SAN FRANCISCO, June 9 .- (Spe eial.)—It's all wrong to say the Oaks have no friends. One man sat back of first base today and gave the Oaks \$5 for a hit and then tossed in another \$5 for a run. But still the Oaks could not win. Portland beat them 4 to 3 in a well-played game because they bunched hits on Kremer in the early innings and the Caks could not overcome the lead. Kremer was hit harder than the score shows, for several line drives were converted into outs by active work in the field.

The audience was small and select The audience was small and select and therefore the man with the money to throw away on the Oaks attracted considerable attention. He paid Billy Hamilton \$5 for the hit he made in the third and then tossed him an other five when he scored. That did not cause much comment for it was figured that the free spending gent figured that the free spending gent would not have to cough up much dough if he confined himself to payng Hamilton for his safe hits. But later it developed that the liberal one was not playing favorites for he paid others for their hits. The man

Money Ruins Chances. Ray Kremer got on first by way of a hit in the fifth and he was so flustered picking up his five spot that he allowed himself to be doubled off first on Lane's pop fly to Kingdon. An out or two or even a run or two in Kremer's young life meant nothin Kremer's young life meant nothing just then, when five-dollar bills were being jossed from the stand. Harry Krause warmed up pretty much all afternoon but evidently Del Howard did not find a favorable spot to insert him in the game for he let Kremer go the whole distance. When the Portland gang is hitting they look good, for the hits yesterday were right on the well-known pick and traveled on a line like shots out of a rifle. It took good fielding
