Kentucky Governor Tells of Nomination to Chosen.

WILSON ERRORS ARE CITED

Country Must Be Prevented From Becoming Involved in Feuds of Europe, Says Speaker.

NORTHAMPTON, Mass., July 27.—"This nomination is tendered you as the spontaneous wish of your party," said Governor Edwin P. Morrow of Kentucky, principal speaker at the ceremonies attending the notification here today of Governor Calvin Coolidge of his nomination as candidate of the republican party for vice-president.

"The west called to the east," Governor Morrow said. "North and south heard the call and the nation made the answer."

Governor Morrow attacked the democratic national administration for what he termed its hesitation, blundering and stubbornness, and called the league of nations an attempt to bind the United States to the bloody feuds of Europe.

"It is fitting," Mr. Morrow said, "that in Massachusetts at this fountain of American inspiration, we solemnly determine that the heritage which made us free, independent and prosperous, shall not be bartered for a mess of unknown pottage."

Democrats Make Blunder.

"You are called to serve your country in a time of your country's need," Governor Morrow continued. "At home, grave economic, industrial, social and governmental problems have too long in the past, and now continue to, press for and demand solution, and upon their proper solution depend the property, security, commercial and financial welfare of our people."

Confidence in Candidate.

In such a time and with such issues confronting the country, Governor Morrow asserted, Governor Coolidge is confidently called upon to serve with a leader "who has spoken clearly, bravely and convincingly."

U. S. STEEL EARNINGS SHOW GAIN OF \$13,155,075.

Corporation Declares Usual Quarterly Dividends on Preferred and Common Stock.

NEW YORK, July 27.—Total earnings of the United States Steel Corporation for the second quarter of the current year as issued today show a nominal gain over the previous quarter amounting to \$4,155,705, an increase of \$1,066,686.

Net income of \$31,688,204 compares with \$31,223,701 and surplus of \$12,748,822 shows correspondingly small gain. The statement falls considerably under most forecasts, but it is regarded as good in view of recent unsettled industrial and railroad conditions.

June earnings of \$16,462,534 were better than those of May, which exceeded April's returns by more than \$3,000,000.

Today's statement leaves earnings applicable to the common stock for the quarter of \$3.96 per share, against \$3.88 three months ago and \$3.29 in the second quarter of 1919.

The usual quarterly dividends of 1 1/2 per cent on the preferred and 1 1/4 per cent on the common were declared.

"END AUTOCRACY" URGED

(Continued From First Page.) "man who has proved his fitness for any office."

The official programme opened with a meeting of the notification committee at noon and a luncheon tendered the committee by Governor and Mrs. Coolidge. But long before that hour the crowds had begun a celebration of their own.

Governor and Mrs. Coolidge this morning greeted newspapermen and motion picture operators, who induced the governor to mow the lawn and build a cart for his two sons to portray his life as a domestic man.

Governor Coolidge's declaration in behalf of women suffrage was the signal for an enthusiastic demonstration. He said he had always voted for it but did not regard it as a party question.

His address was punctuated with applause. When he concluded he was accorded another ovation led by Senator Lodge. The latter refused to respond to demands of "speech" and then the crowd closed around Governor Coolidge to extend congratulations.

Harding is Praised. "Your speech tells me," said Governor Coolidge in opening his address "of a leader and a cause. A leader in Warren G. Harding, the united choice of a united party, a statesman of ability, seasoned by experience, in all things a stalwart American; the

cause of our common country, as declared in the platform of the republican party, the defense of our institutions from every assault; the restoration of constitutional government, the maintenance of law and order, the relief of economic distress, the encouragement of industry and agriculture, the enactment of humanitarian laws, the defense of the rights of our citizens. The rehabilitation of the nation in the estimation of all peoples, under an agreement, meeting our every duty, to preserve the peace of the world always with unyielding Americanism—under such a leader, such a cause, I serve.

"No one in public life can be oblivious of the organized efforts to undermine the faith of our people in their government, foment discord, agitate industrial strife, stifle production and ultimately stir up revolution. . . . The first duty of the government is to repress them, punishing willful violators of law, turning the full light of publicity on all abuses of the rights of assembly and of free speech, and it is the first duty of the public and press to expose false doctrines and answer seditious arguments. Such repression and such testimony should be forthcoming that the uninformed may come to a full realization that these seditious efforts are not for their welfare, but for their complete and economic and political destruction."

"The greatest need of the nation at the present time is to be rescued from all the reactions of the war. The chief task that lies before us is to repossess the people of their government and their property. Unless the government and property of the nation are in the hands of the people and there to stay as their permanent abiding place, self-government ends and the hope of America goes down in ruins."

"The mounting prices of all sorts of commodities have put a well-nigh unbearable burden on every home. Much of this is beyond relief from the law, but the forces of the government can and must afford a considerable remedy."

"The most obvious place to begin retrenchment is by eliminating the extravagance of the government itself. The excess profits tax should be revised and recourse had to customs taxes on imports for it taxes consumption rather than production."

"A revision of taxation must be accompanied with a reduction of that private extravagance which the returns from luxury taxes reveal as surpassing all comprehension."

"There has been profiteering. It should be punished because it is wrong and it is idle to look to such action for relief."

"As everyone knows now, the difficulty is caused by a scarcity of material, an abundance of money and insufficient production. The government must reduce the amount of money as fast as it can without curtailing necessary credits. Production must be increased."

"Whenever in the future this nation undertakes to assess its strength and resources, the largest item will be the roll of those who served her in every patriotic capacity in the world war."

"Equal suffrage, for which I have always voted, is coming. The party stands pledged to use its endeavors to hasten ratification which I trust will be accomplished."

"The destiny, the greatness of America, lies around the hearthstone. If thrift and industry are taught there and the example of self-sacrifice set; if honor abideth there and high ideals; if there the building of fortune be subordinate to the building of character, America will live in security, rejoicing in an abundant prosperity and good government at home and in peace, respect and confidence abroad."

NEGROES TAKEN IN RAID. Three negroes, believed by the police to be members of a gang from Kansas City, were taken in a raid at sixteenth and Johnson streets yesterday morning. One of the negroes, Columbus Warner, is said to be the same man who was taken into custody Saturday night by Portoimay Bender following a struggle with W. M. Shaw of Fulton, who said that Warner had picked his pocket. Shaw refused to accompany the prisoner to the police station and he was later released. The three negroes are held pending an investigation.

Alkali in Soap Bad for the Hair

Soap should be used very carefully if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle and ruins it. The best thing for steady use is Mulifaid coconut oil shampoo, which is pure and greaseless, and is better than anything else you can use. One or two teaspoonful will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft and the hair fine and silky, bright, lustrous, fluffy and easy to manage. You can get Mulifaid coconut oil shampoo at any pharmacy. It's very cheap, and a few ounces will supply every member of the family for months.—Adv.

Gets Pleasant Surprise

"About 6 months ago my father was very sick with his stomach, which had been troubling him for several years. Three doctors said he had cancer and one said it was gall stones—all agreed an operation necessary, but on account of his age I was afraid to risk it. I told a friend about it, who said his wife had been through the same trouble and had been cured by taking Mays' Wonderful Remedy. I at once bought a bottle for father and he is now as strong as a bear and can eat more ham and cabbage than any 3 men. It removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At all druggists.—Adv.
