

KAISER'S YOUNGEST SON KILLS HIMSELF

Prince Joachim of Hohenzollern Is Suicide.

DEATH IS IN POTSDAM

Member of Family of ex-Ruler of Germany Believed to Have Been in Financial Straits.

BERLIN, July 18.—(By the Associated Press.)—Prince Joachim of Hohenzollern, youngest son of ex-Emperor William, committed suicide today in Potsdam.

Joachim was believed to have been in financial straits.

He recently was divorced. Prince Eitel, questioned as to the motive for his brother's suicide, declined to make any statement.

The body was transferred to Potsdam chapel today. Prince Joachim was the least talented of the emperor's sons. He held the rank of captain but according to statements, he has never actively been at the front. He leaves one son.

Later advices say Prince Joachim shot himself Saturday while in his residence at Potsdam. He recently had been suffering from great mental depression.

Prince Joachim was born December 17, 1890, in Berlin. After the German's defeat there were rumors that Emperor William would abdicate in favor of Joachim.

Joachim was married in 1914 to Princess Marie Augustine of Anhalt, who then was just 17 years old. A dispatch from Paris in the present year said he had brought a suit for divorce.

After several years of unhappy married life the princess left Joachim and sued for divorce. The trial was set for the near future.

The prince brought suit against a publisher recently to collect damages for the circulation in Germany of a volume entitled "The Married Life of Prince Joachim."

WORKERS STAY OUT OF TRIPLE ALLIANCE

Clarke County Non-Partisan League Sustains Action.

FIVE DELEGATES ELECTED

Representatives to Attend Session of Labor Organizations at Yakima This Week.

VANCOUVER, Wash., July 18.—(Special.)—The Clarke county Workers' Non-Partisan league, at a special meeting held in the labor temple last night, voted unanimously not to return to the fold of the Triple Alliance, from which organization it pulled out shortly after the first state convention held in Seattle the first of this year.

The local league, however, voted to send five delegates to the state convention to be held in Yakima beginning tomorrow. This convention will be made up of the Railroad Welfare Workers' league, the Independent Voters' league, the Triple Alliance, the Committee of 48, the Workers' Non-Partisan league and the Farmers' Non-Partisan league. Each organization will hold separate conventions and a program will be arranged by conference of committees from each organization represented.

C. H. Moran, local secretary of the Workers' Non-Partisan league, was one of the five delegates and he and the others left today for Yakima to attend the convention.

President Short Loses Fight.

William Short, president of the State Federation of Labor, of Seattle, was here recently and made a vigorous attempt to bring about the return of the Clarke County Workers' Non-Partisan league to the Triple Alliance, but in vain. When the proposition came up last night, after all other business had been disposed of, it was voted unanimously to remain out of the Triple Alliance.

The Triple Alliance is made up of three organizations—railroad workers, the industrial workers and unionists, and the farmers. The workers far outnumber the farmers and the railroad workers and unionists. The other organizations in convention. A method has been adopted, called the unit rule, permitting each organization to vote on a proposition in its own meeting. In the Triple Alliance meetings, one vote is cast for each of the organizations. Any two organizations could outvote the other one on any question proposed if they so desired.

Former Action Sustained.

Mr. Short in the state convention held a number of months ago, announced he was opposed to unit rule. The Vancouver delegation at the convention, led by C. H. Moran, made a fight against Short, who was chairman of the convention. Later, as a result of this fight, the Clarke County Workers' Non-Partisan league withdrew from the Triple Alliance, and at the meeting held last night again voted to sustain their action.

At the recent county convention of the Non-Partisan League it was voted that the league discontinue certain candidates on the old line tickets in the primaries, selecting men whom they believe favorable to their cause.

SEATTLE SUGAR DROPS

Top Retail Price This Week to Be 25 Cents; New Shipment Due.

SEATTLE, July 18.—(Special.)—Sugar will sell in Seattle groceries at a top price of 25 cents a pound this week when the new shipments come in, and in some cases may be a trifle less where the dealers are paring profits below the limit fixed by the fair price commission.

The new price will represent a drop of 2 to 5 cents over the highest mark reached last spring and in the early summer, when the price was 30 cents a pound. The amount of 30-cent sugar received here was small, and the price to the consumer has been falling slowly ever since, coincident with a fall in the raw sugar market.

The decrease of 1 cent to be registered this week follows the reduction of 1 cent a hundred announced by the San Francisco refiners last week. Wholesalers are predicting further price recessions.

They were accompanied by 125 Mazamas, who had climbed from Government camp.

The ascent was made without accident, according to Mr. Honeyman, who returned to Cloudcap at 3 P. M. The day was ideal for climbing, recent thunderstorms having cleared the atmosphere and the recreationists were able to see unusually long distances.

WATER UP 72 PER CENT

DEMAND FOR CITY SYSTEM GROWS IN ROSEBURG.

Second Reading of Public Service Commission Decision Reveals Unexpected Rate Boost.

ROSEBURG, Or., July 18.—(Special.)—When the public service commission's decision was received in this city Friday, increasing the rates charged for both water and light by the Douglas County Light & Water company, it was first thought the commission had given the local company only a slight increase, but upon investigating the findings it is shown that, while the charges for light and power will not be excessive under the new ruling, residents of this city who have heretofore paid \$1 a month for a minimum of 5000 gallons of water will be required to pay \$1.50 for a minimum of 2250 gallons, or an increase of about 72 per cent over the former rate charged for 5000 gallons per month.

Previous to the action of the public service commission the city paid a nominal rent for the use of fire hydrants, but under the new schedule of rates the cost for maintaining this source of water supply will cost in the neighborhood of \$3500 per year, while almost a like sum will go to the local water and light company for lighting and sprinkling the streets of the city. The commission's report has had the effect of creating further demand for a municipal water and light plant, for which bonds in the sum of \$800,000 were voted at a special election held last month.
