Bandit Leader Gives Self Up After Conference.

LAND GIVEN TO COHORTS

Financial Guarantees Allowed Rebel and Men Under Agreement.

EAGLE PASS, TEX. JULY 28.

Francisco Villa, bandit idol of the Mexican people and for years a menace to governments of his country throughout northern Mexico, is entrained tonight with his men for Torreon to take the first steps toward his entrance once more to private Mexican citizenship, a consequence of his negotiations with the De la Huerta government, concluded at Sabinas today.

Advices from Sabinas told also the terms under which Villa agreed in the words of General Eugenio Martinez, commander of the Torreon military zone, to "submit to the De la Huerta government in recognition of its stability and his desire to retire to private life and abide by the laws of the government."

Year's Pay Allowed.

Under the terms, advices state, Villa is to be allowed a year's army pay for his soldiers and be permitted to go with them to Torreon, under personal escort, where this condition will be effected. The band numbers about 100, it is said. W. Torreon, the men are to be "mustered out" of Villa's service and each allowed a tract of land. Villa, too, it is said, has been given financial guarantees.

General Martinez, communicating to Euliano Tamames, Mexican agent of Eagle Pass, termed Villa's acceptance as "an act of patriotism." He has wired that railroad traffic in the Sabinas district is being resumed and that he has given orders for running of all trains on schedule.

Slaughter Rumor Unconfirmed.

Details of the negotiations with Villa say that the conference for surrender conducted for the De la Huerta government by General Martinez lasted all night, ending at 11 o'clock this morning.

Rumors of slaughter of Sabinas policemen and mutilation of bodies of many women, there yet lack confirmation.

Other reports, however, told of general rejoicing in Mexico and of celebrations planned.

RECOGNITION HELD NEARER

Surrender of Villa May Aid Mexico With United States.

WASHINGTON, July 28.—Recognition of the new Mexican government by the United States in the opinion of Mexican observers here has been brought nearer by Francisco Villa's surrender. He is under indictment charged with the killing of soldiers and civilians at Columbus, N. M., in 1916, and his extradition may be sought. In such contingency the Mexican government might be afforded fresh confidence.

With Villa peaceful, it is believed generally, the prospects for restoration of order are much better.

Sir Thomas Lipton, who hid his bitter disappointment behind his cordial congratulations to Resolute and her crew, saying that the better boat won, will soon leave for a visit to Canada. He will issue another challenge in 1922, and will name the challenger Shamrock V, he said.

Resolute's successful defender of America's cup, was greeted by a great chorus of whistles when she passed up the Hudson river today.

Shamrock IV, the defeated cup challenger, left Sandy Hook shortly after noon for an anchorage in the Hudson river. Passing steamers gave her almost a continuous ovation of whistles.

Sir Thomas Lipton, owner of Shamrock, said today that he had not made up his mind what he would do with the racer and the trial boat, the 33-meter Shamrock. It is understood he had received offers for both boats from American yachtmen.

The 33-meter challenger will be sent home on the first available ship, Sir Thomas said.

UNITED STATES IS SCORED

FAILED TO ASSUME RESPONSIBILITY, SAYS DONALD.

President Wilson's Failure Is Lamented by Head of Press Body in Great Britain.

HALIFAX, N. S., July 28.

Failure of the United States to assume some of the responsibilities "which its triumphant entry into the world imposed upon that country" is largely responsible for continued unsettled conditions throughout the world, Robert Donald, chairman of the Imperial Press conference, said in an address to a civic luncheon given at the Imperial Press conference delegates.

"The two branches of the English speaking people," he said, "acting together harmoniously in peace as they did in the latter period of the war, could have reconciled, or silenced, the clashing interests of Europe and the new democratic states, carved out of old tyrannical empires, gently but firmly into the paths of peace and establishing on a sure and lasting foundation the league of nations. Then, indeed, the world would have been safe for democracy. Let us hope that the lapse of America is only temporary."

"Two years ago President Wilson was the inspiring moral force of democracy. He rose to a pinnacle of greatness unequalled by the head of any state, the hope of humanity were centered upon him. Mr. Wilson's failure, the reason and cause I will not discuss, to live up to lofty principles and noble ideas chilled the hearts of millions who had put their faith in him and almost worshiped him. They look with real sorrow upon the moral lapse of America as one of the tragedies of history."
