

MAZAMAS CONQUER BAKER'S IGY SLOPES

John A. Lee Leads Party in Pathfinding Ascent.

OFFICIAL CLIMB IS LATER

40 Persons Expected to Try to Scale Peak Tomorrow, Thursday and Friday.

CAMP SAMMONS, MOUNT BAKER, via Glacier, Wash., Aug. 10.—(Special.)—Mount Baker's icy slopes have been conquered by the Mazamas. A society party under the leadership of John A. Lee of Portland, former president of the Mazamas and a veteran of many climbs on Baker, scaled the peak Thursday. In the party making the ascent were John Penland of Albany and Jameson K. Parker and E. C. Sammons, president of the club, both of Portland. The trip was made for the purpose of finding a route over which the official climb will be made next week by the main party. While Mr. Lee and his companions actually gained the summit on Thursday, the trip consumed three days. The party reached the summit at 11 P. M. and due to the lateness of the hour was unable to return to the camp for the night, being forced to pass the night in the rocks high on the mountain side without food or shelter. The climbers walked all night to keep warm. No ill effects came from their experience and these men will be in charge of the climbing parties on the official Mazama ascent which probably will be made next Wednesday, Thursday and Friday, when it is hoped to take about 40 persons to the summit.

Exploration Trips Many. The Mazamas have been a very active organization during the week. Many explorations trips have been taken. One party consisting of R. H. Bunnage, Rudolph Kimbach and D. L. Cone made a 30-mile trip to Ruth mountain which lies northeast of camp, from which vantage point a splendid view of Mount Shuksan's glaciers was obtained as well as a grand view of the Selkirk in Canada. R. W. Montague of Portland, A. H. Marshall of Vancouver, Professor F. G. Franklin of Willamette University, F. L. Smith of Bellingham, Wash., and Ernest E. Howard of Kansas City, explored some glaciers on the north slope of Mount Baker on Thursday. Yesterday afternoon W. A. Gilmore of Portland and A. H. Marshall of Vancouver, explored the Austin Pass and Dewey mountain region, reporting that they saw a number of real Mazamas—mountain goats.

Mount Shuksan to be Scaled. Under the leadership of Edwin F. Peterson and Roy W. Ayer, a party consisting of Miss Ethel Louisa, Miss Jennie Hunter, Miss Doris M. Olsen, Miss Bernice Gardner, Harry L. Wolberg, Professor Edgar E. Courser, Professor B. A. Thaxter, Donald I. Cone, Professor F. G. Franklin, R. S. Bunnage, E. B. Gehme, F. Giescke, F. L. Smith, Frank M. Redman, Rudolph Kimbach, A. H. Marshall, Roy A. Perry and John R. Penland left Saturday morning for the ascent of Mount Shuksan. This mountain has seldom been ascended. The first recorded trip made to its summit was made in 1906 by two Mazamas, Asahel Curtis of Seattle, and R. W. Price.

Mr. and Mrs. Kurt Koehler, Mrs. G. B. Maxwell, Mrs. Ise Delbruck, Francis D'Arcy, all of Portland, and E. E. Howard of Kansas City, have left camp for home. The Koehler party motored from Portland to Excelsior, nearest point on the road to Camp Sammons, and on the return journey will go via Snoqualmie pass into eastern Washington. George Hartness has been called to Portland and Miss Luoy M. Lewis left for her home in Corvallis in response to telegraphic request.

Camp Fire Sessions Interesting. Recent arrivals in camp are C. F. Easton and A. J. Craven of Bellingham, Wash., and Mr. and Mrs. George M. Meredith, Roy A. Perry, Alfred F. Parker, corresponding secretary of the organization, Arthur D. Platt and Kenneth Frazer, all of Portland, who arrived Saturday.

The camp fire sessions have proved very interesting both from the viewpoint of information concerning the region reported upon by each exploring party upon its return, and entertainment and fun.

HARBOR IS BEING WATCHED

LINCOLN COUNTY RESIDENTS ASSURED OF INTEREST.

Banquet Tendered at Newport in Honor of Senator McNary and Representative McArthur. NEWPORT, Or., Aug. 10.—(Special.)—At a banquet tendered Senator McNary and Representative McArthur at the Abbey house here last night by the ports of Newport and Toledo, residents of Lincoln county were assured that their progress was closely related to the progress of the nation. Representative Hawley made an inspection of the Yaquina Bay harbor and surrounding country last week. He was unable to be present last night and in the presence of Senator Chamberlain later this month is looked forward to, as he has stated that he will visit Yaquina Bay. Senator McNary and Representative McArthur said that harbors on the Pacific coast must be developed to their fullest extent to market Oregon's greatest resource, timber. Senator McNary declared: "The substantial value of this community lies in its harbor, and I will do what I can for Newport." "Congress gave you more than \$400,000 because the people in this district showed their faith in it by subscribing a similar amount through taxation, and with the added cost in construction, costing the local ports \$250,000 more, which they have agreed to raise, additional help should be forthcoming from the government. "If you get 20 feet on the bar—at present 18 feet is the official depth at mean low tide—the government will give you all the boats you desire, and if you get 25 feet on the bar vessels may sail to any part of the world, making this a port of call." Representative McArthur followed Senator McNary and said: "In the lower house Oregon is up against a rather unusual condition. A line drawn north and south at the eastern end of Colorado leaves a vast territory on the eastern side represented by 22 congressmen as against the 28 members from Pennsylvania and 42 from New York, while in the

EXTENSION, B. C., IS ENCIRCLED BY FIRES

Bush Blazes Are Reported Sweeping on Nanaimo.

SOME BUILDINGS LOST

Sparks Set Mining Structures Ablaze—Firefighters Sent to Vancouver Island.

VANCOUVER, B. C., Aug. 10.—Bush fires tonight were encircling Extension, B. C., on Vancouver Island, and were sweeping toward Nanaimo, according to word received by provincial police here. So close were the flames to Extension, according to the report, that a number of mine buildings in the town had been fired by sparks. The town is six miles from Nanaimo. A force of 50 firefighters was sent to Vancouver island.

FEATHEAD HAS 3 BLAZES

Serious Fires in Northwestern Montana Are Unchecked.

MISSOULA, Mont., Aug. 10.—Three serious fires tonight were burning unchecked in the Flathead national forest in northwestern Montana and two others in the same preserve had been surrounded by firefighters, the forest service headquarters here announced.

LIGHTNING FIRES TIMBER

Several Places Set on McKenzie But Little Damage Is Done.

EUGENE, Or., Aug. 10.—(Special.)—Lightning set fire to the timber in several places on the McKenzie Sunday, according to N. F. Macduff, supervisor of the Cascade forest, but as far as can be ascertained the fires have not spread to any extent.

OBSERVER LOCATES FIRES

Four Blazes Found in Timber but None Is Serious.

FOUR forest fires, the largest covering about two acres, were reported yesterday by Observer Benefiel of the airplane patrol on his flight from Portland to the Eugene field with Pilot Walker. The fires were reported by radio telegraph to W. E. Naylor, liaison officer at the Portland field. The largest fire was in Washington

CHILD'S FINGERS MANGLED

CENTRALIA, Wash., Aug. 10.—(Special.)—The 2-year-old son of Mr. and Mrs. I. B. Winters of Ford's Prairie, yesterday had the fingers of one hand badly mangled in a washing machine. Amputation of one finger was necessary.

RAILROADS GETTING

COAL RAIL RATE IS CUT

Shipments From Montana to Washington State Affected.

OLYMPIA, Wash., Aug. 10.—The interstate commerce commission has granted reduced rates on coal shipments from Montana to points in Washington state, according to advices received by the state public service commission Monday. The statutory notice period was waived in the interstate order.

COAL RAIL RATE IS CUT

The rate decrease was made over the protest of the state commission, it was said here, the commission urging that while Puget sound mines are now producing about 75 per cent capacity, they would be supplying the local demand fully if the railroads would furnish sufficient cars. Lack of fuel oil and local supply was urged by railroad in asking for the reduction.

COAL RAIL RATE IS CUT

The reduced rate from Montana is \$2.20 a ton to Seattle, \$4.40 to Bellingham and \$5.70 to the Chehalis district.

COAL RAIL RATE IS CUT

RAIN CHECKS IDAHO FIRES

SPOKANE, Wash., Aug. 10.—Fairly heavy rains in the Idaho forests late last night have retarded forest fires in both the St. Joe and Coeur d'Alene districts. The fire fighters were expected to have every flame under control by tonight, declared W. W. Weaver, superintendent of the Coeur d'Alene forest office, today.

IDAHO TAX BOARD MEETS

Assessment Reports Lacking From Three or Four Counties.

BOISE, Idaho, Aug. 10.—(Special.)—Lack of assessment reports from three or four counties, which had not been received today from county assessors, did not deter the state board of equalization from convening.

GENERAL WOOD ON SCENE

Meeting to Determine How Strikers Would Return to Work Begins at Military Headquarters.

DENVER, Aug. 10.—Additional street cars, manned by strikebreakers, were running in Denver today. Frederick W. H. Hill, general manager of the Denver tramway company, said he would make no announcement regarding the communication handed him yesterday by a committee from the executive council of the union that the men were ready to return to work.

GENERAL WOOD ON SCENE

A meeting to determine how and when the striking street car workers would return to work began at military headquarters at 11 o'clock this morning. The military authorities, headed by Major-General Leonard Wood, state officials, city officers, tramway company officials and leaders of the men made up the gathering.

GENERAL WOOD ON SCENE

Colonel C. C. Ballou, in command of federal troops in Denver, described the meeting as intended principally to acquaint Major-General Leonard Wood, commander of the central department of the army, with conditions. Several witnesses of the riots were heard.

GENERAL WOOD ON SCENE

The tramway company today was operating 118 cars on all lines in the city, according to company announcement.

GENERAL WOOD ON SCENE

Twenty men were arraigned in police court today charged with disturbances in connection with riots last week. Twelve were heavily fined
