Fifteen Months Asked for Destruction of Guns.

HEAR PROPOSAL

Minister of Defense Says Army Is Needed to Prevent Internal Troubles in Country.

SPA, July 7 .- (By the Associated Press.)-The German plan for progressive demobilization to 100,000 men in 15 months was presented to the representatives or the allied governments here this afternoon, and was declared unsatisfactory to the allies. The Associated Press is informed by a prominent member of the conference that it will be examined seri-

perts report tomorrow. The Impression in allied circles tonight is far more favorable than yes-terday, the presentation of the Ger-man plan opening the way for dis-cussion and removing danger of a

ously and acted upon after the ex-

rupture.
Dr. Simons, German foreign minister, gave it as his opinion that the crisis had not yet passed. The only moment when there was any bitterness shown at this afternoone session was when Premier Lloyd George said rather impatiently: "You only have to make a law to

reduce your army and execute it,' Reminds England of Ireland. To this Simons replied: "I wish to remind the honorable gentleman that there are parts of the British empire in which there are laws concerning the keeping of arms by subjects

which the British empire is unable to The allied demand is for immediate destruction of 12,000 cannon, which the allied commissioners in Germany have under guard, together with 59,-000 machine guns. Germany desires to desiroy the guns at the rate of 2000 a month. The allies hold that this is not sufficiently rapid and express fear that the machine guns wi fall into the hands of insurrection

German Plan is Examined.

diately after adjournment of the con-ference at 7 o'clock this evening. Immediately after the conference. Premier Millerand declared to the correspondent it was most essential that there be complete accord between the allies, and that Germany had found that accord existed. The first evidence of this, the French premier said, was when the allies declined to discuss disarmament in the absence of the representative German authorities. the representative German authorities Speaking of the coming financial conference in Brussels under the auspices of the league of nations, M. Auspices of the league of nations, at.
Millerand said it would take place on
the date originally fixed, adding
"Americans will be there, you know."
The German minister of defense,
Herr Gessler, during the progress of
the conference said to the German
newspaperment.

If we are compelled to disarm, then it must be done. But we will not be responsible for internal order in Ger-

Turkish Treaty to Stand. The important clauses of the peace treaty with Turkey will remain as they are, it has been decided by the supreme council. At this morning's meeting the council decided it would be impossible to grant the Turkish request for the revision of these glabses.

A commission of experts will be appointed, however, to study the minor clauses with reference to partial revision of the document so far as these are concerned.

The following official communica-tion dealing with the conference was

issued this evening:
"The conference met at 2:30 o'clock
this afternoon to receive the German reply regarding the surrender of materials and the reduction in effectives prescribed by the treaty of Versailles. ing materials in existence in Germany. He said he would leave it to General von Secht to speak on this point.

Secht Wants Arms Reduced. "General von Secht thereupon handed in a detailed note on the position re-garding guns, rifles and machine guns garding guns, rifles and machine guns and proposed that a proportional reduction in materials and effectives should be carried out within a period of 15 months, Mr. Lioyd George replied on behalf of the allies and described the anxiety over the situation which existed in Germany according to the statements the German ministers had given to the conference.

"Several millions of rifles," he proceeded, "still remained in possession, not only of the troops, but also the population, as well as thousands of machine guns and tranch mortars. The machine guns and trench mortars. The number of soldiers under arms under ion that a situation so dangerou
