The California girl carried the first set to 5-1 and then, by a brilliant stretch of tennis, Miss Thayer won four straight games, bringing the set to five-all. Twice after that Miss Thayer needed only one point to win the set, but each time Miss Tennant gained the advantage and eventually won the set after 14 games.

In the middle of the first game of the second set Miss Thayer turned her ankle in trying for a hard return, after which Miss Tennant had a comparatively easy time, winning the set, 6-2.

Mrs. Franklin Mallory, former national champion, easily defeated Miss Helen Baker, Pacific coast champion, in straight sets, while the California player took four games in the second set. Mrs. Mallory appeared always to have the match well in hand. She won the first set at love.

SONGS of long ago, of days when divorce was not common and yes meant yes forever, are given in the musical act being put on at the Liberty theater this week in connection with the Norma Talmadge picture "Yes or No."

The curtain rises after Albert Giltlett, bartonne, has appeared in uniform of a civil war veteran and sung "Just a Song at Twilight." Then an old-fashioned southern mansion is seen with a dear, old-fashioned silver-haired little woman sitting on the porch. She (Miss Ida Lidyard, soprano) sings "Silver Threads Among the Gold." The act closes with the duet in close harmony, "When You and I Were Young." The setting for this act made necessary the construction of the house effects and took, according to Manager Noble, a crew of men working 14 hours to complete it, as it is very complete in detail.

"Yes or No" gives Miss Talmadge opportunity for a dual role of contrasting characteristics. She plays both Margaret Vane, a society girl demanding luxurious surroundings for which her husband actually gives her

addition to the three games with Cincinnati.

The New York Yankees will open a series tomorrow at Chicago. It will be necessary for the Yankees to win all three games to retain first place unless the Cleveland club drops a game while the Yankees and White Sox are fighting it out.

VERNON TIGERS IN LEAD

Team Bids Fair to Win Pennant for Second Time.

William E. (Vinegar Bill) Esick has his Vernon Tigers well off in the lead now and bids fair to win the second Pacific Coast league pennant in succession. If he does he will have made one of the most wonderful records ever registered by a minor league manager.

In five years, in Grand Rapids, he led two pennant winning teams and three second place teams, the season of 1919, the going score was 111 wins and 61 losses. The Central league being divided one season.

Four pennant winners and three second place teams in seven years as a manager, is going some. When major league clubs are looking-around the coming winter they should not overlook Esick.

Any team he leads, Esick rules with an iron hand. Before becoming a manager in the minor leagues, Esick was a pitcher in the majors, and ranked high. That is where he got his nickname.

Veteran Players Back in School.

HOQUIAM, Wash., Sept. 15.—(Special.)—Twenty-four football warriors answered the call for early practice today issued by Coach Rutherford. Several of the new men added to the staff are Assistant Coaches Rathburn, Haeger and Hubbard and Mike Butler as trainer. Butler has weighed the men and reports that they are in excellent condition.

PHILADELPHIA, Sept. 15.—The

Incognita cricket team of England defeated the Germantown cricket club's eleven in their two-day match today by a margin of 112 runs and 5 wickets. Germantown scored 276 runs in two innings, having been obliged to follow on. The visitors scored 243 in their first innings, yesterday and increased that total by 143 in five wickets before the stumps were drawn today.

WILLAMETTE TURNS OUT

LETTER MEN BACK, MAKING FOOTBALL STOCK SOAK.

Coach Mathews Is Greeted by Respectable Turnout With More Men Coming.

WILLAMETTE UNIVERSITY, Salem, Or., Sept. 15.—(Special.)—A pouring rain did not interfere with the season's initial football workout yesterday. Coach Mathews being greeted by four letter men from last year and a number of 1919 second-string men, as well as several new recruits. Advance reports to the effect that an injury would keep Captain Rarey out of the game apparently were overdrawn, since he appeared in football togs for practice.

Football stock rose considerably with the reappearance of "Tuffy" Irvine on the campus. Irvine was not expected to return to school this fall, and the quarterback position appeared to be open. With the absence of Dimlick from the squad the major portion of punting will likely fall to Irvine. Basler, last year's ranga center, is out for a job again this fall. "Lew" Day was the fourth "W" man to report to Coach Mathews today.

Late reports indicate that Hairback Zoller may begin his return to coaching at Sweetland field until his hay harvest is completed at Sunnyside, Wash., while Bill Lawson, "The Yonkies Swede," is expected within the next two days. "Chief" Wapato, who has been working on a Salem paper during the summer, expects to register tomorrow.

Vern Eakin, a sophomore of Tillamook, has been nominated by the coach for the position of athletic manager, and the job will likely be accepted by the executive committee at its first meeting. Bain will succeed Tobbin Fisher of Salem, the retiring manager.

YANKS LEAD; INDIANS GAIN

REDS OPEN CRUCIAL SERIES WITH ROBINS TODAY.

New York Americans to Meet White Sox and Fight For Flag Is On.

NEW YORK, Sept. 15.—Three of the six contenders for the pennant in the National and American leagues were idle today because of an open date. The New York club of the American league, although it did not play, retained the lead, but Cleveland gained a few points by defeating the Athletics. The Chicago White Sox did not play and thus the victory of the Indians widened the gap between second and third place. The Yankees are leading the Indians by three percentage points, or by one game. The White Sox are 17 points, or two and one-half games, behind the Yankees.

By winning from Chicago, Brooklyn maintained its lead in the National league of five full games over Cincinnati, which won from Philadelphia. The New York Giants did not play and consequently are half a game behind Cincinnati. Five and one-half games in the rear of the Superbas.

Tomorrow the first of the all-important series involving the National league pennant will be opened between Brooklyn and Cincinnati at Brooklyn. When the Superbas enjoy a comfortable lead, they still have five games to play with the Giants in

LAND HELD AS ALKALI

RECLAMATION IS IMPOSSIBLE, SAYS W. L. FINLEY.

Harney Lake District Said to Be Bird Nursery and Valuable for That Only.

That the land in southeastern Oregon adjoining Harney lake, which it is proposed to cede to the government under the "Roosevelt bird refuge measure," to be voted on this fall as initiative 316-317, is unfit for agricultural purposes and would become a vast alkali desert if drained has been one of the leaders of the movement to conserve this great breeding grounds for water fowl.

Finley's statement comes in answer to the action taken by the executive committee of the Oregon Irrigation congress at a meeting at the Imperial hotel here on Tuesday. A general discussion precipitated by C. B. McConnell of Burns, who charged that the measure would prevent reclamation of lands now under projects and would deprive the state of large funds through sale and taxation.

The land to be ceded to the government under the act is alkali in character and to attempt to reclaim it and place the land on sale would be little more than a waste of money, according to Mr. Finley, whose statement is as follows:

"It might be well for voters to know that the lands adjoining Harney lake are alkali flats, which have been carefully examined by the experts of the department of agriculture and have been pronounced useless for agricultural purposes. Several years ago Mr. McConnell tried to put over his scheme by organizing the Harney Valley Development company, incorporated under the laws of South Dakota for \$50,000. His scheme was repeatedly turned down by the state land board.

"The Roosevelt bird refuge measure, which has for its object the ceding of jurisdiction over Malheur reservation to the federal government, was championed by Charles Ellis and Dr. L. E. Hibbard of Burns and by Henry L. Corbett of Portland representing the Germantown irrigation people and land owners of Burns and the Malheur lake region, and by the officers and executives of the Roosevelt Bird Refuge association seeking the preservation of native birds of Oregon.

"This bill permits the utmost practical use of the water of all the streams flowing into Malheur lake, but it will block the schemes of speculators to drain the water out of the lake and destroy it as a breeding ground for waterfowl. For the waters flow into Malheur lake they are of no value for irrigating any other sections, as this is the lowest part of the valley.

"Malheur lake is the largest and best waterfowl nursery in North America. It will be one of the greatest attractions for tourists that Oregon has to offer. For this purpose alone it will be of far greater commercial value when railroads and hard-surfaced roads are made through that section of the state."

Think well of the Dealer who is thinking of You

OBSERVERS of changing conditions know there has never been a time in the history of the retail business in this country when quality and economy ideas—and the dealers who stand for those ideas—had such a hold on the public.

A demand is now sweeping over the country for better—more serviceable—more economical merchandise.

The straightforward dealer knows this.

He knows that once public confidence is established, a dealer's success

is assured—that the public is only going to continue to buy from dealers whom it can trust and esteem—men who always place the interest of their customers first.

That is why, in the stores of over a quarter million dealers in this country, you will always find the Gillette out where you can see and examine it.

On top of the counter—in the show window—ready to be handed out first whenever a man comes in looking for a razor.

The Gillette is the only scientific shaving instrument ever produced.

It started—not with a theory or a desire to sell razors—but with the actual shaving needs of men everywhere.

And working from that, it developed into a personal shaving service—a service that has gone 'round the world and changed the shaving habits of thinking men everywhere.

Whenever or wherever the topic of a good shave comes up, the Gillette habit is always the final answer.

Vouched for and acknowledged by twenty million men the world over as one of the cleanest, safest, most economical, most valuable habits they have ever formed.

24 ANSWER AGGIE CALL

NINE 1919 FIRST STRING MEN DON UNIFORMS.
Rutherford and Butler on Job and Prospects Considered Excceedingly Bright.

OREGON AGRICULTURAL COLLEGE, Corvallis, Or., Sept. 15.—(Special.)—Twenty-four football warriors answered the call for early practice today issued by Coach Rutherford. Several of the new men added to the staff are Assistant Coaches Rathburn, Haeger and Hubbard and Mike Butler as trainer. Butler has weighed the men and reports that they are in excellent condition.

The first day's practice consisted of a stiff workout in falling on the ball, setting-up exercises and general instructions. Several of the new men showed up exceptionally well and it is believed that competition will be strong for all of the berths.

While it is too early in the season for Coach Rutherford to determine the prospects for this year's squad, the enlarged coaching and training staff makes the Aggie's prospects appear exceptionally bright. New men added to the staff are Assistant Coaches Rathburn, Haeger and Hubbard and Mike Butler as trainer. Butler has weighed the men and reports that they are in excellent condition.

A Woman Is As Old As She Looks

No woman wants to look old. Many in their effort to look youthful resort to the "beauty doctor." Their mistake is that they visit the wrong department in the drug store.

Beauty depends upon health. Worry, sleepless nights, headaches, pains, disorders, irregularities and weakness of a distinctly feminine character in a short time bring the dull eye, the haggard look, drooping shoulders, and the faltering step.

To retain the appearance of youth you must retain health. Instead of lotions, powders and paints, ask your druggist for Dr. Pierce's Favorite Prescription. This famous medicine strikes at the very root of these enemies of your youthful appearance. It makes you not only look younger but feel younger. It overcomes the weakness and builds you up.
