REAL ESTATE.

CANADIAN PACIFIC RY. LAND.
YOUR LAST OPPORTUNITY—In central Alberta and Saskatchewan are rich park lands, open prairie ready for the plow, interspersed with trees, which afford excellent shelter for stock. Here grain growing, dairying and livestock raising are being carried on successfully. The country is ideal for mixed farming. The Canadian Pacific railway is offering a large area of these fertile lands in Lloydminster and Battleford districts. This fertile land will become the home of thousands of prospecous farmers. On similar land Sasger Wheeler grows the world's prize wheat. Near Lloydminster the world's prize oats have been grown, and butter of the highest quality is made. A man can soon become independent on a farm in this district. These lands can be bought now at prices averaging about \$18 an acre. You pay down 10 per cent. If land is purchased under settlement conditions, no further payment of principal until end of fourth year; then 16 annual payments. Interest is 6 per cent. Also thousands of acres of irrigated lands in southern Alberta at \$50 per gare, on which the company will loan \$2500 for improvements to approved purchasers, with 20 years to pay for land and loan. Harvesting is in full swing. Now is the time to make a trip to see the production of the country. Personally conducted landsekers' excursion leaves Portland for Calgary, Alberta, on Saturday, Oct 9.
