

GRAND JURY INDICTS JULIEN A. HURLEY

Six Counts Charge Subornation of Perjury.

WARRANT OUT FOR ARREST

Trouble Grows Out of Hearing Before Land Office Registrar in January, 1918.

Julien A. Hurley, state senator from Malheur county and one of the leading lawyers of eastern Oregon, was indicted yesterday by the federal grand jury for subornation of perjury in connection with the homestead case at Vale, Malheur county, more than two years ago. Bail bond was fixed by the court at \$1000 and a bench warrant was ordered issued for his arrest.

The indictment contains six counts against Senator Hurley, accusing him of suborning six different witnesses during the progress of a hearing January 3, 1918, before Thomas Jones, registrar of the United States land office at Vale, Or.

The homestead contest was between William L. Clark and Zella Becker. Senator Hurley appeared as attorney for Miss Becker. It is alleged in the indictment that photographs introduced by Miss Becker were identified by her as pictures of her homestead cabin.

Identification Claimed False. This identification, it is alleged, was false and the indictment accuses Senator Hurley of having induced his client to give this false testimony, well knowing that the photographs introduced by William L. Jones were asserted by Miss Becker not to be pictures of her cabin, when, as a matter of fact, they were pictures of it. It is alleged Senator Hurley induced his client to give this false testimony.

It is also charged he induced five other witnesses to give testimony similar to that of his client, well knowing that such testimony was false, and that he was guilty of subornation of perjury. These other witnesses were George Gardner, Chester Harness, Robert L. Logan and Mary Logan, according to the indictment.

The grand jurors reported 14 secret indictments, most of which are said to be in connection with the war savings stamps probe. Several local persons who expected to be indicted in the war savings stamps investigation, were at the federal building yesterday arranging for bail bond in order that they might procure their freedom immediately after their arrest.

Indictments Reported. Other indictments reported out were: Herman Pedersen and A. B. Beckner, cashing fraudulent and fictitious government claims; James Basich, violation of the prohibition act; Harry Casey, prohibition violation; J. F. McDonald, Bert Hughes, Guy Buffington, Frank Heinz and Graydon Lindquist, violation of the violation prohibition act; Toy Brown, for felonious assault on Floyd Brown, an Indian, on Klamath reservation; Emil Bekko, prohibition violation; Mike Kocich, prohibition violation; D. A. Snyder, prohibition violation; Edward E. Whitstone and Edward S. Kirk, taking automobile tire from government mall.

This grand jury has been in session for more than three months, but was permanently excused yesterday. Contrary to usual customs, it submitted no final report to the court relative to its activities.

ELKS TO HOLD CONTEST

Astoria and Marshfield Lodges to Compete for Cup.

Officers of Astoria and Marshfield lodges of Elks will compete for the William S. Kennedy cup, to be given to the three-time winner in the ritualistic contests in connection with the annual convention of the Oregon State Elks association.

Portland lodge was awarded the cup in Klamath Falls a year ago. Officers of Portland lodge, however, believed it was to be the best interests of the state association to refrain from entering into competition with the smaller lodges and relinquished all claims.

Harry G. Allen, president of the Oregon State Elks association, after seeing the officers of the various lodges perform the ritualistic work, selected Astoria to represent the northern jurisdiction and Marshfield the southern.

The contest will be a feature of the programme of the state association at its annual meet in Salem, July 22, 23 and 24. Probably the contest will be staged on the opening day of the convention.

HIGHWAY IS OPPOSED

Klamath Ranchers Fight Grading Crews on Work.

KLAMATH FALLS, Or., June 30.—(Special)—Ranchers south of here are opposing the building of the Klamath Falls section of the Dallas-California highway. The survey from here to the California boundary is practically a straight line and

the farmers claim it cuts their holdings rationally. Injunction proceedings against Klamath county, the state and state highway commission, brought by Mrs. Sophia Henney to prevent trespass, were heard today in the circuit court and a ruling is pending. She is one of seven ranchers against whom the county has filed condemnation suits.

Among other arguments her attorney alleges that the state only has authority to acquire rights of way for state highways. While Mrs. Henney seeks legal redress, it is asserted others are resorting to direct action. One rancher, it is alleged, stopped the highway grading crew at his property with a shotgun. Others have

NATIVE OREGON BOY DIES IN CALIFORNIA.

Harry Young Masten.

Death ended the career of Harry Young Masten, native of Portland and graduate of Harvard university, at Redondo, Cal., last Sunday. The young man, son of the late Edmund K. Masten and Mrs. Frances G. Masten, 144 East Fifteenth street, this city, had achieved some notice as a magazine writer, but had been in failing health for about three years.

Young Masten was born in Portland January 18, 1890, and spent his boyhood here. He graduated from Harvard with the class of 1910. He was formerly an excellent athlete and won a place on the Harvard track team. He later traveled extensively through Europe.

The funeral will be held from the Holy Rosary church, Portland, Saturday afternoon, and interment will be in Mount Calvary cemetery. In addition to the mother, Richard C. Masten of Los Angeles, Cal., a brother, mourns his death.

turned irrigating ditches on to the right of way through their property, wiring it so that the highway crews cannot work.

DAIRYMEN BUY UP PLANTS INVOLVE \$200,000 DEAL.

Ten Cheese and Butter Factories in Different Parts of State Will Be Taken Over.

Contracts have been signed by the Oregon Dairymen's league for the purchase of ten cheese and butter plants in different parts of the state. The deal involves more than \$200,000. Negotiations are pending for other factories, which will cost an additional \$100,000, according to Albert S. Hall, general manager of the league.

A lease is being closed with the Terminal Ice & Cold Storage company of this city for a part of its site which will be used as a depot for the handling of surplus milk. Later a cheese factory will be installed. The league also has taken over the plant of the Milk Producers' company at Fifth and Couch streets, from which it will distribute milk to its wholesale customers. Factories that have been purchased by the league are located at Marshfield, Norway, Broadview, Myrtle Point, Arago, Lundy, Denmark, Langlois and Bandon.

FAMILY HOLDS REUNION

Powell Clan Elects Officers at Annual Assembly.

ALBANY, Or., June 30.—(Special).—Dr. J. M. Powell of Monmouth was elected president, and Captain Frank M. Powell of Albany secretary of the Powell family association at the annual reunion Sunday at the farm of I. H. Copeland, about eight miles east of here. Two hundred people attended. Other officers of the association to serve for the ensuing year were named as follows: Honorary presidents, A. F. Powell of Monmouth, H. C. Powell of Albany, James Powell of Cottage Grove and John W. Probst of Albany; vice-presidents, Charles Powell of Cottage Grove, P. C. Powell of Monmouth, Frank Shaffer of Salem and Q. E. Probst of Albany; analysts, Mrs. H. Taylor of Cottage Grove, Arant of Monmouth, Mrs. McKinney of Turner and Ralph E. McKeechie of Albany; historians, Dr. J. M. Powell of Monmouth; chorister, Captain Frank M. Powell of Albany.

LOGGERS WILL CELEBRATE

\$1,000,000 Expected to Be Drawn Down for Holidays.

ABERDEEN, Wash., June 30.—(Special).—Grays Harbor logging camp employes are expected to draw down nearly a million dollars at the coming holiday season when they come in from the woods. The amount this year will be larger than last, according to logging company officials. The increase, it is said, is not due to the larger number of men employed in the woods, but to the larger wages paid, an increase having been granted in January and March of this year.

The general reopening of the camps will be July 7, but some will open before that time. The shutdown of most of the mills will be brief, but some will make repairs which will take several days.

PRICE OF MILK GOING UP

Tacoma Residents to Be Charged 15 Cents a Quart.

TACOMA, Wash., June 30.—(Special).—Tacoma will start paying 15 cents a quart for milk instead of 12 1/2 cents, July 1. If the rise decreed by the Pierce county dairymen's association is put over, this was the state's first increase in milk prices since the war.

and manager of the Royal Ice Cream company, one of the largest milk distributors in the city. Tuesday, the dairymen met Monday to fix a new milk price, and decided on 33 1/2 a hundredweight.

The distributors say they have no organization here and that no definite action is expected until they have met with the dairymen. The milk price boost decreed by the dairymen is a month earlier this year than heretofore. Last year the seasonal boost occurred August 4.

Foresters Finish Tour. BAKER, Or., June 30.—(Special).—Senator Haughen, chairman of the committee investigating methods of handling government timber lands, and inspecting the grazing lands embodied in the national forests; Colonel
