Intent Announced of Trying for Olympic Games in 1920 by Republic Leader.

COLUMBES, France, Aug. 29 .- (By the Associated Press.)-The United States again today carried away first honors in a monster athletic meet organtzed by the Union of Sporting Federations of France. The event had been widely advertised in France as "a revenge for the Antwerp Olympic

The American team scored 134 points, Sweden 128 and France 78. Some 25,000 persons attended. A Some 25,000 persons attended. A strong wind made fast time by the distance runners impossible. France in the long runs was handicapped by the absence of her star performer, Guillemot, who is still lame.

France Wants Next Games. Gaston Vidal, deputy president of the Union of Sporting Federations, said that France would make a strong bid for the Olympic games of 1924. In the 110-meter hurdles Thomson, Dartmouth college star, was first, H. E. Barron, Meadow Brook first, H. E. Barron, Meadow Brook club, Philadelphia, second, and J. M. Watt, Ithaca, N. Y., third. A spring such as we had this year holds up the development of a pitcher's arm, and it does not attain its normal effectiveness until long after the opening of the season. With this condition prevailing the batters had comparatively mediocre pitching to face, and their

"Then there was a lively ball at the start of the season. No one ever actually announced it, but it is the truth. The outfielders were playing out against the fences for mediocre hitters and every one was hitting the ball hard. I think that the lively ball has been withdrawn from play now, but there is no doubt in my mind that it was used earlier in the season. That is not my opinion alone; it is the opinion of most of the players in the league. "Then the rules against roughening the ball, or discoloring it, have helped the batter some. It is no more than right. With a ball that is cut, shined or discolored, anyone can pitch. It takes no ability. A schoolboy can pitch effectively against a major league club if he is permitted to slash the ball to suit his fancy. It is next to impossible to hit a ball that has been 'scuffed' when it is thrown with great speed. Now when a ball 'salls' it is immediately withdrawn from play. It brings in a new ball constantly and helps the game. "There is no use denying that it is hard to curve a new ball. But hitting
