Anma Q. Nilsson, the wonderful motion-picture actress, who is writing a series of articles on beauty secrets soon to appear in this paper, says that a beautiful rosy-white skin and complexion is the very best asset any girl or woman can have. She further states that the best and quickest way to obtain this is to use a simple toilet presuration, familiar to every well-known actress. It is called derwillo and can be obtained at the toilet counter of any up-to-date drug or department store. This wonderful derwillo is used by over five hundred thousand discriminating girls and women throughout the country and is rapidly becoming a regular fad. It takes the place of face powder, stays on better and its use cannot be detected. Perspiration does not affect if and it will not rub off on clothing. Derwillo is especially recommended for dark, sallow, rough skin, freckles, tan, wrinkles and many other facial blemishes. Be sure to read Miss Nisson's next article. In the meantime get derwillo and try it today, you are sure to be delighted.—Adv.

It furnishes you the required nourishment in concentrated form. Try it today for lunch and come back to the office refreshed and ready to tackle that pile of work that's waiting.

Borden's Malted Milk is pure and palatable. It's pure because it is made by the Borden Company who employ every possible sanitary safeguard to insure purity in their milk products. It's palatable because the ingredients are of a superior grade and are processed so that all the malty "tang" and excessive sweetness that people dislike are eliminated.

When you're shopping or catching a train, when you've missed one and have to meet an appointment, whenever you're rushed or when you're not, Borden's Malted Milk always hits the spot. Ask for Borden's-it's actually "malted".
