

15,000 IN HARDING AND COOLIDGE CLUB

Members Pledged to Vote Straight Republican Slate.

20,000 TO BE NEW GOAL

1500 Democrats, 10 Per Cent of Organization, to Refuse All Bourbons Their Ballot.

The Harding and Coolidge campaign club yesterday reached its objective of 15,000 members and celebrated the event with a luncheon at the Hotel Portland. Never in the history of Oregon has a political club been organized by either the republican or democratic parties that has been ever one-fourth this size, and it is now the intention to enroll 20,000 by election day if possible, and the members seem confident that they can do so.

The members enrolled already will vote the straight republican ticket, as will those to be enrolled in the future, this being one of the solid principles of the club. The club was organized and made its first announcement of election of officers in The Oregonian on Sunday, August 1, and its work in behalf of the republican party is now heralded far and wide. Word has been received from the republican national committee that the club's methods have attracted attention in every state.

City Leads All West.
According to G. P. Wood, director of the Harding and Coolidge clubs organization connected with the western division of the national committee at San Francisco, which includes the large cities of Los Angeles, San Francisco, Seattle, Salt Lake, etc., the local organization leads all others west of the Rocky mountains. A telegram from Mr. Wood received yesterday reads:

"San Francisco, Oct. 6.—W. W. Banks, president Harding and Coolidge club, Portland, Or., congratulates you. Your club is largest in the west. We bow to you. G. P. Wood, director."

Since the organization of the club, which first occupied a single office in the Northwest Bank building, men and women interested in the election of the republican ticket have been calling at headquarters in such large numbers that the headquarters were moved to the Portland hotel more than a month ago.

75,000 Buttons Distributed.
More than 75,000 campaign buttons and as many more lithographs of Harding and Coolidge have been distributed throughout the city and through various parts of the state. Club literature has been provided and everything done to hasten the movement toward a republican victory. It has also been the aim of the club to see that Mr. Harding, when elected, will have back of him a solid republican delegation in congress from Oregon. Inasmuch as Oregon's three republican congressmen have been renominated, there is no danger of their being defeated.

The club has concentrated its efforts toward victory for Robert N. Stanford, candidate for United States senator.

50,000 Majority Hoped For.
The club now feels that the overwhelming republican sentiment developed since its organization and its thousands of members who are now active workers for a straight republican vote will give a large majority to Harding, and that the 50,000 members signing shows that more than 1500 are democrats, which is 10 per cent of the club membership. The club officers say that these democrats are not going to vote for any democrat in the coming election.

At a luncheon yesterday Judge Tucker of the circuit court spoke enthusiastically of the great work that the club has done so far in the campaign, but advised against overconfidence, saying that it would be necessary for the workers to work harder than ever for a complete victory.

Clark Leiter, president of the Press club, also made an interesting talk on the great assistance the Harding and Coolidge club was rendering to the republican party. At the luncheon as many women were present as men, and it was said that the latter were doing a greater work in obtaining memberships and starting new workers than anyone in the campaign. Of the 15,000 members, at least 10,000 have been signed by women.

Comiskey for his sportsmanship in exposing the "fixing" of the 1919 baseball world's series, were features at today's session of the Episcopal provincial synod of the northwest.

Beauty Secrets for Women
A woman's fondest hope is to stay young. She often resorts to paints, powders and cosmetics to hide her years. Some women pay large sums to so-called "Beauty Doctors" in the belief that money will buy youth. Others wear girlish dresses, thinking they can fool the world about their age. But no one is deceived. The more you try to hide your age, the more it shows.

There is but one thing that holds old age back, and that is health. Sickness and weakness bring old age early in life. Dr. Pierce's Favorite Prescription is a building-up medicine for women. It makes them healthy and strong when they suffer from women's troubles. It keeps them looking young by keeping them well. It is a woman's tonic for the frail, the delicate and those who are nervous, dizzy and who have backache and dragging down pains. Some women took it years ago and have felt young and well ever since. Dr. Pierce's Favorite Prescription is altogether vegetable and without a particle of alcohol. It is safe to take. Try it now. In tablet or liquid form at all druggists, or send 10c for trial package of the tablets to Dr. Pierce's Invalids' Hotel in Buffalo, N. Y.

community service has become very popular here and a proposal to drop it, made some time ago, met with emphatic protest.

HE WAS AFRAID OF GETTING DOWN AND OUT

Now Portland Man Says He Is Telling All His Friends How Tanlac Has Put Him Back in Finest Health—Eats Like Schoolboy.

"I am 70 years old and am a great believer in Tanlac for it has put me back in as fine health as I used to enjoy years ago," recently declared A. Eltaro, of 1707 Dana street, Portland, Oregon.

"For the past two years I have been ailing a good deal as my stomach and kidneys have been all out of order. Nothing I ate set right with me and as a result I had about lost my appetite. I was all run-down and so weak I never felt fit for a thing. I was often constipated for as long as three days at a time and would get so staggering dizzy I couldn't stand up without supporting myself.

"My kidneys worried me so much at night that I lost sleep right along. My back was weak and lame and hurt like forty all the time. Then rheumatism set in and my arms and shoulders pained me so bad I could hardly get my hand up to my head. Things looked bad for me and I was afraid I was going to get down and out.

"But I'm glad to say that I got hold of Tanlac in time and I will always feel thankful to the friend who advised me to try it. I felt better after each bottle, and now I have finished my fourth and call myself in the best of health once more.

"Eat, why, I eat like a school boy and my stomach never bothers me in any way at all. My kidneys and back don't cause me any more trouble, now and I haven't had a dizzy spell in I don't know when. I feel hale and hearty, sleep fine and am in better general health than I've been in years. I have told all my friends about Tanlac and take pleasure in recommending it to others."

Tanlac is sold in Portland by the Owl Drug Co.—Adv.
