

JOHNSTONE CALLS FOR OREGON POLL

Accuracy of First Ballot Is Challenged.

MCCAMANT VOTES WOOD

Eight Ballots From State Delegation Given for Johnson, 2 to Wood on Third Ballot.

COLISEUM, Chicago, June 11.—In spite of the sweltering temperature inside the convention hall, the delegates began to pile into their places a full half hour before today's session was to begin.

At 9:30, when the convention should have been called to order, there still were great patches of empty seats in the delegates' section, and the platform was almost empty.

When 9:45 passed the delegates' space was pretty well filled, but not a single one of their first line leaders had put in his appearance.

At 10:06 o'clock the secretary began calling the roll of states for nominations. Alabama passed and Arizona yielded to Kansas for the nomination of General Wood by Governor Henry Allen.

Candidates Are Absent. For the first time since the convention began, candidates for the presidency were missing from the floor.

At a few minutes to 10 heat, music and conversation still constituted the sum total of the convention's business.

Two minutes before 10 Senator Lodge, the chairman, and Will Hays appeared on the platform, but the milling delegates hardly noticed them.

Yesterday he had nearly smashed the chair table top. Rev. John Meyer of Chicago offered prayer.

By a rising vote the convention then adopted a resolution offered by Alexander P. Moore of Pittsburg expressing "inexpressible loss" over the death of Theodore Roosevelt.

Nominating Speeches Made. Then came the nominating speeches for the 11 candidates, accompanied in several instances by protracted and noisy demonstrations.

In the midst of the rollcall on the first ballot, Hamilton Johnstone of Portland challenged the correctness of the reporting of the Oregon delegation and called for a poll.

The poll showed that Judge Wallace McCamant of Portland voted for Wood, although the delegation from the state was instructed for Senator Johnson.

When Oregon was reached in the third ballot eight votes were given for Johnson and one for Wood.

Four Ballots Fail. (Continued From First Page.) consented not to oppose an adjournment motion.

There is nothing to indicate that the Johnson and Lowden forces were working together by design, but adjournment was obtained through their joint efforts.

The Wood forces were bitterly disappointed, as they believed they could continue to gain until their total would climb over the 400 mark.

Bad Strategy Charged. The Wood forces are saying tonight that there were more negative votes than affirmative, but they admitted that the latter made more noise and that Mr. Lodge's procedure was justified in ruling that adjournment had been ordered.

The adjournment of the convention only transferred the battle from the floor of the Coliseum to the quiet conference rooms downtown, where the leaders worked all night turning their battle fronts, hoping to bring about a realignment of forces and turn the tide in their own direction at the session tomorrow.

Unless their efforts fail, the nominee is being actually made tonight, but whether it will be decided to put over one of the three leaders or stage a deadlock must await the decision.

Mr. Perkins Improving. Recovery of Financier From Nervous Breakdown Expected.

NEW YORK, June 11.—The early improvement in the recovery of George W. Perkins, New York financier who has been suffering from a serious nervous ailment since his return from France a number of months ago, may reasonably be expected, his doctors announced in a bulletin communique issued at his office here today.

Mr. Perkins' breakdown came from overwork, the bulletin stated, and complete rest and seclusion are required for successful treatment of his condition. He is now at a sanitarium at Stamford, Conn., it was stated.

Newspaper Raises Price. New York Morning Daily Goes Up From Two Cents to Three.

NEW YORK, June 11.—The New York American announced tonight that beginning Monday the price of the daily paper will be increased from 2 to 3 cents.

The American is the first morning paper here to increase its price to 3 cents.

DETAILED VOTE ON FOUR BALLOTS AT CHICAGO CONVENTION

Table with columns for STATES, FIRST BALLOT, SECOND BALLOT, THIRD BALLOT, and FOURTH BALLOT. Rows list states from Ala. to Puerto R. and include totals for each ballot.

First ballot.—Warren of Michigan one vote from Texas. 1 Not voting one.

SUPER-TAX BILL IS LAW

BUENOS AIRES CHAMBER TO IMPOSE BIG TOLL.

European Governments Strenuously Object to Tax on Contracted Wheat.

BUENOS AIRES, June 11.—The bill for a super-tax of four pesos per hundred kilograms of wheat and five pesos per hundred kilograms of flour became a law this afternoon when the senate approved the measure as amended by the chamber of deputies.

Although the tax on wheat imposed by the bill is one peso less than had been proposed by President Frigoyan, it is announced he had accepted the measure and will promulgate the law Friday.

Enactment of the wheat law means, if the estimated exportable surplus of 1,200,000 tons of wheat is all exported, that the government would receive \$20,000,000 would have to be paid.

Virtually the entire exportable wheat was contracted for by Great Britain, France and Italy. Notwithstanding denials from Paris that diplomatic representations had been made on behalf of France with respect to the wheat situation, it is

FOUR SUICIDES REPORTED

TRAGEDIES TAKE PLACE ON ARMY TRANSPORT. Mount Vernon on Way to Norfolk With Czechoslovak Troops and German Prisoners.

WASHINGTON, June 11.—Four persons on board the Army transport Mount Vernon committed suicide at sea today, including a 250-bed transport which is carrying Czechoslovak troops who are being taken to the training camp at Siberia, 900 German war prisoners under a United States army guard and 250 women and children. She is heading for Norfolk and is due there tomorrow.

The Czechoslovak legation here has appealed to the American Red Cross for aid when the ship arrives. Nurses in and around Norfolk are being called to meet the troops and others are held in readiness here to go to Norfolk should they be needed.

The legation later explained that the long and monotonous voyage from Vladivostok had greatly lowered the morale of the returning troops and that the Red Cross, Y. M. C. A. and Y. W. C. A. had been asked to do all they could to cheer them aboard when the vessel reached Norfolk. The Antigone is accompanying the disabled ship.

RED CROSS UNDER FIRE. Workers Stray Into Bolshevik Lines Near Kiev Bridgehead.

WARSAW, June 11.—Word has been received here that American Red Cross workers who strayed into the bolshevik lines near the Kiev bridgehead recently were subject to shell fire. All in the party escaped injury. Medical supplies were being taken to the dressing stations when the shelling occurred.

The party had made the trip the previous day, but during the night, unknown to the Americans, the outposts were withdrawn a few kilometers. They did not realize their position until the bolsheviks began firing.

JOHNSON LOSING OREGON. (Continued From First Page.) was to have broken on that ballot, but for some reason the vote was cast solidly for Johnson a before.

Before the balloting goes far tomorrow it is expected that Oregon will be casting nine votes for Wood, E. J. Adams, John L. Rand, Walter L. Toole, Jr., and Conrad P. Olsen joining with those who left Hiram Johnson on the last ballot today.

The tenth delegate, Hamilton Johnstone, is uncertain, as it appears not to have confided his intentions to any of his colleagues.

Representative Summers on Way. OREGONIAN NEWS BUREAU, Washington, June 11.—Representative J. W. Summers of Walla Walla, who is on his way west, accompanied by his family, in an automobile, will arrive

at Walla Walla some time between June 21 and 30.

He and his son have engaged a stateroom on the army transport which is to take a party of congressmen on a tour of the orient after the San Francisco convention. Representative Summers' office in Washington will be kept open all the summer with his secretary in charge.

JOHNSON CHANCES FADE. (Continued From First Page.) him. He will have more votes tomorrow probably than he had today, but where he is to get the 180 odd more necessary for victory, it is not at all easy to see. The situation is exactly the same for Lowden, who is more than 200 from the goal.

The deadlock everybody has been predicting is here or in plain sight. It is likely to be tomorrow. The dark horses are champing at their bits.

There's something about them you'll like. Twenty to the package. Tareyton London Cigarettes.
