

**PAY FOR NATIONAL GUARD INCREASED**

Changes in Law to Help Enlistments in Oregon.

**MINIMUM IS REDUCED**

Officers Will Not Draw Full Pay Unless 30 Men Attend Every Drill, but Men Get Theirs.

SALEM, Or., June 18.—(Special.)—Sweeping changes in the regulations of the national guard have resulted from the new law approved June 3, according to information received today by George A. White, adjutant-general of the state. More pay and allowances for officers and men, less stringent regulations for keeping up the numerical strength of units, more pay while at camps and schools and more support and co-operation from the federal government. Those are the outstanding features of the new law, which goes into effect July 1.

Hereafter men who attend army drills will be paid, regardless of the percentage of attendance, it is pointed out. In the past men attending army drills received pay only in the event 50 per cent of the entire strength was present. If a man missed a single drill during the first half of the year he was disqualified for pay. That is entirely corrected except in the case of the officers, who do not get paid unless they have 50 per cent of 50 men, or 30 men, present for each drill.

**Pay Scale Increased.**  
The pay scale is boosted up all along the line. Enlisted men receive from \$1 up to \$2.50 for each drill of an hour and a half. They also receive 25 per cent increase in pay for attendance at camp. Captains commanding companies get a substantial increase, the compensation for army pay being \$60 a month in addition to the pay given them at schools and camps where they receive the pay of the regular army.

Fifty men will be accepted by the government hereafter as the minimum strength of a unit. This, Colonel White points out, will enable communities to organize and maintain organizations where in the past it has been found impossible to secure 50 or 100 men. While the term of enlistment remains at three years, all men who served in the recent war are accepted for one-year enlistment periods.

**Enlistment to Be Helped.**  
"The new law will be a great stimulus to enlist in the national guard," said Mr. White. "It will bring many thousands of dollars into the state in increased payrolls and what is more important it will smooth the path for the civilians who are seeking a military education in the national guard service."  
"Now that the country has fallen back upon the national guard as the backbone of national defense it is high time that existing conditions of legislation affecting the guard was made operative. I believe the problem of keeping companies up to proper strength will soon be solved."

**MORTGAGE TO BE BURNED**

Vancouver Methodists to Burn Evidence of 10-Year-Old Debt.

VANCOUVER, Wash., June 18.—(Special.)—The mortgage on the First Methodist church here, representing a debt created 10 years ago, will be burned following the church services Sunday morning. The debt was contracted when extensive improvements were made in the building at Ninth and Columbia streets.

The First Methodist church was built here in 1910 on a donated land claim of Mrs. Esther Short, wife of the first American settler here. The present building was constructed in 1912.

There will be a balance of several hundred dollars in the church treasury after paying current expenses, paying off the mortgage and contributing about \$5000 during the past year to outside objects.

**PYTHIANS DEDICATE HOME**

600 Lodgemen Throng Hood River for Ceremonial.

HOOD RIVER, Or., June 18.—(Special.)—With visiting lodgemen here from neighboring counties and Portland, swelling the throng of Pythians to 600, Waukena lodge, Knights of Pythias, tonight formally dedicated a new home. A delegation of grand lodge officials participated in the ceremonies. Both the new Pythian building and Oddfellows' hall were used for the attendant entertainment. Strawberries and cream and coffee were served.

The new building, three stories high, was purchased by the lodge the first of the year.

**Landings to Be Marked.**

SALEM, Or., June 18.—(Special.)—F. A. Elliott, state forester, today sent out letters to all forest protection agencies in Oregon advising them to mark all lookout points prior to the launching of the airplane patrol service on June 25. There are more than 90 of these lookouts in the timbered districts of the state, according to Mr. Elliott, all of which must be so marked as to be visible from the planes.

**Corvallis to Get \$300,000 Hotel.**

SALEM, Or., June 18.—(Special.)—Corvallis is to have a new hotel costing \$300,000, according to articles of incorporation filed in the state corporation department here today. The incorporators are Robert Johnson, Walter Kline, E. E. Wilson, J. L. Galt and C. T. Laurentzen. The Hotel Benton corporation is the name of the company organized to erect the hotel.

**DETROIT GROWS RAPIDLY**

CITY NOW FOURTH LARGEST IN UNITED STATES.

Population Now 993,739, an Increase of 527,973, or 113.4 Per Cent, in Last Ten Years.

WASHINGTON, June 18.—Detroit, with a numerical increase and rate of growth larger than Chicago's, and second only to New York's during the last ten years, is now fourth largest city of the country, displacing St. Louis and outranking Boston, Cleveland, Baltimore and Pittsburgh, all of which were larger than the Michigan city ten years ago. Detroit's 1920 population, announced today by the census bureau, is 993,739, an increase of 527,973, or 113.4 per cent. Other populations announced were: Lynchburg, Va., 29,956; increase 462, or 1.6 per cent. Cleveland, 196,858; increase 236,173, or 42.1 per cent.

Detroit is the only city of 100,000 or more which has more than doubled its population in the last ten years. Cleveland, also with a large increase, has outstripped St. Louis and Boston and takes rank as fifth largest city of the United States. Its increase during the last ten years has been exceeded only by New York, Chicago, Detroit and Los Angeles.

With announcement of the populations of Cleveland and Detroit, the definite ranking of the country's 18 largest cities has been established. New York and Chicago remain first and second largest cities, respectively. Philadelphia is the only one of the 18 whose 1920 population has not been announced, but it is not likely that the Pennsylvania city's rank as third largest in the country will be changed. Detroit has jumped into

**PERSIAN ACTION ROILS**

LEAGUE DECISION PROVOKES STORM OF CRITICISM.

London Times Characterises Ruling as "Pompous Farce" Is Lead Editorial.

LONDON, June 18.—Sharp criticism of the decision reached by the council of the league of nations to postpone action on the plea of Persia for defense against the bolshevik is expressed in some quarters here and one section of the press openly attacks the council for its action.

Some of those present at the meeting of the council, it is declared, were given a bad impression, and it is understood Prince Mirza Firouz, Persian foreign minister, though outwardly acquiescing, was considerably disappointed. The Times' captioned its editorial on

**WOMAN TO STAND TRIAL**

Police Chief of Hillsborough, Cal., Here for Anita Gabriel.

Claude M. Hirschey, chief of police in Hillsborough, Cal., arrived in Portland yesterday to take back Anita Gabriel, alias Anna Hutchinson, wanted there on a charge of having stolen goods aggregating \$10,000 from the home of an attorney, Gerald Howe.

The loot contained in a trunk checked to this city, was recovered at the time of the woman's arrest by Inspectors Swennes and McCulloch on a telegraphic warrant from Hillsborough. It included some valuable jewelry and wearing apparel and a large amount of high-grade liquors.

According to Chief of Police Hirschey, the woman was employed in the Howe household and in this manner she was enabled to obtain the goods and make her escape before it was discovered.
