

COX-ROOSEVELT CLUB RAPS CHAMBERLAIN

Senator Is Opposed Because of Anti-Wilson Talk.

CLAN BOLTS TO HAYES

Resolution Offered by Mrs. Josephine Othus Charges Effort to Get Republican Votes.

Because Senator Chamberlain attacked the Wilson administration, the Cox-Roosevelt club has adopted resolutions condemning the democratic candidate for United States senator.

The resolutions were offered Wednesday night by Mrs. Josephine Othus, president of the Housewives' league.

"Resolved, That the members of the Cox-Roosevelt club deplore and condemn the cheap and insincere method of Senator Chamberlain in trying to procure republican votes by his unwarranted and untruthful trade on the Wilson administration, and that clippings hereof showing extracts from his statements and speeches reflecting on the Wilson administration be sent by the secretary of the Cox-Roosevelt club to the democratic national committee."

The Cox-Roosevelt club is a democratic organization which is voting the presidential ticket but is bolting the party candidate for senator. The Cox-Roosevelt club is supporting Thomas A. Hayes, independent candidate.

Dr. Esther Pohl-Lovejoy, candidate for congress, and Dr. W. T. McEivven, pastor of the First Congregational church, will be the speakers at a mass meeting of labor unions, Portland and vicinity, under auspices of the Oregon Popular Government league.

In the main hall of Central library at 8 o'clock tonight, Dr. Lovejoy will tell her platform principles and Dr. McEivven will dwell fully upon the record of Representative McArthur relative to his attitude on prohibition and economics. The general public is invited.

A republican women's Lovejoy club, with Mrs. G. L. Buland as president, was organized yesterday. Mrs. Buland states that branch clubs will soon be organized throughout the city and county, with the object in view of electing Dr. Lovejoy to congress.

Women are favoring Harding to Cox by three to one throughout the United States, judging from the returns received yesterday in the drug store straw vote. The vote in the Owl drug store yesterday was 1277 for Harding and 326 for Cox. The men voted 814 for Harding and 638 for Cox, while the women voted 358 for Harding and 198 for Cox.

TAX RATIO IS OPPOSED

GRAY'S HARBOR ASSESSOR THREATENS CONTEST. Proceedings to Restrain Collection on Basis Set by Equalization Board Are Promised.

OLYMPIA, Wash., Oct. 7.—(Special.)—Legal proceedings to restrain collection of state taxes in Grays Harbor county upon the basis fixed by the state board of equalization will be instituted by R. A. Wiley, county assessor, according to a statement by R. B. Wilson, deputy assessor, who was here today to examine records in the office of the state tax commissioner.

W. H. Abel has been employed to assist prosecuting attorney Stewart of Grays Harbor county in resisting collection of the taxes. The Grays Harbor county assessor opposed the ratio as found by the

state board and today asserted that while the total amount of state taxes to be collected under the 1920 assessment amounts to \$17,526,799, or an increase of 49 per cent over 1919, Grays Harbor county will be compelled to raise \$661,642, or an increase of 77 per cent over 1919.

The total value of Grays Harbor county as equalized by the state board for 1920 is \$45,454,246, as against \$34,084,752 for 1919. The county ratio for 1920 for Grays Harbor county was fixed at 43 by the state equalization board, as against a ratio of 40 in 1919.

HELP FOR BLIND ASKED

FIELD WORKER DECLARED NEED OF SCHOOL. Superintendent of Salem Institution Writes Governor Asking Work Be Broadened.

SALEM, Or., Oct. 7.—(Special.)—Employment of a field worker in connection with operation of the state school for blind in Salem and the institution to be established in Portland for training of these people under a tax levy approved by the voters of Oregon at the special election held last May, will go a long way toward solving the problem of making the sightless at least self-supporting, according to a letter prepared by J. W. Howard, superintendent of the blind school, and submitted to Governor Olcott today. Mr. Howard wrote the letter in response to a communication from the executive asking

information regarding industries best suited for training the blind. It is understood that the letter will be used by the governor in framing his message to the legislature at its next session.

Duties of the field worker, according to Mr. Howard, should be to confer with managers and foremen of factories and make arrangements for placing of blind employees therein; look up children of normal mentality who have insufficient vision to attend public schools, and have them placed in the blind school, and visit aged and helpless blind people and put them in touch with the Braille system of reading and the free libraries for the blind. Also, if possible, aid them in learning to do work at home such as chair caning, or weaving, that they may be partially self-supporting.

Sailor Enlists for Another "Hitch" and Forfeits \$50.

Veteran Sailed Who Made Wager Six Years Ago Finds Shipments Waiting at Recruiting Station to Collect.

BERDEEN, Wash., Oct. 7.—(Special.)—Meeting an old shipmate who signed him into naval service for the second time cost Tom Dorsey \$50 yesterday at the local recruiting station and netted Chief Water Tender Swinburne the \$50, besides adding another mark to his recruiting record. Dorsey and Swinburne six years ago were shipmates on the U. S. S. New Orleans, which was then stationed in Chinese water. The two pulled opposite strokes in the Yangtze river, in which boats of all nations represented there competed.

In the course of a liberty party following the race Swinburne, who was a continuous service man, wagered Dorsey, then completing his first "hitch," that at the end of six

years or sooner Dorsey would re-enlist. In the interim Dorsey hunted gold in Bolivia, shipped on tramp steamers and worked for a time in a Grays Harbor logging camp. The rains finally drove him from the camps and he sought a recruiting station, only to find Swinburne waiting for him as the officer in charge.
