PARIS, Sept. 5. (Special cable).—  
Distracting stories about an alleged  
conspiracy between Berlin and Mos-  
cow aimed at the destruction of the  
Versailles treaty continue to agitate  
some of the Paris newspapers. It is  
even being hinted, but it is promptly  
denied by the semi-official Temps, that  
the abrupt about-face of Premiers  
Lloyd George and Giolitti on their  
Russian front was due to revelations  
proving the existence of such a plot,  
which was submitted to the premier by  
Millerand.

While this is the usual time for foot-  
ball enthusiasts to start in saying that this  
is going to be the greatest season in the  
history of the sport on the Pacific coast,  
we will put on a softer pedal and remark  
that the indications are that it will be  
a pipkin. With one or two exceptions,  
major-league clubs which the various  
coaches will begin work looks to be  
better than it was at the start of the  
1919 season.

Day Programme.

Big Red Contract Reported.

No precise indications have been  
given yet as to this double plot by  
Germany. But considerable interest  
has been aroused here by another re-  
port from Copenhagen. It states that  
a bolshevik envoy, Lomonosoff, has  
signed a contract with a great Ger-  
man firm of locomotive manufactur-  
ers affiliated with the former Krupp  
interests.

The contract calls for the delivery  
of 2000 locomotives within the next  
twenty-nine months. Part of the  
\$200,000,000 marks the contract calls  
for will be paid in gold, the report  
says. The rest of the payment will  
take the form of concessions to Ger-  
many. Lomonosoff has returned to  
Sweden, where he is supervising the  
construction of 1000 locomotives  
which Russia ordered. He hopes, it  
is said, that the 2000 railway engines  
still needed by Russia may be ob-  
tained from American locomotive  
works.

Coal Boycott Formed.  
In this excited discussion about  
plots, which admittedly have fallen  
through for the present, because of  
the retreat of the bolshevik army,  
Hugo Stinnes, the German coal mag-  
nate, also appears to be the organizer  
of a coal boycott against France.

It is reported that Stinnes is try-  
ing to cut down the deliveries of coal  
to France through the present blockade  
of the Baltic. He is also said to be  
advocating a boycott of coal from  
the strikes and riots in Silesia were  
fomented by the Poles with the con-  
sistence of the blockade. It is stated  
that the amount by which the stipu-  
lated deliveries would be cut down is  
400,000 tons annually. It is indicated  
in these dispatches, that amount rep-  
resents the loss in the output in  
Silesia.

Millerand Report Discredited.  
Meanwhile, the semi-official denial  
reports discredit on the widely cir-  
culated reports concerning the alleged  
conspiracy between Berlin and Mos-  
cow. It is reported that the German  
empire exercised pressure on Lloyd  
George on the eve of his conference  
with Giolitti. The exact nature of the  
document is not known, but it is supposed,  
naturally, they must have implicated  
Germany.

It is asserted that the plan of ac-  
tion drawn by the Berlin sparticist  
with Moscow would have the march of  
red armies to the German western  
front, as it existed before the war.  
Then at a given signal, the red armies  
were to have been proclaimed in all  
the important industrial centers. The  
red high command would have handed  
over Danzig to red Poland with much  
demonstration. Whereupon, with the  
least opposition by the present Ger-  
man government, Russian troops  
would have marched into Germany,  
joining the sparticists there. Jantchiff  
was designated as supreme command-  
er of the Russian-German forces, one  
version of the alleged German plot  
has it.

INTERCITY RACE IS TIE

HONEYMANS AND SHERWOOD  
HEAD WIN COLUMN.

ASTORIA TEAM FORFEITS 2 GAMES TO  
SHERWOOD AND KIRKS GO  
INTO THIRD PLACE.

Honeyman Hardward and Sherwood  
are tied for the leadership of the  
intercity league as the result of yester-  
day's contests, and the Kirkpatrick's  
displaced Astoria for third position.  
The local Columbia team dropping  
to fourth place in the percentage  
column.

The feature of yesterday's occur-  
rences in the intercity league was the  
action of the Astoria team in forfeit-  
ing both of its scheduled games  
against the Sherwood nine. Manager  
Griffin of the Astoria team was the  
only one of his club present. It seems  
that some of the members of the  
Astoria squad are business men and  
could not make the trip.

The Honeyman Hardward aggrega-  
tion came through with flying colors,  
trimming the Multnomah City team,  
16 to 6, on the Columbia Beach dia-  
mond.

Each team used two twirlers, Harris  
and Swartz doing the major part of the  
Honeyman team, while Culver and  
Kirk worked in the box for the Multi-  
nomah Guard outfit.

Outside of the heavy hitting on the  
part of both teams, a home run by  
Kirk was the only outstanding fea-  
ture. Score:

R.H.E. R.H.E.  
Honeyman 4 Mul. Guards 6 1 0 3  
Batteries—Harris, Swartz and  
Helmeke; Culver, Kirk and Masson.

The Kirkpatrick's won both games  
from the Portland Iron Works crew  
at Seaside park yesterday afternoon.  
Scores 7 to 4 and 10 to 6.

Errors on the part of Iron Works  
players spelt the downfall of the club  
in both games, three being committed  
during the two games. "Doc" Beeson,  
Bill Roland and Brost being the play-  
ers to turn in circuit clouts. Score:

R.H.E. R.H.E.  
Kirkpatrick's 7 Portland Iron Works 10 13 1  
Kirkpatrick's 10 Portland Iron Works 9 9 4  
Batteries—Roland and Boland; Fox,
