

LEGION IS NEUTRAL ON LABOR TROUBLES

Vote of Sympathy for Wilson's Suffering Is Given.

POPPY, OFFICIAL FLOWER

Convention Told by General Wood That Allies, Combined, Were Winners of War.

CLEVELAND, O., Sept. 28.—The second annual convention of the American Legion today underwent a nine-hour barrage of resolutions and committee reports.

The stand of the Legion regarding organized labor was not mentioned in the report of the resolutions committee. However, a minority report was submitted which recommended that the "American Legion reiterate its position, that it has no participation in controversies between capital and labor. The American Legion is not opposed to organized labor when it conducts itself, as we believe it normally does, in conformity with law and order."

A heated discussion followed and the minority report was amended to eliminate the last sentence. Still the debate continued, some members taking the position that the American Legion should not make any statement on the subject. Others contended that people censured the legion because they did not know the exact stand taken on this matter.

However, a substitute for the minority report was presented by California and adopted, stating "that this convention endorsed the statement recently issued by the national commander, Frank D. Oler, and accepts that statement as the Legion's interpretation of its position in relation to organized labor."

Politics Not Discussed.
The stand of the Legion regarding politics was not brought up. The chairman of the committee on constitutional amendments reported that it had not reached a decision, but would bring it in tomorrow. Article 15 of the Legion constitution was read which is that the report on constitutional amendments must be read 24 hours before adoption. The chairman proceeded with the business finished by his committee, which included recommendations regarding redistricting of the United States, with a vice commander as an intermediate administrative unit in each district; that no national commander be eligible for re-election and that past national commanders be made life members without voting power.

The first resolution submitted, and unanimously passed, was a message to President Wilson expressing their sympathy for him in his present suffering and reiterating to him our unflinching desire for peace, and our upholding unwaveringly the principles and constitution of our country."

Poppy Is Adopted.
The poppy was adopted as the memorial flower of the Legion.

General Marie Payolle, French representative, was greeted with five minutes of chanting. He and Sir Admiral W. S. Grant, of the royal navy of Great Britain, addressed the convention briefly. Then came cries of "Wood, Wood" for General Leonard Wood. When the general appeared he was greeted as a "regular member."

Referring to statements of the French and British representatives regarding the good will existing between those countries and America, General Wood said:
"As both of our distinguished visitors have said, the peace of the world and the happiness of mankind very largely depend upon keeping up that friendly spirit. Don't let any insidious distinction creep in among us as to who won the war. We won it all together.
"I think in this country that you men who have done so finely in the war have got to take up the civic fight, build up the right kind of public opinion on all great affairs. Don't be slackers in peace. And don't forget that the greatest menace to this country is not the open agitators, but one whose work is as insidious, but more deadly—the handy man in politics."
"This man uses great sums of money to further any purpose he may have and he must be watched at all times."

GOTHAM MOURNS SCHIFF

THOUSANDS HONOR MEMORY OF PHILANTHROPIST.
Funeral Services Marked by Simplicity, Ritual of Orthodox Jewry. No Eulogy Delivered.

NEW YORK, Sept. 28.—Thousands, both Jews and Gentiles, today mourned Jacob H. Schiff, millionaire banker and philanthropist, at funeral services conducted at Temple Emanuel.

While within the synagogue were gathered some of the foremost citizens of the country, and outside were thousands of men, women and children from the east side, who had come to honor the memory of their benefactor.
The services were marked by simplicity—the simple ritual of orthodox Jewry.
In accordance with Mr. Schiff's dying request, no eulogy was delivered. When the cortège was taken to the funeral home, the casket, moved down Fifth avenue more than 250 uniformed police and guards, who were ordered to hold back the throngs which stood with uncovered heads.
Interment was in the Salem Field cemetery, Cypress Hills, Long Island.

TEMPERANCE BODY MEETS

W. C. T. U. OPENS 27TH ANNUAL SESSION IN VANCOUVER.
Washington Convention Begins With Introduction of Officials From Oregon.

VANCOUVER, Wash., Sept. 28.—(Special.)—The 27th annual convention of the Woman's Christian Temperance union of western Washington opened at 8:30 o'clock here today in the First Methodist church with practically 100 delegates present, in addition to many friends connected with the work. Most of the delegates

arrived and were settled yesterday, and last night attended an address by Mrs. Mary Harris ARMOR in the First Presbyterian church.
The convention today was featured by illuminating addresses by Donald A. McDonald on "Eight Months of National Constitutional Prohibition" (Mr. McDonald is regional director for the state of Washington and Alaska), and Dr. William McKibben of the China club, Seattle, on "Opium as a Commercial Asset."
After the opening exercises of the convention, with devotional services led by Mrs. Elvina Charlton, a prayer by Mrs. Ellen Knight, the roll was called, and committees were appointed. Reports of the corresponding secretary, treasurer and auditor were read and approved.
Lunch was served by the Methodist women in the basement of the church. At 2 o'clock the session began by the introduction of the Oregon state officers. Mrs. Mattie Sleseth, president; Mrs. Frances Swope, vice-president; Mrs. Madge J. Meares, corresponding secretary; Mrs. G. W. Miller, recording secretary; Mrs. M. Donaldson, treasurer; and Mrs. Mary L. Collins, state key woman. Mrs. Kimm sang the "Lost Chord" with Miss Alice Smith, accompanist.
Mrs. Mary Harris ARMOR, who has just returned from England, spoke on "Glimpses of the World's Convention in London." Mrs. Lottie Sahlbom followed with a talk on "Training for Superintendency—Is It Worth While?"
At 6 o'clock the women of the First Presbyterian church were hostesses to the members of the convention at a fellowship dinner in the church. Welcomes were extended from the various Vancouver organizations and the response was made by Mrs. Anna Colwell of Spokane, who is representative in the Washington state legislature.

SUGAR WITNESS HEARD

SOIL EXPERT TESTIFIES TO GRANTS PASS PROTEST.

Federal Trade Commission Probes Combination Charges Against Utah-Idaho Company.

MEDFORD, Or., Sept. 28.—(Special.)—George Austin, expert agriculturalist for the Utah-Idaho Beet Sugar company for 19 years and a recognized authority on sugar beet culture, was the only witness at today's session of the hearing of the federal trade commission into the charge that the Utah-Idaho company is a combination in restraint of trade.
The afternoon session was devoted to cross-examination of the witness by H. W. Bear, counsel for the government. Under this examination Austin testified that on each of his three visits to the valley in February, May and June he reported to Bishop Nibley, president of the Utah-Idaho company in Salt Lake, that the establishment of a beet sugar factory in the Grants Pass valley was not feasible and that he was still of this opinion. Lack of water for irrigation purposes was the chief handicap, though the granite sandy soil in the Grants Pass acreage was not satisfactory. The witness also stated that the factory should have been built at Medford instead of Grants Pass.
"I told Bishop Nibley that he was making two great mistakes," the witness testified; "first, in building the factory at Grants Pass; second, because they were not certain they could grow beets."
The witness testified that after this report Bishop Nibley seemed blue and discouraged.

AIR GIRL SCANDAL IS PLAN

CALIFORNIA STATE PRINTER SEEKS TO QUASH CHARGES.

Attorneys, However, Will Attempt to Obtain Hearing to Run Down Evidence.

SACRAMENTO, Sept. 28.—The state civil service commission was asked by attorneys for Carleton Johnson, head of the proofroom of the state printing department, to drop the charges of insubordination made by Robert Telfer, state printer, whose resignation was tendered to Governor Stephens last week.
The hearing was reset by the commission for next Tuesday, when it will be announced whether the case will proceed.
Theodore Chester, representing Johnson, told the commission an attempt would be made to hold a hearing for evidence to support charges by Johnson against Telfer that improper conduct among certain women employees of the billroom during the 1919 session of the legislature was permitted.
Chester said this charge by Johnson had a direct bearing on the allegations of insubordination subsequently made by Telfer.

PLANE TO RESUME FLIGHT

Army Pilot to Hop Off This Morning en Route to New York.

EDMONTON, Alberta, Sept. 28.—Plane No. 4 of the United States army Alaska aerial expedition will hop off for Saskatoon, Sask., at 9:30 tomorrow morning on the return flight from Nome, Alaska, to New York.
Lieutenant Ross Kirkpatrick, in command, made the announcement today.

RUSSIAN MAKES MISTAKE

BOLSHEVIK PROPAGANDA FALLS ON DEAF EARS.

American Crew of Shipping Board Steamer Protests in England Against Undesirable Propact.

(Copyright by the New York World. Published by Arrangement.)
LONDON, Sept. 28.—(Special Cable.)—Paul Upmal, said to be a Russian by birth and signed on the shipping board steamer Diabolo as seaman when she left Tacoma in July, used so much of his time on the high seas trying to convince the crew that America was a good place to stay away from that the crew on arrival here petitioned the American consulate to see that he doesn't return again.
Upmal is said to have begun an intensive harangue on the value of bolshevism as compared to the American form of government soon after the Diabolo weighed anchor. But he had picked the wrong crew on which to work, because all were American born.
While the consulate is considering the protest of the crew about having Upmal return to America, he was seized with an infectious illness and removed to a hospital here. The British immigration authorities had previously decided that England was no place for Upmal, but owing to his illness he had to be removed.
His illness has decided the case for the American authorities, for it is now up to the British government to decide when and where to deport him.

LANDSLIDES DO DAMAGE

Mountain Surface Appears to Be Settling in Valley.

VIENNA, Sept. 28.—Slow moving landslides covering considerable territory are doing considerable damage in the Sandling Alps of upper Austria. The entire mountain surface apparently is settling into the Leisling valley.

POLICE REPRISALS PROBED

Dublin Castle Orders Military Inquiry Into Balbriggan Murders.

(Copyright by the New York World. Published by Arrangement.)
LONDON, Sept. 27.—(Special cable.)—Dublin castle is stated to have ordered a military inquiry into the Balbriggan police reprisals, having prohibited the coroner from proceeding with a public inquest on two murdered civilians. The Daily Chronicle, Premier Lloyd George's organ, which has hitherto preserved silence on such occurrences, says editorially today: "The police or military reprisals of this kind are, of course, in principle utterly indefensible, no matter what the provocation, and the Irish government ought to exert itself to

HONEYWELL HOLDS LEAD

BALLOON RACE RESULT MAY BE KNOWN TODAY.

St. Louis Man Covers Approximately 700 Miles—Army Pilot Is Reported Second.

NEW YORK, Sept. 28.—Unofficial reports received late today by the Aero Club of America indicated that H. E. Honeywell of St. Louis was leading in the national balloon elimination race which started from Birmingham, Ala. last Saturday. It was said the winner of the contest probably would be announced after a meeting of the club's executive committee tomorrow.
Honeywell landed at Thamesville, Ontario, and covered an approximate distance of 700 miles. His closest competitors were R. E. Thompson, pilot of army balloon No. 1, who reached Ridgeway, Ontario, his distance being 690 miles, and Ralph Benson, driver of Goodyear No. 2, who landed at Amherst, Ohio, about 620 miles.
The contest is an endurance one, the balloon covering the greatest distance before it is forced to land being the winner, provided it has not fouled. Upon landing, the balloonists report by telegraph to the Aero club here.
Others who have completed their "runs" include:
Lieutenant R. Ellison, who landed at Graytown, O., at 8:29 A. M. yesterday, 690 miles; J. S. McKibben, at Van Wert, Ohio, 2:16 A. M. yesterday, 550 miles; Warren Risor, at Grandville, Ill., no time given, 510 miles; G. W. McIntyre at Millport, Ky., 3:08 miles; R. E. Donaldson at Owensboro, Ky., 4 P. M. Sept. 26, 300 miles; A. L. Stevens at Mühlenburg, Ky., mid-night, Sept. 26, 280 miles; Byron Burt, at Hanson, Ky., 2:30 P. M. Sept. 26, 275 miles; Bernard Von Hoffman, Caneyville, Ky., 3 P. M. Sept. 26, 275 miles.
