

INJURY TO SCHOOLS BY QUITTING FEARED

W. F. Woodward Criticizes Resignation of Bittner.

PRECEDENT IS HELD BAD

Offer of Higher Pay to Mathematics Department Head Is Declared Responsible.

"The effect on the teaching force at this late date just before the opening of school tends toward demoralization of the whole school system," said W. F. Woodward, member of the school board yesterday, in commenting upon the action taken by the board in accepting the resignation of Omar N. Bittner, head of the mathematics department of Washington High school.

"Mr. Bittner is a man of more than ordinary ability and his loss will be felt by everyone concerned," he said. "It is impossible to replace him now."

Mr. Bittner tendered his resignation when he received the offered position of superintendent of the McMinnville schools. Mr. Woodward voted against accepting the resignation at the school board meeting, but A. C. Newell, Frank L. Shull and George B. Thomas, who presided as chairman, voted in favor of it.

Harmful Effect Foreseen.

"Mr. Bittner resigned because he could get an increase in pay and title," said Mr. Woodward. "When it becomes known that, based entirely upon pay, an instructor has given up his contract and left us, the effect on the teaching force will be harmful."

"The suggestion was made that Mr. Bittner's salary be raised, but this was out of the question because an advance to him would mean an advance to other teachers in similar positions in the other schools of the city. The whole question of salaries is now under consideration and at the first of the year joint action by the teachers and the board will determine the amount of the increase to be made. Mr. Bittner would have been one of the beneficiaries of the increase."

More Resignations Expected.

"We are likely to have resignations of this character thrust on us continually because the shortage of teachers is acute and wages vary in various districts. Districts without teachers are eager to offer as much as possible to obtain members for their staffs."

"I am very much opposed to this bidding away of teachers at the beginning of the new school term. I consider that the teachers and the board enter into mutual contracts and I fear that some of the teachers are losing sight of this fact."

GUERNSEY JUDGE SECURED

H. W. Griswold of Wisconsin Accepts Oregon Fair Invitation.

A. H. Lea, secretary-manager of the Oregon state fair at Salem, has just received word from H. W. Griswold of West Salem, Wisconsin, that he would accept his invitation and judge the Guernseys at the state fair this fall. Mr. Griswold is a judge with a national reputation.

The Guernsey show this year will be judged September 27 and 28.

John T. Whalley, president of the Oregon Guernsey Cattle club, has called a meeting of all members of the club and anyone else interested in the Guernseys for Tuesday evening of state fair week, at which time there will be a banquet, entertainment and several talks by prominent breeders. H. W. Griswold will also talk at this time on Guernsey breeder problems.

Tickets for the banquet will be on sale at the Guernsey breeders' booth of the livestock judging pavilion.

Arrangements have been made this year for headquarters of the Guernsey breeders in the livestock judging pavilion.

Centralia Faculty Complete.

CENTRALIA, Wash., Sept. 2.—(Special.)—Miss Belle F. Reid has been employed by the school board as instructor of English in the high school. She succeeds Miss Estelle Thompson, resigned. Miss Reid is a graduate of the University of North Dakota and has had six years' experience. The selection of Miss Reid completes the teaching staff for the new school year in Centralia, which opens next Tuesday.

Centralia May Get Trophies.

CENTRALIA, Wash., Sept. 2.—(Special.)—Claude Oliver, adjutant of the Grant Hodge post, American Legion, yesterday received a letter from Representative Johnson stating that he has taken up with the proper authorities the question of procuring war trophies for Centralia.

After Vacation Peel Your Discolored Skin

Women returning from the seaside or country with browned, reddened or freckled skins will be wise in immediately taking up the mercurized wax treatment. Weatherbeaten skin had best come off, for no amount of "beautifying" will ever make it pretty to look at. The surest, safest, easiest way to shed the discolored surface is with the treatment suggested. Put the wax on before retiring, as you would soap cream, and rinse it off next morning with warm water. Miss Estelle Thompson, of the University of North Dakota, has had six years' experience. The selection of Miss Reid completes the teaching staff for the new school year in Centralia, which opens next Tuesday.
