

RED RUSH MEETS POLISH OPPOSITION

Bolsheviki Take Lida and Continue Advance.

AMERICAN BEANS SEIZED

Soviet Forces Capture Rich Harvest and Relief Commission Moves Supplies.

WARSAW, July 19.—(By the Associated Press.)—The bolsheviki in their westward push have reached the vicinity of the former Russo-German battle line on the western edge of the Pripiet marshes. Here the Poles are making a stand, and heavy fighting is in progress.

The bolsheviki have brought up armored trains from the railroad leading southwest from Minsk and along another railroad extending through the marshes from Muzier and Kalenkovitch.

Lida Falls to Bolsheviki

In this region bolsheviki have reached where the railroad gauge changes from the Russian broad to the standard gauge, which will handicap the bolsheviki if they attempt to continue immediately eastward. They should be able to pass the old Russo-German line, Lida, about 60 miles south of Vilna, in the hands of the bolsheviki and latest reports say there is fighting south of Lida.

To the south of the Nemen there is considerable fighting all along the line in the region of Baranovitch and extending to the Oginiski canal and to the marshes, which are impassable. There are many refugees in the forest of Bielovizh, the former Russian emperor's hunting ground. The American Red Cross is assisting in caring for them.

When the bolsheviki took Vilna they came into possession of seven carloads of American beans, which the American relief association was unable to evacuate.

The Poles are withdrawing to the south and southwest from the railway junction of Lida, which has been occupied by the bolsheviki. This bolshevik sweep across Lithuania is giving the soviet forerunner a session of a rich harvest, as they are occupying thousands of acres planted by the Poles. The grain and other standing in the fields. The Polish population is fleeing before the bolshevik onrush.

The feed in the warehouses at Bielostok for children fed by the American Relief association is being loaded for shipment to a safer place. It is said in Polish quarters that the retreat on the northern front is being continued in an orderly way.

Lemberg Attacks Fail

All the bolshevik attacks along the southern front have been repulsed. The soviet troops have been repeatedly attempting to break through here, with Lemberg as their objective. Their attempts, however, have been unsuccessful.

Poland's preparations to continue the fight, despite her reverses, continued during Sunday. The negotiations conducted from London with a view to bringing about an armistice have not attracted much attention in the general staff. In southern Poland, the bolsheviks drove out Polish mountaineers and occupied the village of Babrow.

Strong bolshevik attacks, adds the communists, have been repulsed around Husiatyn and Arzamas and in the region of Dubno. The bolsheviks are reported to be regrouping for a drive on Kovno, 15 miles southeast of Brest-Litovsk.

POLICEMAN USES CLUB

Prisoner Pays Fine for Speeding; Jail Term Suspended.

BAKER, Or., July 19.—(Special.)—Because he had been fined \$5 in the municipal court of Baker for speeding his automobile within the city limits, O. J. Sherrard attempted to settle his grievances with Motorcycle Officer Higgins, who was making a patrol, with the result that he was badly beaten, thrown into jail and sentenced to pay a fine of \$25 and serve 30 days behind the bars.

The trouble started immediately after Sherrard had paid his fine, when he attempted to get seven other officers who arrested him. After abusing Higgins verbally, several blows were exchanged and during the struggle the officer used his club to knock his assailant down, dazing him. Judge Smartwalle agreed to suspend the jail term during good behavior.

HAVANA PORT CONGESTED

Prosperous Cubans Refuse to Work; Ships Delayed for Weeks.

NEW YORK, July 19.—Freight congestion in Havana is so great that ships entering the port are delayed weeks in discharging and loading, according to passengers who arrived today on the Ward line steamer Mexico, which was delayed 22 days in the Cuban harbor.

"The deplorable conditions are due to the prosperity of the Cubans," Dr. A. P. Coib, ship surgeon of the Mexico, said. "The merchants seemingly do not care whether they obtain shipments or not and they seem to work on the theory that their stocks on hand are ample."

LADY ASTOR IS ATTACKED

Divorce Subject of Second Article in English Paper.

(Copyright by the New York World. Published by the Associated Press.) LONDON, July 18.—(Special cable.)—Lady Astor is again attacked today by Horatio Bottomley in his paper John Bull under the caption "Attitude Toward British Laws of Divorce." Two months ago, when Bottomley attacked Lady Astor, he was booted in the house of commons.

He repeats his allegation that certain newspapers in America said at the time of her divorce proceedings in Charlottesville, Va., against her husband, R. G. Shaw, that the proceedings were originally on grounds of desertion. Lady Astor within the last week told her constituents in Plymouth that she got her divorce on grounds of adultery. She was loudly cheered by her hearers, who thronged around her afterward and shook hands with her.

Bottomley says today that he could have criticized her in parliament and thereby have been immune from any legal consequence, but "I preferred not to shelter myself under the immunity of a member of parliament."

He further adds: "If you have any just cause of complaint the courts are open to you." Bottomley's first outburst was precipitated when Lady Astor, as Bottomley says, delivered a homily in the house of commons against granting English women any new grounds for severing the marriage tie.

SWIMMING EXPERT SAVED

JAMES KING, EUGENE, HAS CLOSE CALL AT NEWPORT.

James H. H. Anderson and Another Bring Instructor in on Plank When Found Helpless.

NEWPORT, Or., July 19.—(Special.)—James King of Eugene, swimming instructor at the Nye beach swimming pool, was rescued from a narrow escape today by James H. H. Anderson and another instructor. King was found in the surf at Nye beach, Newport, this afternoon by James H. H. Anderson and another instructor.

Some children were playing with an old boat in shallow water when King approached with Louise Mason, aged 12, daughter of Mr. and Mrs. Rockey Mason of Albany, and told them that he and Louise wanted to ride through the breakers in the boat. The boat did not behave very well in the surf, filling with water. Louise swam ashore, not realizing his danger. His cries attracted the attention of many persons assembled on the beach. There is no lifeline or life buoy on the beach, as in former days, and excited persons threw boards and planks into the water, hoping some would reach King.

Anderson and James J. Oskene of the United States land office at Vancouver, Wash., took a plank and went out to King, who grasped the plank. The United States coast guard boat had been summoned, but had to come a long distance, and King in the meantime had been rescued.

Charles Harwood of the coast guard happened to be present and swam out, but missed King and the others on the plank. The coast guard boat appeared about that time and picked up Harwood.

HIGH MORMONS INVOLVED

UTAH-IDAHO SUGAR COMPANY TO FACE TRIAL.

Concern Whose Stockholders Are Officers of Church Charged With Profiteering.

SALT LAKE CITY, July 19.—The Utah-Idaho Sugar company, whose principal stockholders are officers of the Church of Jesus Christ of Latter Day Saints, must stand trial at the November term of United States court here on a charge of profiteering in sugar. The concern, as represented by its directors, was hauled over for trial today by United States Commissioner Van Pell.

The action was brought by the United States district attorney here, Isaac Blair Evans, and his basis is a charge that the company sold for approximately 23 cents a pound sugar, which cost less than 9 1/2 cents to produce. Three counts, all alleging violation of the Lever act, are involved. A somewhat similar action against officials of the company, filed in Idaho, will be given a preliminary hearing here July 24.

At today's hearing evidence was offered in an effort to prove that the directors, except Heber J. Grant, president of the concern and also president of the church, voted unanimously to raise the price of their sugar April 10, last, from 13 cents a pound to the seaboard basis for cane sugar, at that time \$22.25 a hundred pounds.

Blacksmith Gets 6 Months for Beating Lad With Pliers.

W. W. Karnes, a blacksmith living at 118 North Syracuse street, St. Johns, yesterday was sentenced by Municipal Judge Rossman to serve six months in jail for beating his 9-year-old son Wesley with a pair of pliers. When the boy appeared in police court yesterday morning he carried his arm in a sling, a fracture having been sustained as the result of being whipped by Karnes.

According to the lad's story, Karnes frequently beat him and also treated the mother so cruelly that she had threatened on one occasion to commit suicide. The boy also said that the mother had been driven nearly frantic one day by Karnes and had wanted to shoot the lad and herself.

MASSACHUSETTS CITY MILLS GRANT RISE AND CLOSE.

Council Demands Reason for Shut-Down; Owner Says Orders Have Been Canceled.

LAWRENCE, Mass., July 19.—The Lawrence city council today voted to wait upon President William Wood of the American Woolen company, to ask him the reason for the shut-down of the mills of the company here and also when they will be reopened. The mills have been closed one week, throwing 15,000 workers out of employment.

Mayor W. F. White, in a statement, said: "If Mr. Wood had intelligent advisers, he would not give a 15 per cent wage advance to his workers and then in a few weeks throw them out of work; nor would he give them pink teas with peanuts and cheese one week and put them out of work the next."

Mr. Wood has entertained many thousands at his estate in the last few weeks with music and cheese; now some are starving. I will support the president of the American Woolen company when he is right but I do not want to open soup kitchens in this city."

NON - PARTISANS SCORED

Major Gill Says League and Triple Alliance Cloaks for Bolshevism.

ABERDEEN, Wash., July 19.—(Special.)—"The pussy-footer and the evader of issues have no place in American public life today," declared Major E. S. Gill of Seattle at the Aberdeen Chamber of Commerce full meeting at the Hotel Washington Friday night. Major Gill was the principal speaker of the evening.

Much of Major Gill's address was concerned with denunciation of the Non-partisan league. He alleged that the league, the Triple Alliance and the "third party" are nothing more than cloaks for bolshevism. Leaders in this state of the Non-partisan league are making a grand rally for votes, Major Gill claimed, and boast of their ability to control 100,000 votes in the November election.
