

BORAH BREAKS OFF REPUBLICAN TOUR

No Reason Given for Quitting Campaign.

SENATORS TO BE AIDED

Irreconcilable of Idaho Holds Self in Readiness to Support Other Irreconcilables.

WASHINGTON, Oct. 1.—Senator Borah, republican of Idaho, has written republican headquarters at New York and Chicago asking that no more speaking dates be made for him in the republican presidential campaign.

Senator Borah also has telegraphed to Senator Johnson, republican of California, another of the league of nations irreconcilables, and is awaiting a reply. Mr. Borah declined to discuss the message, but there were reports that it had to do with the league of nations issue.

Senator Borah recently completed a speaking tour in the interests of the candidacy of Senator Harding, the republican presidential nominee. There was no explanation here today of the reason for his message to the New York and Chicago republican headquarters other than reports that he and other league opponents had become disquieted by the attitude of many party leaders toward the league covenant as drawn at Versailles and submitted to the senate by President Wilson.

Senator Borah would not discuss the matter. Senator Borah is known to have received and devoted much study to the international court plan as brought back from Europe by Elihu Root of New York, who helped to draft it, and it was learned today that the senator is opposed to the plan. His opposition was said to be based largely on the ground that the court was designed as a part of the machinery of the league of nations.

Published reports have had it that Senators Borah and Johnson were planning to submit a series of resolutions to Senator Harding designed to develop definitely whether in the event of his election Mr. Harding would "scrap" the league covenant.

Senator Borah has stated that these reports were "news to come." The Idaho senator will remain in Washington the rest of this week and then will go to Connecticut to speak in support of the candidacy of Senator Brandegee, another of the league irreconcilables, who is campaigning for re-election.

Senator Borah also will hold himself in readiness to speak in the interest of other senators opposed to the league who are candidates for re-election.

BORAH QUITTING IS SCOUTED  
Republican Leaders Say They Do Not Believe Senator Is Through.

NEW YORK, Oct. 1.—Party leaders at republican national headquarters tonight scouted the news that Senator Borah of Idaho had "quit the campaign," as reported on the strength of a letter in which he is said to have asked that no further speaking engagements be made for him.

"No letter has been received here which indicates that Senator Borah intends to quit," an official of the republican publicity bureau said. "Several days ago we did have a letter from the senator asking that no more engagements be made for him at present. It was understood that to mean that he had made engagements of his own, according to his custom. Senator Borah has been handling his own itineraries and not working under our supervision. There is no occasion for surprise that he should make such a request."

It was pointed out that Senator Borah has three engagements to speak in Connecticut next week. These have not been canceled, it was said.

CHANGE BY JOHNSON DENIED  
Campaigning 'of Californian' for Harding to Go On.

SAN FRANCISCO, Oct. 1.—Senator Hiram W. Johnson today denied that he had received from Senator Borah of Idaho a telegram relative to joining in an effort to determine if Senator Harding would "scrap" the league of nations, as reported in eastern dispatches. Raymond Benjamin, western regional director for the republican national committee, declared there had been no changes in Senator Johnson's speaking program.

"In my opinion—and this I say from his public utterances—Senator Harding has 'scraped' the league of nations," said Senator Johnson.

Mr. Benjamin's announcement was issued in denial of a statement that there might be minor changes in Senator Johnson's proposed speaking dates.

SUGAR CANE PROFITABLE  
Homesteaders in Hawaii Get \$7000 to \$12,000 From 20 Acres.

HONOLULU, T. H., Oct. 1.—Homesteaders growing sugar cane in the territory of Hawaii are making enormous profits this year, some of them making from \$7000 to \$12,000 on 20 acres, according to Albert Horner, territorial sugar expert.

Horner, in a report of Governor C. J. McCarthy, deprecates the practice of many homesteaders in hiring alien labor to cultivate their lands and declares that when this state of affairs is brought to the attention of congress the lid will be clamped down on homesteading high class cane land in Hawaii.

Governor McCarthy said with regard to the report:

"The present system of cultivation contracts is a palpable evasion of the spirit of homesteading. It results in making the homesteader a landlord, who rents out his property to Japanese cultivators and does nothing to develop it himself. Unless this is stopped, homesteading will be killed."

Testimony in Cases of Men Charged With Killing Sheriff Taylor Begins Today.

OHIO EDUCATOR HONORED

DR. A. H. UPHAM ELECTED HEAD IDAHO UNIVERSITY.

Vice-President of Miami Chosen President of Western College.

BOISE, Idaho, Oct. 1.—(Special.)—Two full days were used up in an examination of 61 Umatilla county residents before a jury of 12 men was finally selected for the trial of Elvie D. Kerby, alias Jim Owens, and John Lafabee, alias John Rathie, charged jointly with Bancroft, Sloop and Henderson, already convicted and sentenced, for the murder of Sheriff Taylor.

The final jurors were passed by both defense and prosecution at 5 P. M. today, after the state had exhausted its peremptory challenges and the defense 12.

Three times the trial had to be temporarily adjourned until new venire could be drawn. Most of the 50 men excused during the two days were excused on account of self-confessed prejudice against the two indicted for the murder of the sheriff and on the ground that by the state because they did not believe in capital punishment. Both defense and prosecution indicated that they thought a good jury had been obtained.

Immediately after the last juror was accepted the jury was sworn in and George Brown, attorney-general, who is working with District Attorney Keator for the state, opened the case for the prosecution by briefing out the proof and evidence that were to follow.

Defense waived opening argument and examining of witnesses started. Walter Ranson, who drew a complete map of the jail and sheriff's office for use in the trial, was the first witness. Dr. Guy Boyden of this city, who was called to the jail to attend Sheriff Taylor, following the jail break and fatal shooting, was the second witness. After he testified as to the bullet which entered the murdered man's body, and other technicalities in connection with his death, court adjourned until 9 o'clock tomorrow morning.

Standing room has been at a premium most of the time in the courtroom since the opening of the trial, and all day today, despite the fact that court was not in session all the time, on account of exhausted supply of veniremen, people remained in their seats awaiting the next developments. At times the audience has been mostly women, and at other times mostly men.

Judge Phelps several times threatened to clear the courtroom at the first disturbance, so that the audience has been very orderly during the five days that the murder cases have been argued.

ANTI-REDS CAPTURE KHARKOV, IN RUSSIA

Defeat of Soviets on Polish Front Seems Complete.

BOLSHEVIKI IN RETREAT

Poles Continue Advance, About 35 Miles From Vilna, Capital of Lithuania.

CONSTANTINOPLE, Sept. 30.—Kharkev, an important city in southern Russia, 250 miles north of the sea of Azov, has been captured by anti-bolshevik forces commanded by General Baron Wrangel. The capture of this city, together with the advance of Polish and Ukrainian forces west of Kiev, is considered here as having imperiled the Russian communications.

WARSAW, Sept. 30.—(By the Associated Press.)—The defeat of the Russians on the Polish northern front seems virtually complete. The soviet troops are reported fleeing eastward in disorder in an effort to avoid being surrounded by the Poles, who are in close pursuit.

The result of the Polish victory is declared by military experts as eliminating any chance of an offensive by the bolsheviks.

Advice from the front report that one Russian division surrendered to the Poles after having murdered all the commissaries with it who tried to compel the troops to offer resistance. The commander of the third bolshevik army committed suicide. It is asserted, when he realized that his command had been completely smashed.

Tonight's communique reports that Posen troops, sweeping eastward, took the railway junction of Baranovitch, north of the Pinesk Marshes, key to the old German trench line.

South of the Pripiet the Russians have been pushed back across the River Slutsch.

This afternoon's reports show that the Poles are less than 35 miles from Vilna, the Lithuanian capital, and their advance is continuing.
