

PERVERT SENT FROM NEW YORK ARRESTED

Governor Leads Party to Sanitarium for Schwartz.

MAN IS FOUND UNGUARDED

Superintendent of State Hospital Declares Patient Insane—Relatives Aid in Hiding.

Milton Schwartz, ex-Portland and New York degenerate, was arrested early this morning at Mountain View sanitarium following a conference called by Governor Olcott and participated in by leading county officials.

Schwartz was found unguarded in a bedroom on the second floor with an unbarred window facing an open porch.

Governor Comes to Portland. Governor Olcott made a hurried dash to Portland yesterday when he learned that Schwartz was reported to be in hiding in Portland, where he has many influential and wealthy friends.

While Governor Olcott was on the way, his secretary called together to meet at Sheriff Huriburt's office, the sheriff, District Attorney Evans and others.

Warrant is Prepared. Efforts were made to find Judge Tazwell to issue a warrant, as a complaint against Schwartz had already been signed.

Judge Tazwell could not be located, but at a late hour he was found at his home by the governor and Mr. Evans and brought to the courthouse, where he rapidly prepared and signed a warrant.

In the meantime Deputy Sheriffs Christofferson and Schirmer were hastily running down the Portland trails. First the lodging house was found. It was reported the man had been sent to a farm for hiding.

Schwartz is Located. There, shortly before 1 A. M., the governor, Dr. Steiner, superintendent of the state hospital, and the deputies located Schwartz. At first the hospital authorities endeavored to put off the arrest till morning, but the presence of the governor convinced them there could be no delay.

JITNEYS TO RUN AGAIN

TACOMA OBJECTS TO ADVANCE IN CAR FARES.

Franchise Will Be Granted to Busses if Necessary, Says Councilman.

TACOMA, Wash., June 29.—(Special.)—That jitney busses will be out in force immediately on the raising of street car fare to 10 cents, was the opinion of commissioner Fred Shoemaker today.

There was a local association of bus men who offered to put out 15 big busses at once when the street car commission made application to the public service committee for 10-cent fare, and I am sure it will be ready to go ahead with the proposition if the fare goes up," he said.

In the first jitney rush here, Mr. Shoemaker pointed out the thing was overdone by a host of little cars that, with the 5 cent fare then prevailing, soon wore their tires out, and killed each other off.

Now, the bus men are organized, and the commissioner of safety expects the busses to be handled by associations, rather than by individuals, and big modern machines that will hold nearly as many of the one-man street cars, are expected to appear.

Whether a franchise will be granted the busses, or whether they will simply be encouraged by the city, remains to be seen, but if necessary, the city councilmen say they are ready to grant a franchise.

ASHES OF WRITER SCATTERED OVER STATUTE OF LIBERTY.

Undertaker With Marine Lieutenant of Aviation Conducts Ritual Service in Air.

NEW YORK, June 29.—(Special.)—Probably the strangest funeral that ever took place in New York was held today for Mrs. Sarah D. Brown, temperance worker and writer of children's stories.

It was the first aerial funeral held here.

Mrs. Brown's body was cremated and an urn containing the ashes was taken to the pier at Eighty-sixth street, Hudson river.

This disposition of her remains was dictated by Mrs. Brown in a letter written 14 years ago, sealed and unopened until after death.

HOME TOWN DRESSES UP

Marion, O., Prepares Welcome Celebration for Harding.

MARION, O., June 29.—Senator Harding may not know his home town when he arrives to receive the acclaim of his old friends and neighbors at the homecoming celebration next Monday.

Practically every business block in the city has been painted or is undergoing repairs and the city council has paved the way for many city improvements.

By next Monday it is expected to have the two 700-foot train sheds at Union station nearly completed. Work on them was begun yesterday.
