

\$8,400,200 DOCK OUTLAY

REPORT COVERS IMPROVEMENT BY CITY UP TO NOV. 30. \$2,599,500 Bonds Yet to be Disposed of; Terminal, Quay, Warehouse Constructed.

A total of \$8,400,200 will have been spent for dock improvements in Portland under the jurisdiction of the commission of public docks by November 30, 1920, according to the annual report of the commission filed with Mayor Baker yesterday.

The report shows that the commission has \$2,599,500 of bonds yet to be disposed of. The commission has sold \$2,400,000 of the \$2,500,000 issue of dock bonds, authorized by the voters in 1910. The report also shows that of \$5,000,000 of elevator bonds voted on June 4, 1917, the commission has disposed of \$3,000,000 and has also sold the entire issue of \$5,000,000 of harbor development bonds voted on November 5, 1918.

The report shows that the commission, with the money derived from the sale of the bonds, has constructed municipal terminal No. 1, a quay dock 255 feet in length, a warehouse shed, a slip and pier at the lower end of the dock and a general warehouse (No. 2) on this site.

A two-level quay dock 526 feet in length, authorized by the voters in municipal terminal No. 2. At terminal No. 2 in the St. Johns district the commission has completed a quay dock 840 feet in length and has laid track to handle 27 cars for loading purposes.

The report shows great strides in the completion of terminal No. 4 in St. Johns, where five acres of dockage is available for use of ships plying between Portland and other world ports. The commission has let contracts for pier No. 3 on terminal No. 4, which will probably be completed by October 15, according to the report.

Another pier on this terminal and a 15,000-ton drydock will be completed by January 1, 1921, according to estimates made by the commission. C. B. Moore is chairman of the commission, John H. Burgard, vice-chairman, and F. C. Knapp, A. H. Averill and Charles C. Hindman, members.
