for 25 years in the capacity of chap-lain and is widely known throughou

infantry, going to the Philippine is-lands, where he served 16 months dur-ing the Spanish-American war and Philippine insurrection.

On March 25, 1917, he was again mustered into federal service. In Au-gust, 1918, he became senior chaplain of the 41st division, A. E. F., in France, where he remained until April 17, 1919. He received the croix de guerre from the French govern-

de guerre from the French govern-ment August 23, 1919.

CITY EMPLOYES GET RISE

SEATTLE SALARY INCREASES

EFFECTIVE NEXT YEAR.

\$5 to \$25 a Month Additional Pay Voted by Council-Police and

Firemen Included.

SEATTLE, Wash, July 21 .- (Spe-dal.) -- Salary increases ranging from

\$5 to \$25 a month will be given to approximately 2300 civil service em-playes of the city next year. This was determined when the city

councilmen began preparation of the 1921 budget. A resolution was adopted declaring that each employe in the classified service should be advanced one step in the graduated schedule

fixed by the council two years ago. The increase applies to clerks, bookkeepers, engineers, skilled me-chanics and minor officials in all city

departments. It also includes police-men and firemen.

salary increases adopted yesterday afternoon by the city council devel-

oped at the public hearing this morn-

The protests against this plan were raised chiefly by a delegation of tax-

payers representing the building own-ers' and managers' association, con-sisting of Charles F. Flishe, Charles

ouncil was final.

Mr. Clise pointed out that under the
new schedule, clerk stenographers in

the employ of the city will be receiv-ing in some instances a salary of \$155 a month, which he said was in excess

of the salary usually paid stenogra-phers by business establishments.

Opposition by the taxpayers to the

of Harnessing of Energy.

SEVERAL PAPERS READ

Technical Phases of Profession Are Considered by Engineers Who Are Here for Four Days.

Peculiarly appropriate was the date selected for the opening of the Pacific coast convention of the American Institute of Electrical Engineers in Portland yesterday, for it was the centennial anniversary of the harnessing of electrical energy by man, pointed out the speaker of the day, Dr. C. E. Magnusson, professor of

Dr. C. E. Magnusson, professor of electrical engineering at the Univer-sity of Washington. "On July 21, 1820 the first mag-netic lines of force were discovered so they could be used in a practical way" and Dr. Magnusson in his reor power has been fulfilled a thousand-fold." Different angles of this development were touched on in the course of the interesting address.

into the design and the operating behavior of suspension insulators and the problems to be solved to overcome the objectionable features shown by experience to affect seriously the operation of the insulators in service. According to Mr. Peaslee insulators successfully passing the factory tests deteriorate in service at rates varyup to 20 per cent a year.

Technical Phases Discussed. Following the address by Mr. Peas-lee, Professor Harris J. Ryan read a paper on "Unit Voltage Duties in Long Suspension Insulators." paper was written by himself and Dr. Henry H. Henline, both of Leland Stanford Jr. university. The conclu-sions reached were that suspension insulator units in common use can be satisfactorily employed for the make-up of insulators for 250-kilovolt lines and that the increase in the number

His service with the guard started June 26, 1895, when he became captain and chaplain for the 2d Oregon infantry, which place he retained until May 6, 1898. The day following he was made captain and chaplain of the 2d Oregon, United States volunteer infantry, going to the Philippine islands where he served 16 months durmane Society Charge.

NURSERIES DEFEND ACTION

Institutions Reply They Were Crowded, Disease Was Prevalent, Examination Was Necessary.

The child welfare commission will conduct at once an investigation into the reasons for the refusal of three Portland buby homes last Thursday to admit the two Romanski children, who had been taken from their "farmed-out home" by the Humane society. This was decided at a meeting of the commission yesterday aft-

The Albertina Kerr nursery home, The Albertina Kerr nursery home, the Waverley baby home and, the Children's home were the institutions cited by Mrs. F. W. Swanton of the humane society as the ones which refused to take in the children, who were dirty, hungry and badly bruised. The officers of the institutions when interviewed by The Oregonian Sunday stated that overcfowding of the institutions, the prevalence of mumps into one of the homes, and the necessity for a doctor's examination necessity for a doctor's examination in one of the others had prevented the taking In of the children at once.

ada have arrived in Portland for the four-day session, which was opened in the ball room of the Multnomah hotel by an address of welcome from Mayor Baker. E. F. Whitney, acting president of the local association, responded and introduced Dr. Magnussion.

Technical problems in the use of times she deally confused that at times she deally confused that at times she deally confused that at the Albertina Kerr nursery home Mrs. Swanton was instructed to call W. G. MacLaren, general substitution which come in the Louise home.

At the Albertina Kerr nursery home Mrs. Swanton was instructed to call W. G. MacLaren, general substitution turned to him, he placed the children in the Louise home.

A letter will be addressed to all of the 29 institutions which come, under the supervision of the supervision of the supervision of the supervision of the plea that the Albertina Kerr nursery home Mrs. Swanton was instructed to call W. G. MacLaren, general substitution turned to him, he placed the children in the Louise home.

A letter will be addressed to all of the 29 institutions which come, under the supervision of the plea that the complex of during his cross-examination of the woman got her so confused that at the supervision of the child welfare woman got her so confused that at the supervision of the child welfare the supervision of the child welfare woman got her so confused that at the supervision of the child welfare the supervision of the child welfare the supervision of the child welfare commission, expressing the desire of the board for co-operation in bring-court showed there was no lye or fats or other substances commonly used in the making of soap.

The first paper entitled "Design and Application of Suspension Insulators" was written and read by W. D. A. Peaslee, of Huntington, W. Va. consulting engineer of the Jeffry-Dewitt Insulator company. The paper was a discussion of the factors entering into the design and the operating besible date, so that the new commission may become acquainted with the work and aid in remedying conditions which need changing. All of the members of the board will visit some the institutions and not less than inquiring whether the action of the local was final. of the institutions and not less than two members will inspect the others. Dr. Franklin S. Thomas, head of the Portland school of social work, will

continue as chairman of the commis-sion until he leaves Portland July 1 to accept a position as head of New York orphanage. Next Meeting Not Set. The date of the next meeting of the commission has not been decided. The new members appointed by the governor are: W. D. Wheelwright, Mrs. H. L. Corbett and Mrs. E. C. Giltner. Dr. Robert G. Hall, who was named by the State Medical association, will be the only old member of the board.

Dr. Thomas' successor has not yet

# Dr. Thomas' successor has not yet been named by President P. L. Campbell of the University of Oregon. Dr. Thomas has presented his resignation to the commission, but it has not been acted upon. TANDICC DUNTECT HEAD! BY AND COC DUNTECT HEAD! CHALLY WHE. CHALLY WHE.
