

COX AGAIN ATTACKS SENATOR HARDING

Opponent Is "Reactionary," Charges Bourbon.

BASE OF CONTEST STATED

Speakers' Bureau Chairman Arrives to Plan Governor's Speaking Tour on Coast.

COLUMBUS, O., Aug. 17.—In addressing the Ohio democratic convention today, Governor Cox attacked Senator Harding, republican nominee, as "reactionary," denounced what he termed Mr. Harding's plan for a separate peace with Germany, but said that the democratic position on the league of nations reservations was not "unbending."

"The San Francisco platform," he said, "gives us the right to enter the league on terms that need no definition. Our position is not unbending. We claim that we can accept anything (in reservations) that interprets, that calls attention to the limitations of our constitution, that calls attention to the other nations that we will go thus far and no further."

League Issue Featured. The league issue was featured by Governor Cox and also in addresses of Secretary Baker and Senator Pomeroy of Ohio.

"Perfectly perfidious act," and "dishonorable deed" were terms applied by Governor Cox to the separate peace proposal as the convention gave him occasion after Governor Harding.

"The separate peace idea," he declared, "will remain in the public mind." "This, after all," he continued, "is the crux of the situation. The reactionary candidate promises you nothing but a proposal which, at its best, promises nothing but months and possibly years of delay. On the other hand, we promise that after March 4 with the least amount of conversation possible, we will enter the league."

War Probabilities Denied. He denounced the republican argument that the league would increase probability of war.

"Denying also that the league could order American soldiers overseas, Governor Cox continued: "The republican leaders in declaring that four or five potential overseas can order our soldiers anywhere, are speaking a deliberate and wilful untruth."

Governor Cox reiterated that congress only may declare war and asserted that "what the reactionary republican leaders would require a constitutional amendment."

German Peace Annulled. After "vigilant study" of Senator Harding's acceptance address, Governor Cox said he found the statement "that has staggered the sensibilities of the other nations, the monstrous proposal for a separate peace with Germany."

"Now that our army is disbanded and the military strength of the allies scattered," the governor said, "he would destroy that pact (the league) and enter into a new covenant."

"I give you this assurance," he continued, "that this dishonorable deed will not be perpetrated, first because Warren G. Harding will not have a chance to do it, and second, that I will not insult 2,000,000 soldiers by doing it myself on the second voyage of the season to Nome today."

Governor Cox said he was indebted to the opposition for furnishing campaign issues. The governor wished the records of himself and Senator Harding in Ohio, especially in the fight for a two-term presidency, to be made public.

Senator Harrison, chairman of the democratic speakers' bureau, will arrive tomorrow to confer with Governor Cox regarding management of the candidate's future speaking trips, and to map out tentatively the governor's Pacific coast tour in September.

ANSWER TO ROOSEVELT READY

Borah Willing to Attack Any Advocacy of League of Nations.

SPOKANE, Wash., Aug. 17.—(Special.)—Readiness to reply in a public speech to any attack on the league of nations voiced by Franklin D. Roosevelt, democratic candidate for vice-president, was announced here today by United States Senator Borah, who said he had been asked by Spokane republicans to reply to Mr. Roosevelt.

"I am always ready and willing to speak against," he said, "Senator Borah today made public a statement in which he attacked the present Idaho primary law and favored a return to the direct primary law in that state."

ROOSEVELT IS AT BILLINGS

Democratic Nominee for Vice-President to Speak.

BILLINGS, Mont., Aug. 17.—Franklin D. Roosevelt, democratic nominee for vice-president, arrived at 1 o'clock today and was immediately taken to the Billings city club, where he was entertained at a luncheon given by the business men.

Mr. Roosevelt will deliver an address here at 8 o'clock this evening.

STRANGER DIES IN FIRE

Unknown Person Victim of Railroad Accident at Tenino.

CENTRALIA, Wash., Aug. 17.—(Special.)—C. T. Turley, operating logging camp near Tenino, was in Centralia yesterday endeavoring to learn the identity of a man who was burned to death Saturday on the Turley logging road.

The stranger asked permission to ride on a logging train. As the train rounded a curve a bridge a short distance ahead was discovered to be in flames. The train crew jumped to safety, but the stranger apparently became confused, and as the car on which he was riding passed over the fire-warped rails he was thrown from the car into the flames.

According to the train crew the stranger was about 22 years old, dark complexioned, of medium height and with a noticeable scar on his left cheek.

ROAD SIGN LACK CITED

Need Again Called to Attention of County Commissioners.

Once more attention of the county commissioners and the highway association has been called to the lack of proper signs at crossroads throughout the state, in a letter this time addressed to them by F. C. Knapp. He said:

Last Saturday a man who had just driven from Chicago to Portland via the southwestern route told me that he considered our failure to place these signs an act which would rankle in the bosom of visiting automobilists for years to come. Then he went on to say that his trip had been one of pleasure until he reached Oregon, but that there was a question in his mind if he would ever be able to overcome the aversion to this state on account of his experience from the California line to Portland.

It does not seem to me that we should let such a simple proposition as the placing of proper crossroad signs sleep in a box. It is a matter of life and death, and responding readily to calls for funds to be used in making our state more attractive. Why disgust them, and our visitors as well, by giving small details lack of attention?

"SWINDLED," SAYS PONZI

DEFENSE TO CHARGE FORGERY AND NOTE-RAISING.

Obligations for \$100 in Many Cases Raised to \$1000, Says Counsel for Financier.

BOSTON, Aug. 17.—An intimation of the defense to be offered by Charles Ponzi, now in jail as the outcome of his financial dealings, was given today by his chief counsel, Daniel McIsaac, who said that Ponzi had been swindled out of thousands of dollars through the forging and raising of his notes.

The attorney declared notes for \$100 in some cases had been raised to \$1000 and others accordingly. At a hearing in federal court today on petitions for receivership of the securities exchange company, of which Ponzi was the head, no opposition was voiced. Judge Morton took under advisement the receivership plea.

Governor Coolidge today expressed the opinion that there are now enough laws to meet situations such as have developed in the Ponzi and Old Colony Foreign Exchange company cases. This comment was made after he had received a letter from District Attorney Pelletier, suggesting that the returns filed by noteholders so far showed that Ponzi liabilities to be \$249,951. This sum included the 50 per cent profit promised.

DRUG POISON KILLS TWO Ex-Soldiers Found in Negro Cabin in Butte, Mont.

BUTTE, Mont., Aug. 17.—Narcotic poisoning was declared by doctors who performed autopsies this afternoon to have caused the deaths of James McAleone and Al McFadden, who were found in a cabin on South Arizona street this morning and died in the police patrol en route to the police station.

A gallon jug of moonshine and a bottle labeled "denatured alcohol" were found in the cabin. The cabin where the two men were found is said to be the home of James Williams, a negro, and his wife, also colored. Both were arrested and subjected to examination by the county attorney and police.

Williams asserted the liquor was brought to the cabin by the two men.

ALASKA TRIP IS WORST

Captain on Return Says Voyage Most Severe of Career.

SEATTLE, Wash., Aug. 17.—(Special.)—A long passenger list, which included the crews of several fishing sea canneries, was brought back by the Alaska Steamship company's liner "Victoria," Captain Fred Warner, returning from her second voyage of the season to Nome today.

Captain Warner reported one of the most severe voyages of his career. The big liner having been delayed nearly two weeks in Norton sound by heavy weather which scattered the fleet almost all the way from Unimak pass to Seattle. Cannery officials, passengers on the "Victoria," say the salmon pack in Bering sea and early in season, was very light this year, in most cases less than two-thirds that of last year.

WHEAT TRADE RESUMED Canada Opens Dealing in Futures Today.

WINNIPEG, Man., Aug. 17.—Trading in wheat futures, which opens tomorrow for the first time since May 1917, was started today on the floor today. Conjectures on what the opening price would be ranged from \$2.58 to \$2.76.

It is thought the trade volume for a few days will be small until there is a larger movement of the new crop and traders readjust themselves. The wheat trade, it was learned today, will continue indefinitely to accept deliveries of old wheat on which participation certificates had been used up to midnight August 14. This is due, it is said, to the trouble experienced in getting their wheat forward.

U. S. STEAMER CALLS AID

Danish Police Get Mutiny Report and Dispatch Armed Men.

LONDON, Aug. 17.—Danish police received a wireless from the American steamer Hoxie, en route for London, which was asking for help because of mutiny on board, said a Copenhagen dispatch. Motorboats with armed men were instantly sent out but no trace of the vessel had been found.

The Hoxie sailed from Norfolk, Va., July 29, for Copenhagen.

RAMSGATE MOB MILITANT

Crowd Attempts to Prevent Loading of German Ships.

RAMSGATE, England, Aug. 17.—A serious clash occurred today between the police and a mob trying to prevent the loading of two German ships. Police dispersed the mob, but several policemen were slightly injured.

Lightning Bolt Kills Boy, 14.

SALT LAKE CITY, Aug. 17.—Vernon Mitchell, 14, was killed by a bolt of lightning this afternoon. His body lay at the city morgue several hours before it was identified by the boy's parents.

Shipping Board Counsel Named.

WASHINGTON, Aug. 17.—Appointment of Colonel G. G. Goff of Milwaukee, Wis., as general counsel for the shipping board, succeeding R. A. Dean of Fall River, Mass., was announced today.

New Jugoslav Cabinet Formed.

BELGRADE, Aug. 17.—Milenko R. Vesitch has formed a new cabinet for Jugoslav. The cabinet is headed by Vesitch and includes several members of the old ministry retain their portfolios in the new regime.

HARDING'S STRENGTH STEADILY GROWING

Bryan Denies He Has Planned to Assist Cox.

PEACE LEAGUE RIDICULED

California and Missouri Papers Get Into Fight With Lineup for Republicans.

OREGONIAN NEWS BUREAU. Washington, Aug. 17.—Signs are appearing of tightly drawn political lines, indicating that the national campaign will soon be on in earnest.

Leaders of public thought, after listening to the two presidential candidates for a couple of weeks are making their choice and taking their positions on one side or the other.

The New York Evening Post declared for Cox yesterday, and on the same day the Hearst papers went further and heretofore, and gave approval to the declaration of Harding in favor of four issues, "Labor, peace league, farm and tariff."

Within the last few days republican leaders have received the welcome news that the Sacramento Bee and the Kansas City Star are in the fight on the side of the republican ticket, and from both headquarters in a few days will be announced the names of several prominent public men who have planned themselves for Cox or Harding.

Bryan Denies Report. Chairman George White's statement that William Jennings Bryan was soon to go on the stump for Governor Cox brings response from Mr. Bryan that he has made no plans for the campaign.

Hearst papers, through the Brisbane editorials, continue to hammer Governor Cox and the Wilson league of nations.

Brishane's editorial of yesterday said: "Cox says republican senators, in opposing the peace league, are trying to annex the presidency of the United States to their domination."

"May be so, but that would please Americans at least as well as to have Mr. Cox, as advocate of the peace league, annex the whole United States to the domination of Europe."

"As between control of the United States by republican senators and domination by a European council, the people of this country would prefer republican senators, however little they may think of republican senators generally."

Brishane favors Harding. "Senator Harding announces his presidential fight on four issues—'labor, peace league, farm and tariff'—the fight will be against the peace league, that makes four American issues. The four issues may not be exactly ideal or complete from every standpoint, but they compare favorably with four such issues, for instance, as Bessarabia, Mesopotamia, Armenia and Bolivia."

"To have a candidate for president of the United States apparently taking interest in things that concern the United States is a refreshing change from Czech-Slovakia and the 14 little points east of the Atlantic ocean."

Yesterday's editorial is followed with this one: "If you want more war, if you are anxious to buy \$100 more bonds that drop down around \$80, if you want another dose of profiteering, vote for the peace league and you will have all those things."

Post Morgan-Controlled. "Yesterday the New York Evening Post, under the editorship of J. Pierpont Morgan & Co., came out formally for the league of nations and Cox. No wonder. One big war made Morgan & Co. financially rich. Did it make you financially rich? You can guess what more war would do for Morgan. What could it do for you?"

Some criticism already is heard of many demagogues who would prefer that their nominee stop his constant haranguing of the republican candidate and the so-called "senate oligarchy."

They complain that he is following too closely the lines of several republican demagogues who started out from August 18 to December 16 by the interstate commerce commission, pending investigation.

Canadian Ruling Canceled. WASHINGTON, Aug. 17.—Regulations proposed by railroads requiring prepayment of freight charges on traffic to points in Canada were ordered suspended today from August 18 to December 16 by the interstate commerce commission, pending investigation.

ALASKA PLANE DAMAGED Three Pilots Scheduled to Start for Dawson Yesterday.

WRANGELL, Alaska, Aug. 17.—In taking off for White Horse, Y. T. yesterday afternoon, plane No. 1 of the American aviators New York to Nome squad, with Captain Street aboard, was slightly damaged.

The three planes which flew to White Horse yesterday were to leave there at 6 o'clock this morning for Dawson unless weather conditions prevented.

Jamaica Police on Strike. KINGSTON, Jamaica, Aug. 16.—A general strike has been called by policemen here and by railway employees, the former demanding double pay, while the latter object to a white chief inspector. Order is being maintained by troops and special police.

Sheriff Starts for Australia. SHERBOGN, Wis., Aug. 17.—Sheriff William Brantley and Chief of Police H. G. Dehne left today on their 12,000-mile journey to Sydney, Australia, to bring back Ed Pooler. It is expected to be a long trip.

PACIFIC LINER LAUNCHED 22,000-Ton Empress of Canada to Go on Oriental Run.

LONDON, Aug. 17.—The steamship Empress of Canada, which is for Vancouver service, was launched today by the Fairfield company, Glasgow. The vessel is the largest liner built by the company and will be the largest running on the Pacific. It registers 22,000 tons. The ship will leave Liverpool in March next year and make a world's tour on the way to her Pacific station.

Socialist Paper Appeals Case. WASHINGTON, Aug. 17.—The supreme court in an action filed today was asked to review federal court decrees rendered in New York convicting the American Socialist party of obstructing recruiting during the war.

—and Now The Multicolor Press

—a machine that prints DIRECT from standard printers' type, thus saving electrotype expense—also prints three colors at one time

Here is a machine that produces printing and form typesetting both at the same time it desired. Equipped with two ink fountain, a letterhead may be printed in ink of one color, the body of the letter through a ribbon on another, while the signature or other desired printing in a third color, all at one operation. Think of it! And direct from type which eliminates expensive curved plates and special type.

The Multicolor Press is a complete printing plant, built on the correct flat-bed principle. It will produce any job printing within its capacity—type page, 8 1/2 inches; sheet size 9 1/4 inches. Everything is standard—flat cuts and half-tones, type in fact all equipment is the same as the printer uses. It is electrically driven at speeds of from 1500 to 5000 an hour.

THE AUTOFEDE Gives you 5000-sheet capacity at one loading. May be filled while press is running. Feeds letter-heads, envelopes, cards, tags, labels, small forms and large—in short, anything from paper to three-pound cardboard—up to sixteen-page bound booklets—at a speed of from 4000 to 5000 an hour.

Who Recommends It? There are many more exclusive features of the Multicolor—features found in no other machine. We could tell you that this Press reduces the cost of printing 40 to 60%—and it actually does—but what you want to know is who has used it for a sufficient length of time to really test it out.

Five years ago Frank Waterhouse & Company purchased one of these machines. It worked so satisfactorily that we now have three in our own printing plant and know from experience that no machine can equal the multicolor in the kind of work it will do, the speed, the cost of production, and, most important, the very low cost of maintaining the machine in first-class order.

Last Friday one of Seattle's leading printers saw our machine on demonstration. After the demonstration he went on record as saying: "I have been in the printing business for forty years and will have to admit that the Multicolor Press is the best press of its kind I have ever seen."

The model plant of the University of Washington is installing a complete Multicolor outfit this month. And other well known firms—leading printers—have seen the machine and ordered it. They know what it can do and how it does it.

What They Say About the Multicolor Press "We have been using the Multicolor Press for over four years and have always found the machine practical and satisfactory in every way. As for repairs and upkeep, the expense has been so small we do not care to mention it."

"Have used the Multicolor Press for a number of years. It has cut down cost of form letters, etc., nearly 50%, besides furnishing us better work than when done outside of our office. In one word, it is absolutely necessary that the match be perfect. We also use it for printing our house organ, miscellaneous office forms, etc."

Fuller Brushes, Inc. of Hartford, Conn., who have had five years' experience with the Multicolor Press, state that it is a "time and money saver." They use it for letters, bill heads, report cards, return envelopes, advertising cards, etc. On 3 1/2 x 5 1/2 cards they report the following results:

Run per hour..... 2,750
3 on per hour..... 11,250
7 hours per day..... 78,750
"On a job of 500,000 we can make a saving of \$100 in a week, and as we do a large amount of this work we find it well worth while."

Specifications: MOTOR—1/2 horse power, 110 or 220 D. C. or A. C. 60 cycles. PRESS SPEEDS—1500 to 5000 an hour. INSIDE DIMENSIONS OF PRESS—32 1/2 inches. SHEET SIZE—8 1/2 x 14 inches. WEIGHT—NET, 100 lbs. GROSS, 225. CUBIC MEASUREMENTS—24x44x44 inches. APPROXIMATE FLOOR SPACE—2x6. AUTOMATIC HAND FEED. AUTOMATIC JOGGER—three sides.

410 Profit in Two Months! The Robert E. Mackenzie Company, 1922 Woodland Ave. S. E., Cleveland, says: "In the short time we have had the Multicolor Press, which we believe is not over two months, the machine has paid for itself. It is a refreshing change from Czech-Slovakia and the 14 little points east of the Atlantic ocean."

Repeat Orders Spell Merit Note these names carefully; firms of this standard buy only where efficiency and economy count. Most of these concerns are using several other presses:

- U. S. Rubber Co.....New York, N. Y. Fifth Avenue Bank.....New York, N. Y. J. V. Farwell Co.....Chicago, Ill. Federal Life Insurance Co.....Chicago, Ill. Square D. Company.....Detroit, Mich. THE AFTER-SMART OF SHAVING IS ALLAYED BY SANTISEPTIC MANY men who would like to shave themselves, dread the after-smart caused by using the razor daily on a tender skin. To all such we recommend Santiseptic Lotion; it not only allays the smarting and soreness, but it acts as well as an antiseptic, protecting the face from infection. The sense of security from infection that you enjoy from the use of Santiseptic is especially reassuring. Santiseptic is too, delightfully cooling and refreshing; it leaves the skin with soft, velvety finish which bespeaks the healthy, well-groomed man. There is no "sting" or "sting" when Santiseptic is used. The odor of Santiseptic is wholesome and clean. Unlike many preparations, it is not sticky. To get it in your daily shave is to enjoy a real luxury. Santiseptic is easily procured at most drugstores and toilet goods counters and costs but 60 cents—Adv.

DID HIM MORE GOOD THAN A LONG TRIP Redman Searched Three Years For Relief From Dyspepsia Before He Found It. "Yes, sir, I've found a real medicine at last, for nothing but a real medicine could do what Tanlac has done for me," said Endolph Redman of 847 Kellogg street, Portland, Or. "During the past three years it seems like I have taken everything under the sun for a bad case of stomach trouble, but it was only recently when I took Tanlac that I got any relief. My appetite was so poor I didn't know what it was to be hungry, and even the little I did eat failed to digest properly, causing awful pains that seemed to run clear around my waist. I had several headaches and at times when I would stoop over and go to raise up everything would be blurred before my eyes and I would nearly fall over. It was in a terrible run-down condition and so nervous the least little noise would cause me to jump, so I came down to Portland from Canada trying the change would do me good. However, it didn't, and my condition became so bad I had to lay off from my work from time to time. "Finally, one of my friends got me to try Tanlac, and I went to say right now I certainly have done the work for me. My appetite is just fine, and I can eat anything I want without my stomach troubling me. The least bit. The headaches and dizziness are all gone, my nerves are steady again, and I've been gaining in weight and strength right along. Why, I'm simply feeling fine, and I don't hesitate to endorse Tanlac after all it's done for me. Tanlac is sold in Portland by the Owl Drug company—Adv.
