A staff of consulting engineers and timber experts of the company arrived to await the president of the Long-Bell company, C. A. Long, who is expected this afternaon.

MISS ETHEL UTTER DIES

Word From Relatives.

OREGON CITY, Or., July 20.—(Speciel.)—Miss Ethel Utter, daughetr of Mrs. Lake Mny of Canemah, died at the family home this morning. The body was taken to the Holman & Pace be the largest lumber producing com-

A conference of the officials of the company is scheduled for tomorrow morning, when the work done by the experts who have been making extensive investigations of all available mill sites along the Columbia will be gone over in detail and the disposal of several options on large tracts that are now neuding will be be gone over in detail and the dis-posal of several options on large tracts that are now pending will be considered.

The Long-Bell company has been investing in Oregon timber since 1918, when it acquired \$7,000 acres of land north of Klamath Falls containing 1,700,000,000 feet of pine, from the Oregon Land & Livestock company, an allied corporation of the Booth-Kelly company of Eugene. This was followed in April of that year by the buying of a tract comprising \$1,000 acres containing 600,000,600 feet of pine from the Western Pacific Land & Timber company in Klamath and Tracts Bought in Oregon.

This will be the first experience with fir that the company has undertaken, according to Mr. Tennant. The combined output of the pine mill The combined output of the pine mills of the company in the east totals \$60,000,000 feet a year, and it is expected to bring up the Pacific coast production to that figure when the fir operations are under way, he said. The company has a mill in operation at Weed, Cal., which is turning out pine lumber at the rate of 100,000,000 feet annually. E. H. Cox, president of the Weed plant, arrived in Portfeet annually. E. H. Cox, president of the Weed plant, arrived in Portland yesterday for the conference.

Mr. Tennant stated definitely that there would be no building or other activity in connection with the direct production of lumber here until year.

A campaign of information through the country bapers of the state affiliated with the greater Oregon programme of the state chamber of commerce is advocated by H. L. St. Clair, editor and manager of the Gresham Outlook.

HOUSE IS ROBBED TWICE

Off in Automobile.

The residence of N. Tachi. 2935 East Eighty-second street, has been robbed two nights in succession and clothing and other personal belongings taken, according to a report made to the police yesterday. Mr. Tachi told the police that he saw the man making his escape from the house at the time of the second burglary. The thief is said to have driven away in an automobile.

The establishment of Carl Peterson was entered during the night and two electric drills and a blower taken. The same thief is believed to have stolen 14 rabbits from 350 East Washingion street. Inspector Coleman re-ported that the theft was the work of a boy about 14 years of age, judging from footprints of bare feet found

Last spring the company made its first investment in fir timber when it bought a tract of land on the Cowlitz river watershed comprising more than 2,000,000,000 feet. Since that time expert timber men in the employ of the company have been investigating other tracts in the Cowlitz region, and several options are now in the hands of the company. It is to consider these options and the mill sites visited by the engineers of the company that the conference has been called in Portland.

OREGON PUBLICITY URGED

Gresham Editor Advocates Campaign of Information.

A campaign of information through
he country papers of the state affilited with the greater Oregon procramme of the state chamber of comnerce is advocated by H. L. St. Clair,
editor and manager of the Gresham

activity in connection with the direct production of lumber here until next year.

Officials of the company who will attend the conference are: W. Vandercook, chief engineer; C. H. Huffman, consulting engineer; L. L. Chipman, manager of the export department and W. F. Ryder, expert timberman.

Outlook.

In a letter to George Quayle, general secretary of the state chamber of commerce, Mr. St. Clair suggests that country newspapers, especially in towns identified with the chamber, become affiliated with it and so designated by an appropriate emblem, for the purpose of spreading information about Oregon to the citizens of Oregon.

WORKS IN POISON OAK

which I am superintendent,"
writes J. H. Brummette, of Springfield, Or., "is full of poison oak. I
take it very easily. When I sent to
you for a bottle of Santiseptic Lotion,
I had had peison oak for five months.
I commenced using Santiseptic as
soon as I got it and kept working in
the poisen oak. I am now entirely
cured, and, believe me, it certainly
takes something to even heip me. I
had and have tried everything I or
anybody who has ever experienced
the tortures of poison oak or ivy will
be grateful for the information that
this extreme irritating annoyance is
no longer to be feared. The pain,
tiching, fever and irritation disappear
almost like magle with a few applitations, fever and cold sores and insect bites. It is a remarkable soothing all kinds of guaranteed remedies.
Just simply time and money wasted.
Santiseptic certainly did the work."
