Growers' Chief Says Farmers Should Organize.

CHILDREN GET ENCORES!

E. B. Fish to Explain Today How Northwest Was Freed of Bolshevik Efforts.

berry industry in Washington and is alding materially in the development of the Oregon industry, presented the problems confronting berry growers and the associations to the Chautauqua today and outlined the constructive work done by the latter in a talk this afternoon. Mr. Paulhamus sakt that all farmers should be organized in order that fair dealings may be pos-sible for both the farmer and for the consumer of the farmer and for the consumer of the farmer's produce. A targe number of grangers and farmers attended the lecture, as well as the morning forum hour, at which U. L. Upson, manager of the Oregon Poultry Producers' association, and Albert F. Hall of the Dairymen's leavent spoke. The grange people enleague spoke. The grange people en-loyed a big picnic lunch at noon at the grange headquarters in the park Mr. and Mrs. James Silas Vann, the latter better known in musical circles as Mary Adele Case Vann of Glad-stone and Portland, aided the Chautauqun assembly today by respond-ing to a hurried call for musicians at the afternoon prelude.

Children Are Encored. Mrs. Vann sang a group of songs which were well received. Miss Gladys Johnson and Miss Bernice

shevism will be told by E. B. Fish, ex-ponent of 100 per cent Americanism, at Tuesday evening's programme. He talk on "The Cure for Industrial courts. Hearing of the habeas corpus

lecturer, will speak on "Tomorrow"
Tuesday afternoon.
The Alaska duo will give the preludes Tuesday. Miss Lona Laska and Miss Huldah Voedisch make up the duo. Miss Laska is a soprano and Miss Voedisch a contraito.

Tuesday's programme follows:

Mrs. Zook was committed to the industrial school for girls from Clatsop county under the name of Gertrude Hansen. Her husband is said to have launched the proceedings seeking her release.

INDUSTRY ASSURED

Company Capitalized at Million Is Incorporated.

LINNTON TO GET PLANT

tham are named as the incorpora-

This new Portland industry, which s expected to use 2000 tons of copra a month when the plant is in opera-tion, is the result of the removal of the branch factory of the Palmolive company to San Francisco several months ago following the burning of the local plant here. C. A. Edwards, one of the incorporators, was chairman of the committee appointed by the Chamber of Commerce at that time o investigate the question of establishing such an industry here.

Much Stock Already Sold. The capital stock of the company is divided into 10,000 shares at a par value of \$100 per share. It is said that more than half of that amount already has been subscribed by Port-land business men, and no trouble is expected by officers of the company in disposing of the remainder. Offi-cers and directors of the new corporation were elected recently, and as soon as the complete organization is effected an extensive stock-selling ampaign will be inaugurated.

The new factory, which will be one of the best-equipped plants of its kind in the United States, will be located at Linnton on a nine-acre tract with a water frontage of 400 feet. This tract is between the rail-way tracks and the water and has the advantage of both water and rail accommodations. Buildings of a per-manent nature are contemplated, with reinforced concrete bulkheads and nodern docks on the property. The ocation on deep water is of great trip to the South Seas, going to Australia and New Zealand when necessary.

and Crook counties.
On July 12, 1918, Robertson again was paroled by Governor Withycombe

Industry Important One. The importance of the new industry was recognized by the Chamber of Commerce in its investigations some months ago. Several of the by-prod-ucts of the industry are valuable in cake form as a concentrated food used for stock when mixed with roughage. There is said to be a good have roughage.
