## PORT AMENDMENT

City Council Adopts Resolution by Vote of 3 to 2.

MEASURE IS CONTINGENT

Public to Vote on Charter Amendment Which Authorizes Transfer of Properties.

The city council yesterday by a vote of three to two adopted a resolution referring a proposed charter amendment, which authorizes the city council to transfer properties now under the jurisdiction of the dock commission to the consolidated port commission, to the consolidated port commission, if the consolidation bill now on the state ballot is approved. Mayor Baker and City Commission-Barbur and Mann voted in favor adoption of the resolution, while mmissioners Bigelow and Pier op-The resolution was presented to the

Yesterday Commissioner Pier entered the council chambers with a written statement, in which he out-lined his reasons for opposition to bill. Placement of power of ap-ntment of the future personnel of consolidated port commission in he hands of the legislature and the opraisal values of property included the project outlined by the con-didation bill, which he contended

City Commissioner Barbur, who voted in favor of adoption of the reso-

lution, said that he, too, did not agree with all that was contained in state measure, but that even with he passage of the two measures, the council would still have control of the disposition of the dock properties, because the charter amendmen imply authorizes the council to dis pose of such properties and did no instruct them to do so.

Barbur to Give Public Chance.

"There are several reasons why I will vote in favor of the resolution before us this morning. In the first place, the people are entitled to an opportunity of passing on the consolidation bill.

"The state act, if passed, will re-lieve the city of certain bonded ob-ligations, which will be assumed by the port district, which includes \$6,-000,000 of assessed property not now in the city of Portland.

I am not in accord with every provision of the bill, but, nevertheless, I am willing to abide by the judgment of the voters on the proposals."

Mann Has Fnith in 15.

Commissioner Mann announced that he had always stood in favor of port development and believed that the careful study of 15 of Portland's leading men, as reflected in the port bill, should be placed before the voters for approval or rejection.

"I am willing to trust the voters

Then, at the request of Lieutenant own ability to mete out even-tem-

approval or rejection. "I am willing to trust the voters in this matter," said Commissioner Mann. "If the measure passes, the city council still has a string on the properties which are included in the proposed act."

Conceding that both the proponents and the opponents of the proposed consolidation bill had made excellent consolidation bill had made excellent points. Mayor Baker insisted that the proposed measure should appear on the ballot, if for no other reason than to save the residents of Portland the cost of a special election, which would be required in the event that the port consolidation bill passed and the city measure was not placed on the ballot.

Opposition Develops Recently. The committee of 15 is composed The committee of 1s is composed of the leading men of our community. At the time the report was filed with this council, recommending this consolidation plan, it was unanimous. During the dast few weeks opposition has developed. I believe that this opposition is sincere and honest. "There is merit in the arguments of both the proponents and the oppo-nents. I realize the importance of the measure and the necessity of weighing all arguments carefully, "However, I firmly believe that the upstate voters will realize that Portland and the port district is not a unit on the proposition. In addition I know that if this measure is not

will be forced to expend a considerable amount to hold a special election.

I believe that the voters should be given an opportunity of expressing themselves at this time on both measures."

**Escaped an Operation** 

There is nothing in the world a woman so much fears as a surgical operation. Often they are necessary, but often not; and many have been avoided by the timely use of that good old-fashioned root and herb remedy Lydia E. Pinkham's Vegetable Compound. If you are suffering from some dread ailment peculiar to your sex, why not profit by the experience of these two women whose letters follow?

These Two Women Saved from Operations. Cedar Rapids, Ia.—" After the birth of my last child I had such painful spells they would unfit me entirely for my housework. I suffered for months and the doctor said that my trouble was organic ulcers and Iwould have to have an operation. That was an awful thing to me, with a young baby and four other children, so one day I thought of Lydia E. Pinkham's Vegetable Compound and how it had helped me years before and I decided to try it again. I took five bottles of Vegetable Compound and used Lydia E. Pinkham's Sanative Wash and since then I have been a well woman, able to take care of my house and family without any trouble or a day's pain. I am ready and thankful to swear by your medicine any time. I am forty-four years old and have not had a day's illness of any kind for three years."— Mrs. H. Koenig, 617 Ellis Blvd, Cedar

Sandusky, Ohio.—" After the birth of my baby I had organic trouble. My doctor said it was caused by too heavy lifting and I would have to have an operation. I would not consent to an operation and let it go for over a year, having my sister do my work for me as I was not able to walk. One day my aunt came to see me and told me about your medicine-said it cured her of the same thing. I took Lydia E. Pinkham's Vegetable Compound and used Lydia E. Pinkham's Sanative Wash and they have cured me. Now I do my own housework, washing and ironing and sewing for my family and also do sewing for other people. I still take a bottle of Vegetable Compound every spring for a tonic. I recommend your medicine to others who have troubles similar to mine and you can use my letter if you wish."-Mrs. PAUL PAPENFUSE, 1325 Stone St., Sandusky, Ohio.

HAIR GROWN ON MR. BRITTAIN'S BALD HEAD BY INDIANS' MYSTERIOUS HAIR GROWER

My head at the top and back was absolutely bald. The scalp was shiny. An expert said that as he thought the hair roots were extinct, and there was no hope of my ever having a new hair growth. Yet now, at an age over 66, I have a luxuriant growth of soft, strong, lustrous hair! No trace of baldness. The pictures shown here are from my photographs.

Indians' Secret of Hair Growth

At a time when I had become discouraged as trying various hair lotions, tonics, specialists' treatments, etc., I came across, in my travels, a Cherokee Indian 'medicine man' who had an ellair that he assevorated would grow my hair. Although I had but little faith, I gave it a trial. From recent photo. To my amazement a light fuzz soon appeared. It developed, day by day, into a healthy growth, and ere long my hair was as prolific as in my youthful days.

That I was astonished and happy is expressing my state of mind mildly. Obviously, the hair roots had not been dead, but were dormant in the scalp, awaiting the fertilizing potency of the mysterious posmade. I negotiated for and came into possession of the principle for preparing this mysterious elixir, now called Kotalko, and later had the recipe put into practical form by a chemist.

That my own hair growth was permanent has been amply proved. Many men and women, also children, have reported satisfactory results from Kotalko.

How YOU May Grow YOUR Hair

My honest belief is that hair roots rarely die even when the hair falls out through dandruff, fever, excessive dryness or other disorders. I have been told by experts that often when hair falls out the roots become imbedied within the scalp, covered by hard skin, so that they remain for a time like bulbs or seeds the scalp, covered by hard skin, so that they remain brug Co., B.
