DEMONSTRATOR, RUN

3000 MILES.

Did you ever see a Chandler demonstrator offered for sale on this basis?

3000 MILES FOR A CHANDLER

JUST TUNEE IT UP.

The demonstrators that we have in mervice now are two years old and have run in the neighborhood of 20,000 miles.

Owing to the scarcity of cars we will, in all likelihood, continue them in service for another 20,000 miles. If through any reason these cars should be abused, we run them through our shop on the rebuilding plan, just as we have the cars listed below, and on the strength of their performance with proof of Chandler quality evidenced by the mileage showing these 20,000-mile demonstrators

REBUILT CARS

have increased our factory allotment 100 per cent in the last year and have created a demand for Chandler cars and Chandler quality which has been very difficult for us to keep pace with. We are about even now on new car deliveries but have kept in reserve to supply the past shortage the rebuilt Chandlers listed below, some of them of very low mileage. We stand behind these cars with a full guaratee the same as the factory furnishes on a new car. If you have a friend who is a mechanic, bring him up. Have him look them over. MOST MECHANICS FAVOR THE CHANDLER CAR and we feel that you will find something that suits you. HONESTLY PRICED, THOROUGHLY REBUILT.

Remember, we make terms to sultlong-time terms if you wish—and we guarantee the quality.
