COX, IN SUN, VIEWS CROWD

Democratic Candidate Tells Paraders He Will Be Next to Occupy White House.

DAYTON, O., July 30.—Belief that he would be elected president was expressed by Governor Cox today in an address at the "home coming" celebration here. After standing two hours under a burning sun, reviewing a parade estimated to contain between 8000 and 12,000 marchers, crowds stormed the reviewing stand and insisted on a brief address from the guest of honor, in which he thanked his audience "for the testimonial" given him.

CHRISTENSEN'S SUES FOR FEES OF SUFFRAGE

Both Parties Plot to Kill Ratification Is Charged.

SUPPORT PLEDGED IRISH LEAGUE IS DEAD ISSUE, SAYS NOMINEE; CALLED ATTEMPT TO ESTABLISH INTERNATIONAL BANKERS' SOVIET.

NEW YORK, July 30.—The league of nations is "nothing more than an attempt to establish an international bankers' soviet," declared F. P. Christensen, presidential nominee of the farmer-labor party, here today.

"The league of nations is a dead issue," he said. "If it were not, I should want to kill it." Christensen, who is a member of the executive committee of the Irish League, said that the league was another point on which he expressed himself. "I am one of those who are sufficient to love the principles of human freedom to come out squarely for recognition of the Irish republic," he said. "I am not a member of the league, but I am one of those who are sufficient to love the principles of human freedom to come out squarely for recognition of the Irish republic," he said.

the heading, "Chairman White's First Act," says:

"George White, the new democratic chairman, arrived in Washington yesterday. His first act, a dispatch from that city recapitulating the two official slogans for the campaign: "Cox sure" and "Peace, progress and prosperity."

Chesapeake Is Charged.

"There is flavor of cheap county politics about this sort of thing which, it is to be hoped, will be missing from Mr. White's future performance," he said. "The sun, which is vehemently in opposition to the 18th amendment and the oldest prohibition enforcement act, found cause for exultation in another editorial yesterday over a statement by Homer Cummings, former national democratic chairman, that 'the west is no longer interested in prohibition.'"

WASHINGTON BAR ELECTS OTTO B. RUPP OF SEATTLE AS CHOSEN PRESIDENT.

Direct Primary Causes General Scramble of Unfit for Office, Says J. O. Hawley.

BERKEEEN, Wash., July 30.—The direct primary is a great failure, declared Jesse O. Hawley, son of ex-Governor Hawley of Idaho, in an address today to the closing session of the annual convention of the Washington State Bar association.

Both the democratic and republican parties, the candidate declared, are "engaged in a conspiracy to camouflage the league issue. Their purpose is to keep the higher type of the party out of the race, and to put in the place of the old party candidates is elected."

Mr. Christensen charged that "there is a plot on between the reactionaries of the United States, and democratic parties to stifle ratification of the suffrage amendment by the necessary 36th state."
