YOU ALL WANT MONEY.
Here is a chance far beyond the fixed standard of returns. Naturally you are a skeptic. Can show you by references of ten national banks, four states, including Oregon, where permits have been granted, responsible trust company, where stook is registered, high federal and state officials, financial statements, auditors reports and references from 200 enthuisastic stockholders who made 350 per cent in the past year should remove your skepticism. enthuisastic stockholders who made 350 per cent in the past year should remove your skepticism.

After you have investigated you will be convinced the investment is as represented. Then you will have nothing to overcome but a piker instinct, which is a curse to most men when it comes to money matters. There are few people who in a long life could not have, made money, but for their timidity. Few people get out of the rut by hard work and economy. A good investment is worth a lifetime of sacrifice.

Natural resources, commercialized, like coal, iron, oil, copper, have paid fabulous returns. A big producing company now paying bigger dividends than any bords or mortgages desires funds for profitable and conservative expansion. Money is safeguarded a thousandfold by proven reserves of the most vital commodity of modern progress.

Investigation urged through your own banking channels. 401 Rallway Exchange building, Portland, Or. P. O. box 575.
