

### 4 TAKEN IN GAME OF "AFRICAN GOLF"

#### Raid Made, It Is Said, When "Bones" Rolled Fastest.

### SPEEDER PAYS PENALTY

#### Cashing of Canceled Check and Money Theft Puts Two Behind Jail Bars.

Hiram Brines, negro, and John Fisher, Ray Nelson and Andrew Miller, white, started a little game of "African golf" at Second and Pine streets Monday evening with the result that they appear in court yesterday to answer to charges of gambling. The game was raided, it is said, when the "bones" were rolled the fastest, to the tune of "come seven, come eleven."

"Don't you know that you are taking your lives in your hands when you shoot craps with a negro?" Judge Delch asked of Brines' companions. "My goodness, they took me for 30 cents," chimed in Brines. The judge continued the case for sentence, and admonished the "boys" to go inside somewhere the next time they started a "social" game so they wouldn't be such a temptation to the police.

"You're working men and I don't want to take your money away from you in fines," he told them. "I guess you have been punished enough, anyway."

H. S. Farrell, business man and politician, appeared in municipal court, camouflaged in an old suit of clothes, when he answered to a charge of speeding. He failed to "get by" with his income however, for Deputy City Attorney Lansing immediately spotted him.

Judge Delch discharged him on the charge as he was arrested in the cutting districts where he thought there was no great danger.

Fred Muncie paid the penalty for enjoying the pleasures of teaching a fair companion to drive a machine on Union avenue the preceding night. Muncie was apparently too much occupied in the driver, whose name was not divulged in court, to notice the speedometer. The result was that Motorcycle Patrolman Abbott overtook them going 25 miles an hour.

Muncie assumed responsibility for the speed and appeared in court. "I will fine you \$5 this time," Judge Delch told him. "Twenty-nine miles is too fast on Union avenue, especially when the driver is learning to drive."

The judge told him to select a less frequented street in giving automobile lessons in future.

How a Christian Endeavor picnic party was given the thrill of an arrest on "unlucky" Friday, the 13th, was revealed when Henry Kern appeared in court yesterday to answer to the charge of driving with an open cut out.

Kern it seems was driving to a Christian Endeavor picnic with a party of picnickers in his truck when he was stopped by Motorcycle Patrolman Shaylor.

Kern declared he had no cut-out on his machine, and so could not have been guilty. According to the police man he was "sassy."

Judge Delch decided that the driver had been sufficiently punished and so discharged him.

"Ev-do-kin-ov" called out Deputy City Attorney Lansing in attempting to read off the name of Alex Evdokimov, the first on the dock at the opening of municipal court yesterday.

"What are you trying to say?" asked Acting Judge Delch. Evdokimov and a companion by the name of Harry Friday, the first, mixed up a little high finance which resulted in their landing in the toils of the police. Constantine was doing some janitor work around the establishment of Wakefield, Fries & Co. He managed to get hold of a bunch of canceled checks, it is said, and about \$5 or \$6 in money, which had been left in a desk in the office.

Constantine and Friday were then sent on a charge of vagrancy, and Constantine for 180 days for larceny.

### NORMAL HARVEST LIKELY

### GROWING WEATHER DEVELOPS FRUIT AT HOOD RIVER.

### Shipping Firms Expect Pear Picking to Begin Latter Week in August—Help Is Sufficient.

### HOOD RIVER, Or., Aug. 17.—(Special.)—Growing weather of the last several weeks has resulted in indications that the Hood River pear and apple harvest will begin about the normal time this year. Shipping concerns are now expecting the pear harvest to begin in the latter week in August. Kings and Gravenstein apples will also be harvested about this time.

The pear crop will be handled chiefly by the Apple Growers' association, which will follow the usual custom of hauling the pears directly from the orchards to refrigerated rooms, where they will be packed under refrigeration. The pear crop is said to be not over 45 per cent of that last year, when the association shipped 11 carloads of fruit. The main harvest of apples will not begin, it is said, until about October 1. Growers state that no outside help will be needed to harvest pears and transient pickers will not be needed to any extent until October.

No schedule of wages has been announced this year, but it is not anticipated that any increase will be paid. Fruit is of uniformly large size this year and both pickers and packers will be able to earn more each day.

### Board of Equalization of Cowitz County Puts Rate at 93 Cents.

HALAMA, Wash., Aug. 17.—(Special.)—The board of equalization met again today at the county courthouse here and fixed the new rate of taxable valuation of timber in the county at an average of 93 cents. The board will meet again at the last time Saturday, when the timbermen can present objections to this rate, if they have any.

The average old rate for 1919-1919, was 82 cents. The average rate as per schedule submitted by the assessor for 1920-1921 is \$1.08. The timbermen recently submitted a schedule asking for an average rate of 70% cents.

### BERRIES TO BRING \$15,000

Bushes Loaded in Myrtle Point District; Season Begins Soon.

MARSHFIELD, Or., Aug. 17.—(Special.)—Evergreen blackberries will add from \$15,000 to \$18,000 to the wealth of Myrtle Point and surrounding district, it is estimated by A. C. Chase, who is preparing his Myrtle Point cannery for the 1920 crop. The bushes are loaded and the berries are filling well. The season will open the latter part of August, it is expected.

The Myrtle Point cannery paid about \$10,000 for evergreens last year, but many patches were untouched. This year contracts have been made with owners of patches and the supply will be greater. Pickers in 1919 averaged from \$8 to \$9 a day.

Kimberly is said to have been apprehended in Portland and he will be brought back to Gray's Harbor county. About \$100 in cash and checks was stolen from the McDougall & Cole garage Saturday morning. The garage was robbed a few days ago and about \$75 taken.

### BEAR IS TREED BY BOYS

One Stands Watch While Other Goes for Shotgun.

ABERDEEN, Wash., Aug. 17.—(Special.)—While Harvey McAllister and Ber Ford, of Brooklyn were digging gravel for the Vesta road Friday McAllister discovered a bear. The boys were unarmed, so they jumped from the load and made for the creek, from which they began making a big noise and throwing gravel at the bear in order to tre him. They were successful, after which Porter stood watch, while McAllister secured a shotgun from a nearby ranch, with which the bear was killed.
