventions and practices are remarkable. But every one of them protects the owner of a Waltham Watch against big repair bills and insures those durable services for which the Waltham Watch is internationally famous.

AND the question of "Upkeep" should always be considered. The first cost of a watch has much to do with its final cost. We would need volumes if we published the record performances of Waltham Watches that have come to us in many thousands of testimonial letters from all over the world. Watches that have kept time for years save for occasional cleaning and oiling and are still faithfully ticking time for their proud owners.

WALTHAM THE WORLD'S WATCH OVER TIME

There is a beautiful Booklet for you—telling how the Waltham Watch is made. Write for it today to the Waltham Watch Company, Waltham, Mass.

In this series of advertisements the following Waltham Watches will be featured:

- 18 Ligne (Ladies).....\$60 and up
- Men's Opera.....\$85 and up
- 7-1/2 Ligne (Ladies).....\$100 to \$1500 or more, depending upon the case
- Colonial A (Men's).....\$200 to \$250 or more, depending upon the case
- Jewel Series (Ladies).....\$40 and up
- Colonial Series Riverside (Men's).....\$115 and up
- Vanguard Railroad Watch.....\$75 and up
- Cadet D. S. Gold Back (Strap).....\$27.50 and up
- Colonial Royal (Men's).....\$75 and up
- No. 1400 (Men's).....\$60 and up

Waltham Colonial A. Extremely tight at no sacrifice of accuracy. Maximum movement, 21 jewels. Riverside Movement, 18 jewels. \$200 to \$250 or more depending upon the case.

James Liddy, well known on the dramatic and musical comedy stage, has been engaged to play opposite Anne Corwin in "The Girl in the Rain," now being directed by Rollin Sturgeon.

James Davis, recently of the Mack Sennett staff of comedy directors, has been engaged to make the future "Brownie" features. Brownie is the wonder dog of the Century comedies, whose latest fun product, "The Tale of a Dog," has just been completed.

So many of their intimate friends have asked Priscilla Dean, star of "The Virgin of Stamboul" and her recently acquired husband, her leading man in that production, for their pictures, that the two had themselves photographed as bride and groom in the style popular in the east about 20 years ago.

Lillian Rich, who came from the London music halls some eight months ago to make her screen debut, has been given the leading feminine role in "The Red Lane," opposite Frank Maya. Miss Rich has already appeared with Mary MacLaren in "The Pointing Finger," and with Francis Billington in "The Day She Paid."

J. Frank Glendon, who is playing the leading male role in support of Clara Kimball Young in "Mid-Chancellor," is the father of a very entertaining and intelligent little girl. Several days ago at the breakfast table the question of national politics was brought up and Glendon's little daughter, after listening for some time to the conversation, suddenly burst forth the question, "Daddy, are you a republican or a profiteer?" In which there is considerable food for thought.

Another well-known Wall street man took his place in the ranks of the financiers who have recently entered the motion picture producing field with the election of William S. Silkworth, president of the Consolidated Stock Exchange of New York, to the office of treasurer of Hommer Superior Productions, Inc., at the first business meeting of that organization.

The president is Edward Hemmer, for ten years manager of the Mary Pickford organization and founder of the Jack Pickford company.

The production plans contemplate the making of at least four feature pictures a year. Studios at College Point, L. I. have been leased by the company.

Mr. and Mrs. Byerlee are both graduates this year of the Eugene Bible university. Mr. Byerlee has been president of the local typographical union, having paid his way through the Bible school by working in the local printing plants. The members of the union have given him a substantial sum of money as an expression of their regard and well wishes.

Mr. and Mrs. Byerlee will be stationed at the college for a second year, where the Christian church conducts a mission. The church has an industrial school there and a printing plant is maintained. He will have charge of this plant, while Mrs. Byerlee will teach in the school.

Miss Margaret Willis, graduate of the Jefferson high school, Portland, for two years with the Umatilla schools, has been elected to a position in the Hermiston schools.

Portland Girl Elected Teacher. UMATILLA, Or., June 8.—(Special.)

Miss Margaret Willis, graduate of the Jefferson high school, Portland, for two years with the Umatilla schools, has been elected to a position in the Hermiston schools.

Soap should be used very carefully if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle and ruins it.

The best thing for steady use is Multisided coconut oil shampoo (which is pure and greaseless) and is better than anything else you can use.

One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly and it leaves the scalp soft and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get Multisided coconut oil shampoo at any pharmacy. It's very cheap and a few ounces will supply every member of the family for months.—Adv.

Beauty in a Complexion IN TEN DAYS Nadinol Cream The Unequaled Beautifier Used and Endorsed By Thousands Guaranteed to remove tan, freckles, pimples, liver-spots, etc. Extreme cases 20 days. Leaves the skin clear, soft, healthy. At leading toilet counters. If they haven't it, by mail, two sizes, 60c. and \$1.20. NATIONAL TOILET CO., Paris, Tenn. Sold by Skidmore Drug Co. and other toilet counters. Read The Oregonian classified ads.

# What "Upkeep" Means to Your Watch

WHENEVER an intelligent man or woman wishes to buy anything it is a natural desire to purchase the best of its kind.

We all want fine furniture in our homes; fine china, silverware, clothes; we desire a fine automobile or to own a fine watch, or whatever we have set our hearts upon possessing.

We are never really satisfied with a lower standard than we have conceived. When the time comes that we can afford it, we invariably see to it that what we have desired becomes ours.

THIS worthy ambition is particularly true of a watch. When we go to our dealer's to make what should be an eventful, life-time purchase we are not going to jeopardize our investment for the sake of a few dollars. Especially if the difference between that watch at that price and this watch at this price will mean the difference between constant repair bills, uncertain time-keeping and a watch that is faithful in its day-in and year-out dependable service.

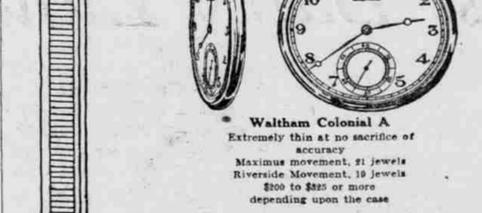

So, when we buy a watch, let us remember that it is not always what we see on the outside but the unseen things in the "works" that really count. And common sense tells us that if a watch good enough to challenge the world in the quality of its mechanism and the hidden superiorities of its exclusive inventions, costs more than a watch of so-called similar grade, we should not hesitate which watch is the one for us to own.

# PRINTER GOES TO AFRICA

Member of Typographical Union Turns Missionary.

EUGENE, Or., June 8.—(Special.)—David A. Byerlee, who some time ago announced that he and his wife would take up missionary work in Congo, Africa, left yesterday for the east, where he will join Mrs. Byerlee and will sail soon for his new field of labor.

Mr. and Mrs. Byerlee are both graduates this year of the Eugene Bible university. Mr. Byerlee has been president of the local typographical union, having paid his way through the Bible school by working in the local printing plants. The members of the union have given him a substantial sum of money as an expression of their regard and well wishes.

# SECOND CHANGE REFUSED

Petition of Mike Sheehan Denied by Supreme Court.

OLYMPIA, Wash., June 8.—(Special.)—The supreme court today denied the petition of Mike Sheehan, one of the defendants charged with murder in the first degree in connection with the killing of Arthur McElfresh on armistice day at Centralia, November 11, 1919, for a writ of mandate to compel Judge Back of Clarke county to grant the defendant a second change of venue.

On motion of the defendant filed April 25, alleging prejudice on the part of Judge Reynolds of the superior court, Judge Back was requested to take the case. On May 4 a second application was filed asking for another change of venue. In support of this an affidavit was filed alleging prejudice on the part of Judge Back

against the attorney for Sheehan. This motion being denied, petition for a writ of mandate was filed in the supreme court.

The court holds that when the legislature provided that only one change of venue should be granted a defendant it did not intend that the provision should be evaded by permitting one change of venue on an affidavit alleging prejudice against the defendant and a second change on an affidavit alleging prejudice against the defendant's attorney.

# APPLE POOLS ARE CLOSED

Duckwall Bros., Odell, to Increase Shipping Business.

HOOD RIVER, Or., June 8.—(Special.)—J. C. Duckwall of Duckwall Bros., apple growers and shippers of Odell, has announced the closing of pools on all varieties of apples except Newtowns. Mr. Duckwall reports the following average prices for all grades and sizes: Jonathans, \$1.80; Ortleyes, \$1.88, and Spittenburgs, \$2.20. Mr. Duckwall reports that he will make a handling charge of 15 cents per box.

Mr. Duckwall, whose brother resides in Indianapolis, says he will expand his business the coming season. Joseph Novacheck, architect, has completed drawings for a tile, frost-proof addition, 26 by 54 feet to their Odell shipping station. H. J. Frederick will build the structure. The concern will have a storage capacity of 20 cars.

# NORTH BEND MEN FREED

Liquor Results in Acquittal.

NORTH BEND, Or., June 8.—(Special.)—Albert Davis, proprietor of the Club cigar store here, and James Gafaney, a local plumber, who were arrested and placed under \$250 bond last week on a charge of bringing moonshine whisky into the city, were tried here before a jury yesterday and found not guilty.

The case involved the seizure of a barrel of homemade whisky concealed in the brush on a vacant lot which the police officers alleged was brought to the city by the defendants in a gasoline launch during the early hours of the morning.

# NEWPORT ASKS RELIEF

METHOD OF HANDLING PASSENGERS DISPLEASES.

Request to Be Submitted to Public Service Commission by City Council in Few Days.

NEWPORT, Or., June 8.—(Special.)—The public service commission of Oregon will be asked to visit Yaquina station and inspect the present method employed by the Southern Pacific Railroad company in transferring passengers, mail, express and baggage.

The matter will be taken up at a meeting of Newport city council Wednesday night and the request to the commission will come from the city of Newport following this meeting.

While the railroad was under the control of the United States railroad administration, J. P. O'Brien, representing the government, and before since, general manager of the Southern Pacific northwest lines, visited Yaquina and advised a body of representative business men to take up the matter of extending the railroad service from Yaquina to Newport with Southern Pacific officials at San Francisco.

In no other place is the gateway to any community arranged as is Yaquina. Passengers for Newport, Agate Beach, Otter Rocks, Seal Rocks, Waldport, Tidewater and Yachats must leave the one daily train and walk to a place in front of it with no cover overhead to a dock, where they board the ferryboat Newport.

In former days there were two trains and the period of waiting was much less. In addition the engine went along to where a fish house now stands, and the baggage, etc., was

shot down a chute and onto the ferryboat. The piling rotted away and the approach was shortened.

charge of this plant, while Mrs. Byerlee will teach in the school.

Miss Margaret Willis, graduate of the Jefferson high school, Portland, for two years with the Umatilla schools, has been elected to a position in the Hermiston schools.
