## Will YOU Profit by the Experience of the Hartford Accident & Indemnity Company?

The Hartford Accident & Indemnity Co. is using Dictaphones in its Claim Audit Department at Chicago. A. V. Cornell, supervisor of this department, credits The Dictaphone with speeding up letter production. He attributes this to the ease with which executives can dictate every detail of an important subject, either during or after office hours. HARIFORD ACCRETT & INTERNATION DICTAPAONE

"The Shortest Route to the Mail-Chute"

Hamilton Brown Shoe Company, St. Louis, Mo., says: "We find the 29 Dictaphones used in our various departments absolutely necessary in handling the large volume of correspondence. The Dictaphone is a time-sayer of the first order. That it saves us money we know, for our dictators can turn out at least 30% more letters than formerly."

Albert Pick & Company, Chicago, Ill., Mr. Albert Pick, Jr., says: "We are using 55 Dictaphones in our Adjustment, Sales, and Purchasing Departments. The gratifying results that we have secured from these machines can be ascribed to the increased speed with which our correspondence is handled and to the convenience of being able to dictate at any time."
