Film Theater Proprietor and Photographer Held.

CROWDS BLOCK TRAFFIC

Attack Said to Have Occurred Upon Attempt to Obtain Picture Near Liberty.

C. S. Jensen, senior member of the firm of Jensen & Von Herberg, moving picture theater proprietors, was arrested last night on a charge of being disorderly by fighting. Harold Jones, a photographer, also was arrested on the same charge.

The fight took place in front of the Liberty theater, where Jones was alleged to have been trying to take a picture of Mr. Jensen.
According to Jones, Jensen jumped from his automobile and struck at

the camera. Jones guarded the cam-era with his hand and suffered a cut across the knuckles. Jensen Loses First Round.

The pair then mixed in popular rough-and-tumble style. Mr. Jensen lost the first round by decision of the speciators. He was bleeding from a spectators. He was bleeding from a blow on the mouth, while his oppo-nent, who had suffered some hard knocks, did not lose any blood. At this juncture the bystanders in-terfered. Patrolman Simpkins, who recently was suspended from the po-lice bureau for 20 days, separated the combatants.

Patrolman Mechan was called.

Pairolman Meehan was called. He took both men into custody and led them to police headquarters. Mr. Jensen registered under the name of Claud Smith. He was released without bail. Jones gave his own name, and also got loose without giving up any of his money. The case is scheduled for trial in the municipal court today. Quarrel Is Laid to Strike.

The quarrel is said to be a development of the strike trouble at the Jensen & Von Herberg theaters. Jones, who is a member of the firm of Woodruff & Jones, photographers, declined to tell why he wanted Mr. Jensen's picture. He was said, however, to have been engaged to get the pictures for the strikers, who wanted to publish them in their own vanted to publish them in their own liferature.
The fight attracted a large crowd.

Government at Fault, Says Socialist

Candidate for Senate.

SACRAMENTO, Sept. 21.—The government has at its command enough resources at the present time to take effective steps to reduce the cost of living, Mrs. Elvina Beals of Berkeley, secialist candidate for United States senator, said in a keynote address at the party convention here today.

She urged the recognition of Irish independence and more self-government for Egypt and India.

"Government action to lower the cost of living should be taken to protect these who have passed the working age and whose income is eliminated and also the laboring people, whose advances in wages have not been commensurate with increases in the cost of living, Mrs. Beals said.

Tragedy, bringing a purifying grief that causes Israel to consider the ideals which have been its burden ideals which have been its burden and its honor down through the ages is the underlying thought of the Day of Atonement, according to Dr. Jonah B. Wise, rabbi of Temple Beth Israel, which last night held holiday services. The Yom Kippur services will be continued today and tonight in Beth Israel temple and other synagogues of the city.

Dr. Wise pleaded for a better understanding of Judaism by the Jew. He declared the Jewish religion to be one that interprets and understands the Jewish people and one that should be studied from subjective rather than objective phases.

Senator Johnson concluded by saying the issue "arouses not only our greatest enthusiasm, but our loftiest patriotism," and declaring the "republican party marches to victory, in this campaign, under the banner of Americanism."
