

HIBERNIANS PLEDGE SUPPORT TO IRELAND

Order on Record in Favor of Recognition by U. S.

INDEPENDENCE FORESEEN

Thousands of Irish Blood Attend Annual Picnic and Hear Pleas for Cause of Republic.

Members of the Ancient Order of Hibernians, assembled for their annual picnic at Council Crest park yesterday to celebrate Independence day, declared themselves in favor of the recognition of the republic of Ireland in a resolution adopted after an address by John R. Murphy, Portland attorney.

The resolution reads: "Citizens of Portland, assembled to celebrate the anniversary of the founding of the great republic, reaffirm the principles of the Declaration of Independence, and their support and loyalty to the end that the application of these principles may be made world-wide. "Whereas, the people of Ireland have accepted these self-same principles and have established a republic of Ireland, be resolved that we declare ourselves in favor of the recognition of the republic of Ireland and urge our representatives and senators in congress to use their best efforts to bring about as speedily as possible such recognition.

Speaker Predicts Independence. "The Irish republic can be destroyed only by the same power that brought it into being, and that power is the people," declared Mr. Murphy, who is a member of the Hibernian order. "Ireland will have her independence. The Irish republic exists. It is not destroyed when individuals or nations plunge their heads in the sands and say that they cannot see it.

"What the Irish want is liberty, and they are going to have it if it takes the last drop of blood from the last real Irishman in Ireland, for they will never consent to the dominion of a foreign foe, and much less to England."

Mr. Murphy explained that the Irish want independence because it is a right which they have never given up, but which was stolen from them. He made a plea for the Irish people to be a true friend to Ireland and to give that country their moral support.

Relentless Warfare is Seen. "All who love liberty and justice and who have a respect for the rights of men and nations should help Ireland in her struggle for liberty," he said.

England's hold on Ireland was never weaker than it is today. After centuries of tyrannical rule there, her power is beginning to wane. Today the principle of self determination is waging relentless and powerful warfare for Irish freedom. Approximately 10,000 Hibernians, their families and guests attended the picnic in the afternoon. The evening dancing and athletic contests formed the entertainment. A. B. Cain was general chairman. The entertainment and refreshments were planned by the following committee: F. J. Powers, chairman; J. J. Burns, J. J. Burns, G. W. Riley, P. J. Burns, Tom Ward, Edward Curtin, J. F. Jordan and M. J. McGrath.

BOATS CARRY BIG CROWDS

Bathers Through River Resorts and Enjoy Fourth Festivities.

The largest crowd of pleasure-seekers of the season flocked to the river yesterday. From Oswego to the bridges the stream was dotted with canoes and rowboats, bathers thronged all river resorts, and excursion steamers carried passengers to the extent of their capacity.

From the Taylor street dock, the steamer Olympia, which started operations Sunday for the summer, made four trips from the foot of Bank street to Macgown's park and the Imperial, Dix, Rose City and other passenger launches also carried as many passengers as the law allows.

Newberg Observes Day.

NEWBERG, Or., July 5.—(Special.)—Today, under the auspices of the national Legion post, Newberg celebrated Independence day. A large crowd was in attendance. Music was furnished by the Multnomah guard band of Portland. Following the parade, addresses were made by Mayor Hopfield of McMinnville and Captain Hogan of Portland. In a ball game in the afternoon with Brown and Johnson as the battery for McMinnville and Garland and Baird for Newberg the latter won by a score of 5 to 0.

Astoria Goes to Seaside.

ASTORIA, Or., July 5.—(Special.)—There was no formal celebration of the Fourth here today, the great mass of the people going to Seaside to join in the observance of the day there. Great crowds of motorists from Portland and other points in Oregon, Washington, Idaho and California have passed through this city since Saturday night, en route to the beaches. Garage men estimate that the neighborhood of 1500 cars have come over the lower Columbia highway in the past two days.

ARREST FOLLOWS CRASH

AMACHER INTOXICATED, DRIVING CAR, SAY POLICE.

Two Women Suffer Injuries When Automobiles Collide at Mid-night, July 4.

Driving an automobile while intoxicated was the charge placed against Jack Amacher, truck driver, of 211 1/2 second street, when taken to the county jail early yesterday morning after an accident, happening a mile and a half east of Lewis and Foster road. Amacher drove headlong into a machine parked at the side of the road, badly damaging both cars and injuring Mrs. Amacher. Home-brewed beer was blamed by

MOVING PICTURE NEWS

Moment from the latest "Bringing Up Father" photo-comedy, featuring Johnny Ray, which is showing this week at the Rivoli theater.

TODAY'S FILM FEATURES. Majestic—Mitchell Lewis, "Burning Daylight." Peoples—Willard Mack's "The Valley of Doubt." Liberty—James Oliver Curwood's "The Courage of Marge O'Donoghue." Columbia—Anita Stewart, "The Yellow Typhoon." Rivoli—Sylvia, Breamer, "A House Divided." Star—Harry Carey, "Human Stuff." Circle—Edith Roberts, "Alias Miss Dodd." Globe—Constance Talmadge, "Temperamental Wife."

out the country would make every effort to elect him out of gratitude for his attitude toward the censorship bill which passed the Massachusetts legislature, but which he vetoed. It has been intimated in circles that are concerned authentic that exhibitors and producers in this country would serve Coolidge by throwing his name on a large screen and placing a campaign in the news weekly services.

According to Carl Laemmle, president of Universal, there is an ever-increasing demand for short pictures of the highest grade, and his organization will be one of the first to heed the call of the big exhibitors. "The managers of the cinema theaters," he said, "have discovered that the five-reel feature is the most desirable length, as almost any story can be told in that footage. This leaves considerable room for programme fillers, and the public desires the quality of the short subjects to be on a par with that of the feature productions."

Jack Ford, director of big out-door features, who produced Harry Carey's biggest success, "Marked Men," is now at work on a two-reel story, entitled "Two From Texas," with a cast of unusual strength. This miniature drama is being enacted by J. Farrell McDonald, Ethel Ritchie, Jennie Lee, Dick Cummings, John Walters and Jack Woods.

Philip Rosen, the man who filmed "The Road to Divorce" with Mary MacLaren, and "The Path She Chose" with Anne Cornwall, has started on the production of a miniature drama entitled "Alma Hearn," from the pen of Alma Hearn, chief in the cast with Ethel Ritchie, Alfred Reed, Clarence Hood and Joseph Neary.

H. G. Wells, Sir James M. Barrie and Henry Arthur Jones, three of the most famous writers in contemporary English literature, have agreed to write an original photoplay each for the Famous Players-Lasky corporation.

John Emerson and Anita Loos, photoplay authors, a few days ago completed an arrangement with Joseph M. Schenck whereby they will continue to write screen stories for Famous Players-Lasky during the next three months. The prospective stories will be satires with a star part which will keep Miss Talmadge in the picture. The character which Mr. Emerson and Miss Loos built for her during the last year's "Alma Hearn" plays are released through First National.

William Allen White stopped in Los Angeles last week on his way to San Francisco, to confer concerning the production of a picture, "The Man," which is to be filmed shortly.

Mr. and Mrs. Carter De Haven have effected a tie-up during the past week with the Arthur S. Kane Pictures corporation. The play is unusual and will henceforth be affiliated with Mr. Kane, who will handle their business interests. The picture, through which their productions are to be released, and who will supervise the eastern interests of these famous stars.

Amacher yesterday for the intoxicated charge against him, but he disclaimed any responsibility for the accident, saying the other machine was parked at an angle which made it impossible to see its tail-light and avoid collision. Further, he declared that instead of his lights showing 50 yards ahead, as they did normally, he had bent them down so that they did not show much further than 20 yards. In compliance with the police regulation enforced last night.

Mrs. Amacher was removed to St. Vincent's hospital, where it was found her injuries were not serious, consisting of cuts and bruises about the head. A woman in the car hit, whose name was not reported to the authorities, was injured slightly, but was taken home.

When the accident occurred shortly after midnight of July 4.

STILL AND TWO SEIZED

Raid Reveals Source of Artificial Joy at Seaside.

ASTORIA, Or., July 5.—(Special.)—The source of at least a portion of the artificial enthusiasm which was noticeable in spots at Seaside Sunday was discovered about 12 o'clock last night, when a still and about six quarts of moonshine whiskey were seized by Sheriff Nelson, chief of police. A number of intoxicated and partly intoxicated persons seen on the streets aroused the suspicions of the officers. Two men who gave their names as Deane and Becker and who said they came from Portland, were arrested and lodged in the Seaside jail. A third man, the one who made the still, is expected to be arrested. The prisoners were brought here and arraigned before United States Commissioner Carney on a federal charge of violating the prohibition laws.

MILK QUIZ TO FIX PRICE

DISTRIBUTION REGULATED BY BOARD IS LIKELY.

Deputy City Attorney Gathers Facts From Condensers to Aid in Survey.

Establishment of a municipal milk commission to regulate the distribution of dairy products in Portland will depend upon the outcome of an investigation being conducted by Lionel C. Mackay, deputy city attorney.

The investigation, ordered by Acting Mayor Bigelow, was launched Saturday following the announcement of an increase of one cent a quart on milk, retroactive from July 1.

Little progress has been made in the investigation thus far, because of holidays since the investigation began, but it has been established that the milk producers and distributors have not yet met to agree on the wholesale price of milk.

When milk distributors and producers gathered six months ago to agree on wholesale prices of milk and cream, it was announced that no agreement could be reached. It was at the solicitation of the milk distributors that Mayor Baker, at that time, appointed a commission to review the evidence and set a price, which both the distributors and producers agreed to abide by until July 1.

When the price was set, complaint was made by both the producers and distributors that the price fixed by the commission was not a fair one, but as far as can be ascertained the commission's ruling was followed.

Although Attorney Mackay will not reveal his plans in connection with the probe, it is known that yesterday he secured the country region adjacent to Portland gathering facts pertinent to the subject. It is understood that he has gathered milk facts from condenseries operating in Washington county, facts which will be utilized in his report to the acting mayor and city council.

Virtually all the milk used in Portland is brought to the distributors by the Oregon Dairyman's League, a non-profit organization composed of farmers and dairymen. The distributors

Women's Activities

The Department of school patrons, National education association, of which Mrs. George W. McMath of Portland is president, announces the programme for their sessions to be held in Salt Lake as follows:

First Session, Tuesday, July 6.

Business session.

Address, "Health and Happiness for Children," Dr. Thomas D. Wood, Columbia college, New York City.
