WHEAT READY TO CUT SOON IN

GRAIN HARVEST IS NEAR

of alfalfa has occurred, producing about three fons per acre; the rain discolared same slightly, but very little was spoiled The second cutting of slifalfa will seem in a faw days. Apples and pears are look-ing better than they did a month ago, du to the rainfall; the dropping has now stopped, which did not-amount to as much as the growers expected. The pear blight which caused damage of perhaps 5 to 14 per cent, is about over. Present estimate of the fruit crops in this section is as fol which caused damage, Pres-which caused damage, Pres-wer cent, is about over. Pres-er cent, is should over. Pres-and the second seco which cannot taking of person cating of the fruit crops in this section is as f lows: 650 cars of pears and 250 cars apples—this is about 125 cars less of per and 225 cars less of apples than last s mon. Out of the 650 cars of pears the will probably not be more than 500 ship cast, due to the high prices being offer by the cannot in Carson
