

GRAIN TRADES
GENERAL STATE

Good Progress Made With
Fall-Sown Crop.

SPRING WHEAT BEING CUT

Prunes Are Dropping Heavily in
Lane and Marion Counties.

Good progress is being made in harvest-

ing the big grain crop in Oregon. General conditions are summarized by the weather bureau: "The midweek temperatures were abnormally high, maximum records being broken in nearly all localities except coast counties. There was practically no precipitation and rain is now urgently needed for late crops and to put the soil in good condition for early fall plowing. In southern Oregon the air was full of smoke from forest fires and severe drought stresses caused some damage to standing grain in the central portion of the state. Farm work was rushed under favorable conditions. "The harvest of winter wheat and rye continued in eastern counties and threshing was prosecuted there as rapidly as possible in all but early cutting of oats and spring wheat is nearly completed in the Willamette valley and is under way in east and eastern counties, threshing being general in the first-named section. Corn advanced rapidly under the high temperatures, some garden varieties being plentiful in the markets. The commercial crop has been injured some by drought in Lane and Marion counties and a good rain would be beneficial. "Prunes are dropping heavily in Lane and Marion counties, due in a measure to injury to fruit buds by the cold of last winter. Bartlett pear harvest is well along as far north as Douglas county. The weather was favorable for the development of all fruit crops, there appeared to be a tendency toward too rapid maturity, owing to the continuous high temperatures with lack of moisture. "Alfalfa meadows under irrigation made splendid growth; the hot weather is starting the third crop in Malheur and Umatilla counties and this crop is now being marketed in the markets, clover is opening fast in Lane county, where it is about ready to cut. New stands of May-planted clover show well in Douglas county. Pastures and ranges on low lands are very poor, but the mountain ranges continue good. Stock are about holding their own, although in some localities they are falling off in flesh, owing to poor feed and the hot weather. "Potato digging has begun in Douglas and the crop is ripe in Josephine county, but elsewhere is much in need of rain to insure best results. Truck crops on non-irrigated lands are also suffering for rain and being unfavorably affected by the excessively hot weather of the past week. Hop and corn crops are being marketed in large quantities and are becoming more plentiful at reasonable prices."

COUNTRY WHEAT BUYING IS LIGHT

Bids Are Advanced From One to Three Cents on the London Board. Wheat trading in the country was again reported quiet. At the local exchange quotations were higher all around. September bids were raised 1 cent on north and 1/2 cent on hard winter and 1 cent on soft white and red winter. Oats bids ranged from unchanged to 1/2 higher and barley advanced 50¢ to 1¢. Corn was unchanged. Canadian crop conditions are generally very promising. Rye-cutting is about finished, with some threshing; yield and quality are good. Wheat harvest has started and will be general next week. The general stand is good. Yields may be disappointing in some sections, due to extreme heat and lack of moisture, causing chaffing. Oats are good. Hay and pasturage are good to excellent. The labor supply is adequate. "Broomcorn cables that foreign crop conditions are generally favorable. Import requirements of France this year will be very light. France has sold to Argentina 40,000,000 bushels of Argentine wheat at about \$2.15. It is expected that the first rain of the season will return to the Argentine, has permitted the export of 7,000,000 bushels to France, duty free, according to reports from commercial sources. "Terminal receipts, in cars, were reported by the Merchants' Exchange as follows: Portland—Wheat, 1,400,000; barley, 1,400,000; rye, 1,400,000; oats, 1,400,000; corn, 1,400,000; soybeans, 1,400,000; cotton, 1,400,000; sugar, 1,400,000; flour, 1,400,000; oil, 1,400,000; other, 1,400,000. "Wheat—Wheat, 1,400,000; barley, 1,400,000; rye, 1,400,000; oats, 1,400,000; corn, 1,400,000; soybeans, 1,400,000; cotton, 1,400,000; sugar, 1,400,000; flour, 1,400,000; oil, 1,400,000; other, 1,400,000. "Barley—Barley, 1,400,000; rye, 1,400,000; oats, 1,400,000; corn, 1,400,000; soybeans, 1,400,000; cotton, 1,400,000; sugar, 1,400,000; flour, 1,400,000; oil, 1,400,000; other, 1,400,000. "Corn—Corn, 1,400,000; soybeans, 1,400,000; cotton, 1,400,000; sugar, 1,400,000; flour, 1,400,000; oil, 1,400,000; other, 1,400,000. "Soybeans—Soybeans, 1,400,000; cotton, 1,400,000; sugar, 1,400,000; flour, 1,400,000; oil, 1,400,000; other, 1,400,000. "Cotton—Cotton, 1,400,000; sugar, 1,400,000; flour, 1,400,000; oil, 1,400,000; other, 1,400,000. "Sugar—Sugar, 1,400,000; flour, 1,400,000; oil, 1,400,000; other, 1,400,000. "Flour—Flour, 1,400,000; oil, 1,400,000; other, 1,400,000. "Oil—Oil, 1,400,000; other, 1,400,000. "Other—Other, 1,400,000. "NORTHERN CANTALOUPE ARE GOOD

Car of Yakima Cantaloupe Is on the Market.

A car of Yakima cantaloupes arrived yesterday, but they are not yet on the market. The Burrell Bros. of the city are the buyers of the Bucky Ford. They were of good quality and sold at \$2.50 per crate. California cantaloupes are being marketed at the same price. A car of Hibeta peaches also arrived. The movement in new potatoes has been for several days. Jobbers ask \$1.25 per bushel for the best grades being marketed. Fresh Nebraska eggs were quoted by jobbers at 54 cents and select at 58 cents. Fresh Nebraska eggs were in transit from the east, but supplies are usually drawn from that section at this season
