

IRISH SLAY FRIEND OF VISCOUNT FRENCH

Frank Brooke One of Most Prominent Men in Isle.

EIGHT SHOTS ARE FIRED

Murder Attributed to Political Motives; Sinn Feiner in Prison for Threatening Victim.

DUBLIN, July 30.—Frank Brooke, wealthy country gentleman, close friend of Viscount French, lord-lieutenant, and member of a committee on Irish reconstruction appointed last year by the viceroy, was assassinated today.

Mr. Brooke was killed in the directors' room of the Dublin & South-eastern railway, where he had gone to attend a meeting of the board of directors. Three assassins fired at Brooke while he was talking with another director. One shot entered Brooke's lungs and he died immediately. Brooke had no time to use his revolver.

Revenue May Be Motive.

One reason assigned for the shooting of Mr. Brooke is his association with Viscount French. Robert Barton, member of parliament for East Wicklow, was sentenced to three months' imprisonment early in the year on a charge of threatening Viscount French and coupling Mr. Brooke's name with that of the lord-lieutenant.
