Minimum Strength Rule Lifted by Department.

PAY WILL BE ALLOWED

Action Taken by Secretary of War as Result of Appeal Made by Adjutant-General.

SALEM, Or., July 2.—(Special).—All units of the Oregon national guard will be able to attend the 15-day camp of instruction at Camp Lewis, Wash., beginning next Tuesday as a result of a decision obtained today from the secretary of war by George A. White, adjutant-general of the state.

Secretary Sends Telegram. The telegram announcing the secretary of war's decision was received this afternoon and was communicated to the national guard units. It gave the adjutant-general authority to transfer from one company to another where necessary to qualify the men for pay.

The guard will now go to camp as a unit with the exception of company A, engineers of Portland, which will have its camp in September under authority given by the commanding general of the western department.

Portland is Meeting Place. They will join the companies from Eugene, Salem, McMinnville, Independence, Silverton and Portland in Portland and proceed in two special trains Tuesday morning to Camp Lewis, going into the cantonments Tuesday afternoon. They will remain at Camp Lewis until July 20.

The coast artillery companies will be thrown into the fifth regular artillery while the infantry will be in a separate infantry camp. Colonel C. E. Dentler and Captain James E. Senberry, regular army instructors attached to the Oregon national guard, will direct the instruction work.

Target practice with six-inch field rifles will be held at the camp for artillerists. They will fire guns that were used in the world war. The infantrymen will be instructed in the strength infantry companies for combat problems.

The infantry troops will be commanded by Colonel Creed C. Hammond of Portland and the coast artillery by either Captain Ben S. Ellis or Major Marshall W. M. Briggs of Ashland.
