

THEATER PICKETERS' CASE BEFORE COURT

Hearing on Injunction to Restrain Unions Begins.

HOT ARGUMENTS DEVELOP

Mr. U'Ren's Proposal That Jensen & Von Herberg Be Made Plaintiffs Protested.

The hearing of the owners of five moving picture theaters in Portland for a permanent injunction to restrain the unions from picketing their theaters opened yesterday afternoon before Circuit Judge Tucker and further arguments will be presented this morning, beginning at 9:30 o'clock.

Mr. U'Ren, one of the attorneys for the moving picture employers, local No. 153, moved that C. S. Jensen and John J. Von Herberg be made parties plaintiff to the suit.

Mr. U'Ren asserted that the People's Amusement company, of which the Star and People's theaters are parts, the Liberty Theater corporation, the Majestic Amusement company and the Columbia Amusement company, were all operated under the direction of Jensen & Von Herberg, and that these two men should be added as plaintiffs in the case.

Mr. U'Ren declared that the picketing of the theaters was peaceful and that peaceful picketing is allowed. No one was prosecuted for entering the theaters, he said, and the pickets were silent. He held that if theater employees do not go to work in which the employers treat them as the employees have a perfect right to strike.

Mr. Malarky said there was no controversy here between employers and employees, that the trouble arose in Washington and that this was a sympathetic strike.

The attorneys for the moving picture theaters were reading a decision of the supreme court of Texas in which peaceful picketing was not upheld when the court adjourned until this morning.

Mr. U'Ren and E. E. Pettigrew are attorneys for the union and Dan J. Malarky, John F. Logan and Arthur L. Vesie for the employers.

HIGHWAY IS DISCUSSED

TERWILLIGER BOULEVARD NOT FOR AUTOS, SAYS KEYSER.

City Commissioners to Investigate Roadway to Determine Its Safety.

"Terwilliger boulevard was never intended for an automobile highway, nor for a main traveled highway. When it was designed, it was for a pleasure highway to accommodate horse-drawn vehicles."

This was the statement of C. F. Keyser, superintendent of parks, who was the engineer in charge of the construction of the boulevard. Recently Mayor Baker stated that he believed the construction of this highway was a "poor piece of engineering."

"Statements to the effect that the roadway is dangerous have been exaggerated," said Mr. Keyser. "It goes over the highway on a wet day at 25 miles an hour with reasonable safety. But I admit that, with the boulevard linked with the Pacific highway and the large amount of travel, the curves on the boulevard should be banked with sufficient barriers have already been installed. There are a number of bad places in the boulevard. One in particular where the grade suddenly drops from 3 to 5 per cent, which should be remedied. All of these changes can be made for a nominal sum."

City Commissioner Barbur, in charge of the department of public works, and City Commissioner Pier, in charge of the park bureau, have been named by Mayor Baker to make a thorough investigation of the roadway and to report to the city council with recommendations.

BUREAU MAKES CHANGES

BATTALION CHIEF HOLDEN IN CHARGE DISTRICT 4.

Complimentary Dinner Tendered to Retiring Head of Portland Fire Department.

Several reassignments in the Portland fire bureau were announced yesterday by Acting Fire Chief Young resulting from the retirement of ex-Chief Dowell and the vacation taken by Assistant Fire Chief Laudenklos.

Battalion Chief Holden is now acting assistant chief in charge of district No. 4. Assistant Chief Laudenklos left last night on his annual vacation of 15 days' duration and, in addition, he has been granted a 30 days' leave of absence by City Commissioner Bigelow. Laudenklos plans to visit in southern California during his absence from Portland.

Captain James Dillane, who was appointed acting battalion chief of district No. 2, formerly under the supervision of Chief Young.

Captain W. D. Heath of engine No. 21 was appointed acting battalion chief by Chief Young and placed in charge of district No. 3. Battalion Chief Grenfell continues in charge of district No. 1 and will also continue in charge of the fire marshal's office.

A complimentary dinner to Chief Dowell and Assistant Chief Laudenklos was given at the Imperial hotel Wednesday night by Acting Chief

Young. This dinner took the form of an auld lang syne affair, the veteran firefighters indulging in reminiscences. Virtually all of the men who attended the dinner have been in the fire department a good many years. Those attending were City Commissioner Bigelow, Chief Dowell, Assistant Chief Laudenklos, Acting Chief Young, Battalion Chief Holden, Battalion Chief Grenfell, Captain Dillane and Captain Heath.

Chief Dowell returned to Portland yesterday from a visit to the mountains. As yet Mr. Dowell has not decided on his future course, although he said he was seriously considering a business venture.

17-CENT MILK FORECAST

SAN FRANCISCO RISE TAKEN AS GAUGE FOR PORTLAND.

Distributors' Representative Charges Dairy League Is in Control of Situation in South.

Increase in the retail price of milk sold in San Francisco to 17 cents a quart, effective August 1, is typical of the future price of milk in Portland, if the Oregon dairy men's cooperative league gains complete control of the milk situation, according to Mr. Gregory, representing the Portland milk distributors, who are engaged in a controversy with the league officials.

"In San Francisco," said Mr. Gregory, "the league is in complete control of the situation. As a result of this monopoly the price is advanced just 2 cents a quart higher than the Portland price. However, the price for butter fat, which is the guiding price for milk, is \$2.80 a hundredweight, or approximately the same as the price for butter fat in Oregon."

Mayor Baker announced that he would review all evidence gathered by Deputy City Attorney Mackay before he would make any announcement as to future action.

A milk commission will not be appointed until Mayor Baker is certain that all other measures have failed and that a commission is necessary.

TOURIST SEEKS GASOLINE

Motorist Says Fuel Is Bootlegged in Seattle at Night.

"They have a new sort of bootleggers in Seattle," volunteered a tourist from the Puget sound city, who yesterday appealed to the Portland chamber of commerce for assistance in securing enough gasoline to make the trip over the Columbia highway.

"Some of the truck drivers up there drain their tanks every night, and make the surplus thus acquired to less fortunate motorists," he said.

Officials of the park bureau inspected samples of the insect yesterday and will forward specimens to Oregon Agricultural college, in an effort to learn of the best methods of eradication.

City Commissioner Mann brought the earwigs to the attention of the park bureau. Several hundred of the pests were brought to the city hall yesterday by Fred Cooper, transportation manager of the Portland Railway Light & Power company, who lives in Walnut Park.

The earwig has the appearance of a miniature crawfish, about three-quarters of an inch in length, with a pair of small claws, which are used both for steering purposes and for defense.

According to Mr. Cooper, earwigs first appeared in the Walnut Park region a year ago, and this year have advanced about three blocks.

In addition to destroying plants and flowers the earwigs invade homes and are said to find relief in food in pantries and are also known to nibble on fine linen and clothes.

Professor Kent of the United States department of agriculture and C. E. Brewink, mail contractor on the river run between Lewiston and Pittsburg landing, a point about a hundred miles up the stream, will construct two new boats fitted for tourist passenger travel.

Mr. Brewink makes the trip up into the canyon each week carrying mail to the settlers.

ROSIARIAN BAND TO PLAY

Concert of 7 Selections to Be Given in St. Johns.

The public concert of Conductor Ettinger's Rosarian band for tonight is to be presented in St. Johns. The programme numbers announced are:

Overture, "Post and Preasant" (Suppe); medley, "Tone Pictures" (Trenkner); waltz, "Dreams of Childhood" (Waldteufel); section, "Fire Fly" (Prinz); Intermission Selection, "Serenade" (Herbert); American negro sketch, "Down South" (Middie); "American Pastoral" (Bendis).

Roseburg to Get Another Nurse.

ROSEBURG, Or., July 29.—(Special.)—Miss Jane C. Allen, state advisory nurse representing the state board of health, and Miss Grace Harrington, director of the department of nursing and the bureau of public health, arrived in Roseburg this morning to consult with members of the local Red Cross and pave the way for another public nurse to be commissioned to this county to carry on child welfare work.

School Bids Rejected.

ABERDEEN, Wash., July 29.—(Special.)—Four bids were rejected Tuesday by the board of education for erection of a school building on the south side authorized by recent school bond elections. The site of the proposed building is on Boone between Cushing and Perry streets. The estimated cost of the building was set at \$18,000.

Change of Venue Granted.

ASTORIA, Or., July 29.—(Special.)—A change of venue to Columbia county has been granted by Circuit Judge Eakin in the case of H. N. Bell against Christy for operating the county rock bridge to recover \$8622.72, alleged to be due the plaintiff under his contract for operating the county rock crushing plant at Tongue point during 1919.

These prices are low!

EARWIGS INVADE THE CITY

PESTS DESTROY FLOWERS AND SHRUBS IN WALNUT PARK.

Specimens Sent to Agricultural College to Learn Best Method of Eradication.

Earwigs are the latest pest to infest a residential district of Portland. An army of the pests are reported in Walnut Park, destroying flowers, shrubs and vegetation.

Officials of the park bureau inspected samples of the insect yesterday and will forward specimens to Oregon Agricultural college, in an effort to learn of the best methods of eradication.

City Commissioner Mann brought the earwigs to the attention of the park bureau. Several hundred of the pests were brought to the city hall yesterday by Fred Cooper, transportation manager of the Portland Railway Light & Power company, who lives in Walnut Park.

The earwig has the appearance of a miniature crawfish, about three-quarters of an inch in length, with a pair of small claws, which are used both for steering purposes and for defense.

FOREST FIRES IN IDAHO

Most Serious Damage Reported 20 Miles North of Boise.

BOISE, Idaho, July 29.—(Special.)—Fire in this state, the most serious one reported from southern Idaho being about 20 miles north of Boise at the head of Robie and Dargert creeks. Fighters have been taken to the scene from Boise and Idaho City. With the aid of the forest service it is believed that the fires can be brought under control without serious damage to commercial standing timber.

So far it has been confined to old slashings in forests cut over some years ago. In the immediate vicinity the Boise-Payette Lumber company has heavy timber holdings. It is one of the leading operating companies in the state.

DEATH CAR DRIVER HELD

Salem Police Chief Says Autoist Was Making 8 Miles an Hour.

SALEM, Or., July 29.—(Special.)—G. W. Winland, who during the Elks convention last week ran down and killed Mrs. E. E. Dennison, was arrested today on a charge of violating the traffic ordinance. Mr. Winland's hearing has been set for Friday.

Chief of Police Welsh, who witnessed the accident, swore to the complaint at the time Mrs. Dennison was killed. Mr. Welsh said the automobile driven by Mr. Winland was not running to exceed eight miles an hour.

WASHINGTON GUARD PRAISED.

ABERDEEN, Wash., July 29.—(Special.)—The Washington national guard is regarded as among the three or four most efficient in the United States by national guard inspectors, according to George Acret of Aberdeen, who was adjutant of the second battalion of guards.

In addition to destroying plants and flowers the earwigs invade homes and are said to find relief in food in pantries and are also known to nibble on fine linen and clothes.

Professor Kent of the United States department of agriculture and C. E. Brewink, mail contractor on the river run between Lewiston and Pittsburg landing, a point about a hundred miles up the stream, will construct two new boats fitted for tourist passenger travel.

GASOLINE DEARTH WANES

ASSOCIATED TO RECEIVE BIG ALLOTMENT ON MONDAY.

Company to Furnish 100 Per Cent Tank Capacity to Commercial, 50 Per Cent to Pleasure Cars.

With an increase of the Oregon allotment of gasoline to the Associated Oil company, which is believed will reach 50 per cent, the gasoline shortage situation will be considerably relieved, beginning Monday.

Beginning Monday, the Associated Oil company will furnish 100 per cent tank capacity to commercial vehicles and 50 per cent to pleasure cars, instead of the 20 per cent allotment formerly in effect. The price of 27 cents a gallon charged by the company will remain in effect, it was announced.

Further relief from the gasoline shortage is promised by the Union Oil company, which has purchased 1,500,000 gallons of gasoline from outside sources, a portion of which will be diverted to Oregon trade. This will enable the Union Oil company to reopen a number of stations which have been closed for a week or more.

No change in the gasoline situation was reported yesterday by the Standard or the Shell Oil companies.

Asotin Barn Burns.

LEWISTON, Idaho, July 29.—(Special.)—The news of the burning of the large barn and silo belonging to Arthur Parrish, prominent farmer of Asotin county, has just been received here. The origin of the fire which destroyed the structure is unknown.
