

DOG-TROT DANCEERS
WANT TO REFORM

Dancing Masters Frown on
"Animal Dancers."

WRIGGLES ARE CONDEMNED

Portland to See Real Campaign to
Make Terpsichorean Devotion
Fit on Cleaner Basis.

Two-stepping through Portland yesterday were representatives of the American National Association of Masters of Dancing, a search for "animal dancers." The war is on and devotees of the dog-trot, angle waltz and the kitten-catch, forewarned, and to be presumed armed, had best keep a urtative eye agleam.

Whether they cast it over the lady's shoulder or through the piald of her hairnet, it was best to be alert, say dancing delegates.

Portland is to see a real campaign against the "animal dancer," the aftermath of the present convention here. Delegates, who are to be placed dancing on a "plane commensurate with its virtues."

Anton Bott of Dayton, Ohio, president of the association, one of four sons of a minister and brother to three dancing masters, is chairman of the national committee for cleaner dancing. He is here, in attendance at the normal school convention being held in Christensen's hall, and much of his time is being spent in the with his committee duties.

Portland Declared Lax
Portland, believes Mr. Bott, needs attention. For that matter, he makes it plain, most cities need attention, but Portland seems to have been a bit lax in the past when it comes to curbing these "suggestive" motions. Therefore, Portland is due to "get it," and that mighty soon.

Personal appeals to dance hall proprietors are being made by delegates. They are asked to maintain plainclothes gentlemen trained in the art of gauging by foot the amount of atmosphere between a dancing couple.

If the proprietors do not heed the request of the delegates, which is made officially, and in some instances, to members of the association itself who have "slipped a little," then there will be held over their heads a cudgel carved from the framework of the law.

Cleaner Dances, Is Edict.
"In Cleveland and Pittsburgh we have made dancing cleaner, and we plan to do the same in Portland."

"Of course, it takes time for these things cannot be done in a day, but we are constantly at work along such lines. Local members of our organization have received an impetus in this work and they are going to see that Portland has cleaner dancing. The day of the dog-walk and its clinging companions has passed, or will pass into oblivion yesterday evening were entertained at Christensen's hall by Mr. and Mrs. Christensen. Speeches were made and a dance originated by Mr. Christensen and which has been introduced in the east, was given.

Mr. Bott has demonstrated a new dance invention, the "hook," which is train coming west, and Mayor Baker, has named it the "Ohio."

STRAWBERRY CROP LARGE
Country Around Sliccoas Lake Con-
sidered Ideal for Culture.

EUGENE, Or., Sept. 3.—(Special).—That the country around Sliccoas lake, in the western end of Lane county, has great possibilities in the way of strawberry culture and that it is destined to be one of the greatest centers on the coast for this fruit, was the assertion yesterday of L. T. Sparks, new district freight and passenger agent of the Southern Pacific company, with headquarters in this city.

Mr. Sparks, who has just returned from his first trip over the Coos Bay line and who stopped at the lake to look over the country, said he was amazed at the crop of strawberries now being grown in that locality and was surprised that the industry has not developed into greater proportions.

SALEM, Or., Sept. 3.—(Special).—Requisition papers were issued by Governor Olson today calling for the return to Oregon of W. J. Pickett, wanted at Glendale on a charge of non-support. Pickett is now under arrest at an army camp in Kansas. Sheriff Quine of Roseburg, left Salem tonight for the prisoner.
